

Quakers Humble Nittany Lion Defense To Submerge Confident Invaders, 33-to-6

40,000 Watch Kominic Score Only Goal On Long Pass.

Penn's Line Attack Shreds Forward Wall

By PHIL HEISLER

Met at every turn with a powerful Penn surprise attack, the Nittany Lion grid team suffered its most humiliating defeat of the season when the Quakers clicked for the first time this year to sink the Lions, 33-to-6.

More than 40,000 spectators watched the Blue and Red warriors crumple what was considered State's impregnable line, which yielded only once for a touchdown previously in the season.

The Quakers had a defense for every State attack and found a loophole in every Lion defense.

After the Lions tossed thirty passes in the Villanova game, not only did the fans expect to see a repetition of those tactics on Saturday, but Penn also expected it and concentrated on a defense against aerials. Their efforts were apparently successful.

A war of approval in anticipation would go up from the State cheering section as O'Hara or Weaver would drop back to throw a pass but in the same breath the cheer would invariably dwindle to a groan as a Quaker would break up the play or, more commonly, intercept the toss, giving Penn possession of the ball.

Before the spectators had gotten fully settled after the starting whistle was blown, the score-board men were already putting a seven after Penn. In six straight line bucks Bill Kurlich and Lew Elverson brought the ball from their own 38 to State's 33. On the next play Elverson plunged off-tackle and ran thirty-three yards to touchdown. Franny Murray kicked the extra point.

State's only score came in the second quarter, the result of a forward pass. Cherundolo got possession of the ball for the Lions when he intercepted Warwick's pass on the Penn 42. O'Hara completed a twenty-yard pass to Fry. Silvano, who was substituted for Cooper, gained another first down. The march culminated in a forward pass from O'Hara to Kominic who scored the touchdown. Silvano failed to kick the extra point.

Penn scored another touchdown in the third quarter when Kurlich scored after another attack on the State line. However, the fireworks were not released until the last quarter, when they scored three goals.

Franny Murray slied over for one count, Joe McCracken, a sub back, dove over center for another goal, and Murray's pass to Schuennom on the 2-yard line brought the other score. Penn's second team stopped two State rushes in the last five minutes of play.

It has been said that all the Penn plays went through where Schuyler should have been, but where he wasn't because of his injury. However, the Quakers can hardly be classified as playing favorites. They went through anywhere the line happened to be.

Captain Bob Weber succeeded time and again in getting into the Penn backfield, but only to find that the Quaker with the ball was over in State territory. Johnny Economos again gained the laurels as the best defensive player in the game. He made more tackles than anyone in the fray.

C. C. C. Camps Request Volunteer Educators

Requests for voluntary service in educational instruction at Pennsylvania Civilian Conservation Corp camps have been circulated among College faculty and administration members by the Extension Services.

This has been done in an effort to continue the program, started last year at the request of numerous C. C. C. educational advisors, to aid the camps in carrying out their educational programs. Since January, 1935, forty staff members have made approximately 120 trips to all parts of Pennsylvania, giving informal lectures and instruction.

In addition, several evening classes were conducted on the campus for C. C. C. enrollees. All of this instruction has been given gratis on the part of those serving, and in most cases faculty members have provided their own transportation.

Prof. Hugh G. Pyle, of the department of engineering extension, is constantly receiving requests from camps for aid in their educational programs, and lectures are being arranged for as many of these as is possible.

Tickets Now Available For Varsity Hall Dance

Tickets for the fifth annual Varsity Hall dance, to be held Friday night at Varsity Hall, are now on sale at the Student Union Office or from members of the Hall.

Bill Bottorf and his orchestra will play for the affair. Admission is seventy-five cents per couple, tax included. Refreshments will be served.

Penn State Club Plans Bingo Game

Newly-organized Little German Band Will Furnish Music; Students Invited.

Over twenty Thanksgiving dinners will be given as prizes at the Bingo game to be held under the sponsorship of the Penn State Club in the basement of Old Main Saturday night at 8:15 o'clock.

No charge will be made for anyone playing, but a ten cent admission fee must be paid for entrance. All College students, both men and co-eds, are invited to attend whether or not they are members of the Penn State Club. Only students, however, will be admitted.

