

Examination Schedule

Final examinations for the first semester will be held from Monday, January 27, to Saturday, February 1, inclusive. The designation SEE LIST indicates that the rooms for examinations will be announced or posted by the instructors or departments concerned.

Any student having two examinations scheduled at the same time or three examinations on the same day is required to report the fact in person at the office of the Registrar on the special form provided there. Seniors graduating at mid-year commencement who have examinations scheduled after Tuesday, January 28, should report that fact on the conflict card in order that they may be scheduled for an earlier regular conflict examination, if possible. Since grades for graduating seniors are due at the office of the Registrar by noon on Wednesday, January 29, it will be necessary for instructors to give special examinations for such students in certain courses after the conflict examinations are arranged. To receive adjustments, all conflicts must be reported not later than 5:00 p. m., Friday, January 17.

Notices of adjustment will be available at the office of the Registrar for those students who filed conflict cards and will be mailed to heads of departments on January 20. Appointment examinations should not be scheduled until after notices of conflict examinations are available. The dates of the appointment examinations will be announced by the instructors concerned. Examinations will be of two hours' duration, beginning at 8:00, 10:20, and 2:00 o'clock.
