Kappa Alpha Theta was escorted to the football game Saturday and to dinner by Phi Gamma Delta. They were entertained Sunday at dinner by Delta Chi.

Delta Gamma gave a tea for transfer students on Sunday. Sally Wentzler Hubler, former chaperon of Delta Gamma, is visiting them from Virginia.

Initiation was held by Alpha Chi Omega Saturday afternoon. The new initiates are Rosaline Mestritzat '37, Edna M. Bruno '38, and Carolyn Tyson '38.

Elizabeth K. Barton '35, Chi Omega, visited here this week-end from Duncannon where she has been teaching.

Catherine M. Gorman '35, social editor of the Lancaster *Intelligencer*, spent the week-end at Chi Omega fraternity.

Chi Omega initiated Myra M. Buck '36, Jean E. Kemp '37, Alice T. Allebach '38, Ruth Morris '38, Dorothy Haslem '37, and Jessie L. Schminky '38.

Dorothea Ruth '36, Gamma Phi Beta, has been appointed to the advisory committee of the National Youth Administration for Pennsylvania by Isaac C. Sutton, Philadelphia, who is the state director of this committee.

Chemists to Convene

The sixty-third meeting of the Central Pennsylvania Section of the American Chemical Society will be held in the chemistry amphitheatre next Tuesday, at 7:30 o'clock. The organization will be addressed by Dr. Roger Adams, president of the American Chemical Society, and head of the department of chemistry and professor of organic chemistry at the University of Illinois. The meeting will be preceded by a dinner in honor of Professor Adams in the Sandwich shop at 6 o'clock.

Leaf tobacco being sold to highest bidder

United States Treasury Building

From 1900 up to 1934 the leaf tobacco used for cigarettes increased from

13,084,037 lbs. to
326,093,357 lbs.;
an increase of 2392%

It takes mild ripe tobacco to make a good cigarette.

During the year ending June 30, 1900, the Government collected from cigarette taxes \$3,969,191

For the year ending June 30, 1934, the same taxes were \$350,299,442
an increase of 8725%
—a lot of money.

Cigarettes give a lot of pleasure to a lot of people.

More cigarettes are smoked today because more people know about them—they are better advertised. But the main reason for the increase is that they are made better—made of better tobaccos; then again the tobaccos are blended—a blend of Domestic and Turkish tobaccos. Chesterfield is made of mild, ripe tobaccos. Everything that science knows about is used in making it a milder and better-tasting cigarette. We believe you will enjoy them.