The Little German Band, recently organized by the Club, will furnish music. The band is under the direction of James O. Beveridge '36.

Bingo cards have been lent to the Club by the Alpha Five company. Dinners are being donated by the following restaurants: Allencrest, Dairy Store, Fred's, Green Room, Little's Den, New College-Diner, State Diner, and Ward's.

The winners will be able to get their dinners before leaving for the Thanksgiving vacation. Co-eds may, if they prefer, receive a box of chocolates instead.

Women Athletes Here For Annual Convention

The Women's Athletic Association of the College will be host to the Western Pennsylvania Division of the Athletic Federation of College Women at its second annual convention on Friday and Saturday. Delegations composed of two students and the director of women's athletics from twenty colleges are expected to attend.

The conference will open with a session of the executive committee Friday morning, and close with a meeting of all the delegates on Saturday, when Miss Elizabeth Reardon of the University of Pittsburgh will be the speaker. Division officers will be elected Saturday.

Colleges which are members of the Western Pennsylvania Division are: Westminster College, Slippery Rock State Teachers College, Indiana State Teachers College, Grove City College, Geneva College, Allegheny College, Mercyhurst, Wilson College, University of Pittsburgh, Carnegie Institute of Technology, the Pennsylvania State College, Pennsylvania College for Women, Gettysburg College, Wayneburg College, Susquehanna University, Juniata College, Clarion State Teachers College, Edinboro State Teachers College, and California State Teachers College.

Frizzell Named Chaplain By President Hetzel

Prof. John H. Frizzell, of the division of public speech, who has been acting chaplain for the past ten years, was appointed College chaplain, according to an announcement by President Ralph D. Hetzel Saturday.

Professor Frizzell has been a member of the faculty here for almost twenty-five years. Graduated from Anshurst College in 1902, he received his master's degree here in 1921. He was formerly principal of the High School for Boys in Reading, and later superintendent and lecturer of the Swathmore Chautauque.

Pre-meds Entertained

The senior pre-medical students were entertained at a Rotary football luncheon held at the Bellevue-Stratford hotel on November 13, in Philadelphia. Dean W. A. Pearson, of the Hahnemann Medical College, extended the invitation.

Joseph P. Swift Named Chairman For Senior Ball

Date for Dance Not Set; Committee Of 14 Chosen.

Plan To Make Affair Important Function

Joseph P. Swift '36 was appointed chairman of Senior Ball, first major all-College dance, by J. Briggs Pruitt, senior class president, last week. Fourteen members were named by Pruitt to serve on the committee with Swift.

Those on the committee include Wilbert M. Alwine, Joseph F. Balis, Stanton M. Blacksmith, Herbert H. Bohren, James A. Carson, and Philip G. Evans. Others are Richard W. A. Flenniken, Ira N. Greaves, Harry Latorre, Richard A. Munro, L. Benjamin Palmer, and Herman A. Schmidt. The two co-eds on the committee are Virginia W. Lewis and A. Frances Turner.

Student Union To Set Date. While no date has been set for the dance as yet, it will be held sometime in February. Student Union will set the final date.

Plans are being made, according to Swift, to make Senior Ball a more important dance than it has been in previous years. The approval of Student Board and the Interclass Finance Committee will be necessary in order to get a larger appropriation for an orchestra.

Hetzel at Convention Of State Universities

President Ralph D. Hetzel, president of the National Association of State Universities, will preside at the fortieth annual meeting of the association in Washington this week. The sessions open tomorrow and close on Friday. President Hetzel will deliver the annual report Thursday morning.

The meeting of the National Association of State Universities will follow the annual convention of the Association of Land Grant Colleges and Universities. This convention also will be held in Washington, opening today for a two-day session.

Sigma Delta Chi Takes 3rd Place at Chicago

Penn State's chapter of Sigma Delta Chi, professional journalism fraternity, placed third among forty-five chapters in activities for the past year, according to a survey conducted at the annual convention, held at the University of Illinois, Urbana, Ill., Friday, Saturday, and Sunday.

The local chapter was also third in the placing of graduates. W. Bernard Frunsch '36, COLLEGIAN sports editor; Vance O. Packard '36, assistant editor; and William P. McDowell '36, news editor, attended the convention.

Cold Weather Forces Freshman To Abandon Hermit Life in Tent

Compared to his wall tent with its kerosene lamp and sturdy army cot, John Clendenin doesn't think much of the new room he's just moved into.

Last week the snow and colder weather became too much for Clendenin, who had made his camp at Wooddale, south of town. So he packed up his tent and moved into tent and warmer quarters.

"It's not so bad here," Clendenin, who is a freshman from Altoona, explained at his new residence. "But I liked my tent out in Wooddale better. I wasn't so cooped up."

Since the beginning of the semester Clendenin lived by himself in his small tent. He did all his own cooking on a small wood stove. He also did his own housekeeping. He dusted, swept the floor, and made the bed.

"Burning the midnight oil" was a common occurrence with this freshman. When he finished up with the supper dishes and it began to grow dark he'd light up his kerosene lamp. Then he'd get out the books and prepare for a night of study.

Senior Ball Chairman

JOSEPH P. SWIFT

Pruitt Names 3 '36 Committees

Chairmen, Members of Caps and Gowns, Invitations, Lion Suits Selected.

Appointment of chairmen and members of three senior committees, Caps and Gowns, Invitations, and Lion Suits, was announced Friday by J. Briggs Pruitt, senior class president. Albert C. Herbert and Milton D. Lieberman were named as co-chairmen of the Caps and Gowns committee. Richard H. Allen is the other member. They will be in charge of the supplying and distribution of caps and gowns at commencement.

Other Committees Named. As co-chairmen of the Invitations Pruitt selected Robert J. Dwanney and Alexander C. Morris. N. Randolph Cressman is the third member of this group. Invitations will be selected and ordered through this body. John J. Chelovsky was named as the chairman of the Lion Suits committee. The other members are Dan Clingman, This body will be in charge of the selecting and ordering of the Lion Suits worn each spring by the members of the graduating class.

Dr. Wheeler P. Davey At Physics Congress

Dr. Wheeler P. Davey, research professor of chemistry and physics, has returned from the first meeting of the National Advisory Council on Applied Physics, to which he was recently named. The meeting was held in Pittsburgh because Pennsylvania is the center of physical research applied to electrical, steel, aluminum, petroleum, coal, chemical, and other industries.

The National Advisory Council on Applied Physics is composed of 39 outstanding physicists appointed by Dr. Karl T. Compton, president of Massachusetts Institute of Technology, chairman of President Roosevelt's Science Advisory Board.

The council is sponsored by the American Institute of Physics for the purpose of closing the gap existing between pure physics and its application in scientific engineering.

Dr. Lininger Will Speak

Dr. Fred F. Lininger, of the department of agricultural economics, will speak at the annual meeting of the Interstate Milk Producers Association in Philadelphia tomorrow. His subject will be "Principles of Sound Cooperative Management."

60 Attend First Annual Dramatic Conference Here

'The Late Christopher Bean' Presented By Players.

Delegates To Conduct High School Contest

Representatives of sixty high schools throughout the state attended the first annual dramatics conference, sponsored by the division of dramatics here Saturday, and witnessed the presentation of "The Late Christopher Bean" by the Penn State Players in the evening.

All sessions, which were presided over by Prof. Arthur C. Cloetingh, head of the division of dramatics, were held in the Little Theatre, Old Main. Professor Cloetingh, assisted by C. K. Lucas Brightman '36, demonstrated make-up for juvenile, middle age, and old age groups.

Prof. Darrel D. Larson, of the department of dramatics at Franklin and Marshall College, lectured on stagecraft, emphasizing means and methods of improving high school stage productions. He also described building of sets and ways to make them of a permanent type.

Gives Lighting Talk. Frank S. Neusbaum, of the division of dramatics here, demonstrated and lectured on stage lighting, showing the equipment generally used for amateur dramatics, the effects of the use of such equipment, and its value to play production.

"The Late Christopher Bean," directed by Neusbaum, who was assisted by Nellie B. Gravatt '34, was presented as it is planned for road production. The cast included Thomas S. Francis '39, Frances J. Kessler '39, Jean Woodruff '37, Nellie B. Gravatt '34, Beulah F. Gerheim '39, David L. Swank '39, Richard H. Allen '36, Simon Horwitz '39, and C. K. Lucas Brightman '36. Z. Giles '37 and John O. Chambers '39 were understudies.

The technical staff was composed of Nellie B. Gravatt '34 as general production manager; Wilfred C. Washoe '38 as stage manager; Morris Wood '37 as electrician; John O. Chambers '39, property manager; and Lucille Giles '37, costume mistress.

To Hold Tourney. At a business meeting of the delegates to the conference, it was decided to conduct a high school dramatics tournament in the spring, possibly in March or April. The plays will be presented by high school casts, with the technical work being done by students here. No awards will be given, but honorable mention will be made for productions showing superior merit.

The opinion was expressed that the conferences of the type held here Saturday should be made annual affairs, and steps were taken to insure the continuance of the meetings in future years.

Engineering Congress Addressed by Sackett

Dean Robert L. Sackett, of the School of Engineering, was a speaker at the first annual meeting of the Allegheny Section Society for the Promotion of Engineering Education at the Carnegie Institute Friday and Saturday.

The Penn State School of Engineering was well represented at the conference, both in speakers and leaders of conference groups. Prof. A. P. Powell was chairman of the group on electrical engineering and physics, in which group Prof. E. B. Staveley was a speaker. Both men are from the electrical engineering department here.

Prof. C. E. Bullinger, head of the industrial engineering department here, was a speaker in the group on commercial and industrial engineering.

Forestry Fellowship Announced By Board

Applications are now being received by the Charles Lathrop Pack Forestry Education board for the seventh annual award of fellowships training leaders in forestry.

The purpose of the fellowships is to encourage men who have shown unusual intellectual and personal qualities to obtain training which will best equip them for practical work in forestry.

The awards range from \$500 to \$1,500. Appointments are normally for twelve months, but may be for longer or shorter periods of time, according to the nature of the work. The fellowships may also be renewed at the discretion of the committee.

State Cross-country Team Takes 6th Place at I.C.4A. Contest in New York City

Collegian Subscriptions Must Be Paid by Dec. 1

All Collegian subscriptions not paid in full before December 1 will be cancelled, William H. Skirble '36, business manager, announced today.

Anyone with a subscription for the first semester may have it continued for the entire year by paying \$1.00 at the Student Union Office before the Christmas vacation. After January 1 the rate will be raised to \$1.50, Skirble said.

Richards Makes Freshman Survey

Finds Grades During 1st Term Indicative of Marks Made Here Later.

The work done by a freshman here and the marks that he makes his first term are an excellent index of his scholarship during the rest of the time he spends in college, according to the findings of a recent study conducted by John B. Richards, assistant to Dean Charles W. Stoddard, of the School of Liberal Arts.

"A given student's record remains remarkably consistent throughout his course," Richards said. "The assumption that the first semester away from home is hardly indicative of a student's ultimate accomplishments because of new surroundings and strange conditions of work is apparently without foundation."

The study revealed that a freshman who just gets passing grades in his first term in college has only one chance in thirty-one of being graduated in the top half of his class, while the chances of students who make better averages are progressively better until that of the student who averages in the highest brackets is twenty to one.

A relation between the work done in high school and in college was also found by Mr. Richards. That the average grade of freshmen here varies directly with their high school standings has been found by Registrar William S. Hoffman. For the class which entered here in 1933, the present juniors, the median freshman grades dropped successively with the lower rankings in high school.

Staff Members Talk Before Entomologists

Three members of the College staff engaged in insect research work, appeared on the program of the recent meeting of the Eastern States Branch of the American Society of Entomologists in Baltimore, Md.

Prof. Harlan N. Worthley, of the department of zoology and entomology, discussed "Coddling Moth Spraying Experiments in Pennsylvania in 1935," which he conducted. Prof. Charles A. Thomas, of the department of zoology and entomology, reported on the present status of the tomato pin worm in Pennsylvania, and Prof. Stewart W. Frost, also of the department of zoology and entomology, talked on "Soap Sprays and Oil Emulsions as Summer Sprays for Peaches."

Dr. Thomas Appointed To Governor's Court

Dr. Walter Thomas, of the department of agricultural and biological chemistry, has been appointed to the Court of Governors of the University College of Wales at Aberystwyth, Wales, for a ten-year period, according to an announcement received from that institution last week.

Dr. Thomas, who was graduated from the University College of Wales in 1905, has been engaged for the past twenty-five years in plant research here as well as making a study of the inter-relationship between plants and soils with a view of developing nutritional control.

Four papers he published on plant metabolism in 1927 attracted international attention and led to his receiving a doctorate the following year from the University College of Wales.

Nixon at Inauguration

Prof. E. L. Nixon, of the department of botany, attended the inauguration of the new president of Ohio State University at Athens, last Saturday.

Beachtold Leads His Michigan Staters To 3rd Victory.

Cornell, Pitt, N. Y. U., Manhattan Lead Lions

Special to the Collegian

Penn State's varsity and freshmen cross-country teams both finished sixth in the twenty-seventh annual I. C. 4-A. meet in Van Cortlandt park, New York City, yesterday. Michigan State captured the title for its third straight triumph when Captain Edward Beachtold led his teammates to victory in 26:23.3 minutes. Michigan State had five runners in the first eleven to cross the mark.

State's hopes of capturing the championship went glimmering when Manhattan, Cornell, Pitt, and N. Y. U., placed ahead of the Nittany Lion runners.

Gene Venzke, of Penn, trailed Beachtold by fifteen yards to place second in 26:28 minutes. Ken Waite, of Michigan State, was the second westerner to place, taking third place, close behind Venzke.

Freshmen Are 6th. State's varsity hurriers scored 217 points as compared to Michigan's State's 30. Manhattan was second with 96, Cornell, third with 150, Pitt, fourth with 190, N. Y. U., fifth, with 205. State just barely edged out Maine for sixth place by 3 points.

State also placed sixth in the freshman race which was won by Manhattan, closely followed by the plebes of Syracuse and Cornell.

As the Collegian went to press individual performances were unobtainable. State's hopes for a victory were built upon the fact that last week in the time trials three runners, paced by Captain Book and Pete Olexy, broke the local course record. Had State won it would have kept the trophy permanently, having already won the title three times.

The course this year was changed from 6 to 5 miles. State had hoped that in the shorter distance several of its runners would be more effective.

Stuart M. Mertz Wins Scarab Sketch Award

Stuart M. Mertz '37 was awarded the first prize of \$10.00 in the annual sketch competition sponsored by Scarab, architecture honorary. Sixty sketches in pencil, crayon, and water-color were entered in the contest.

Second prize, consisting of books awarded by Keeler's book store, went to M. Merton Bailey '37; and third prize, books awarded by the Athletic store, was won by Sinclair A. Adam '36. The following won honorable mention: Joseph F. Balis '36, J. Norris Barnard '36, Margaret E. Manning, George E. Bowman Jr. '38, and Mertz.

20 Seniors To Teach In Johnstown Schools

Twenty seniors enrolled in the curriculum of education left last week for Johnstown where they will spend the remaining nine weeks of the semester practicing teaching in the public schools of that place.

Seniors teaching there are: Charles E. Beckwith, Paul W. Bieri, Ruth K. Brant, Hilda R. Brauner, John A. Duffy, John J. Featro, Harry I. Gilbert, Frances G. Hamilton, Willard R. Hancock, David James, and Samuel A. King.

Others are: Pauline J. Mosca, James J. O'Hara, Ivan Parsons, Jane L. Pritts, John G. Renaldi, Thelma A. Rosini, Thomas J. Silvano, Ann C. Stenger, and William F. Sulliff.

Prof. Stevens To Lead P. S. C. A. Discussion

Professor S. R. Stevens, of the department of history and political science, will lead the discussion at the next Christian Association public forum in Room 315, Mineral Industries, Thursday night at 7:15 o'clock.

The topic for discussion will be "The Policy and Responsibilities of the United States in the Present European Crisis." The possibility of effective working neutrality legislation and the position of America in either maintaining or abandoning a policy of strict isolation will be one of the phases of the discussion.
