Lion Basketball Team Defeats Rutgers 45-34

(Continued from Page One)

Parke Eshbach, battling for Joe O'Dowd, in the heavyweight berth, gave the customers a momentary thrill by taking Crotty, much-touted Syracuse heavy, to the mat in the opening minutes of the bout. After a while, however, Crotty broke from under and had things pretty much his own way for the remainder of the match.

Swimming

Victory in the 480-yard relay gave the varsity swimmers a victory over the freshman team, but the efforts of two stars of the highly-touted yearlings, Captain Charlie Welsh and Ken Bunk, were almost enough to defeat the regulars Saturday. The final score was 41-to-30.

Welsh captured the 50 and 100-yard sprint events while Bunk won the 220 and 440-yard free-style contests. Captain Geiger won the backstroke, Burleigh the breast, and Bayless the diving to score firsts for the varsity. The time of the relay was 5 minutes flat, breaking the pool record.

Fencing

Dropping their first two meets of the season, the Nittany Lion fencers broke last year's record of victories by dropping to Syracuse 9-to-8 Friday afternoon at Syracuse and falling before the Cornell bladesmen 14-to-3 Saturday at Ithaca.

Against Syracuse, the Lion foilmen succeeded in taking five matches to four for Orange swordsmen. Storrs and Bowen starred in foil, taking two out of their three matches. In epee, the Lions won two and lost two matches and in sabre, they lost three bouts and won one.

Repeating his fine performance at Syracuse, Ed Bowen took two out of his three foil matches against a fast Cornell squad. Carl Bordhün made the only other team point by taking one epee match.

Women in Sports

Mac Hall defeated Women's building by a 21-to-16 score when they played of their intramural game at the Armory, Thursday night. Too bad that Women's Building boasting such players as Flossie Taylor and Ruth Linde (center) couldn't score a few more points. Well, the best man usually wins.

Gamma Phi Beta forfeited the intramural basketball game they had scheduled with Delta Gamma Thursday night. Although Delta Gamma usually enters one of the best teams this fact did not frighten the Gamma Phi's away. It was the cruelty of fate travelling incognito as sickness that compelled several of the Gamma Phi girls to go to the infirmary so they could not participate. Better luck next time.

Too, too bad with the number of women that there are living in Grange that they could not score up enough girls to have a team for their basketball game scheduled with Kappa Kappa Gamma.

Pottsville Team Wins Court Tourney Finals

Winning by a score of 28-to-15 over Hazleton on Saturday morning at Recreation hall, Pottsville clinched the championship of the College's undergraduate center basketball tournament. Filler with five field goals, and Sullivan with four, starred for the winners, and Gurzenda, Pottsville forward, scored ten of his team's fifteen points.

In Friday afternoon's game, although DuBois led Hazleton until the fourth quarter, Hazleton forged ahead to eliminate their rivals by a 20-to-18 score. Pottsville easily defeated Uniontown by a 39-to-13 score. The winners of these two battles were paired for the final contest.

In days of old,
When knights were bold,
All dances were a flop.
So Tony Spagoni
Took his pony,
And beat it to Soph Hop.

Luckies
a light smoke
OF RICH, RIPE-BODIED TOBACCO—"IT'S TOASTED"

Luckies are less acid

Excess of Acidity of Other Popular Brands Over Lucky Strike Cigarettes

STANDARDIZED UNIFORMITY

The simple mechanical details of cigarette manufacture are of surprising importance. Upon them depend the physical properties of the cigarette, such as weight, size, firmness, moisture-holding properties, uniformity of fill—uniformity of product—all of which have a far-reaching effect on the character of its combustion and the constituents of its smoke.

In the manufacture of Lucky Strike Cigarettes all of these properties have been standardized with care for the perfection of A LIGHT SMOKE.

LUCKIES ARE LESS ACID!
Recent chemical tests show* that other popular brands have an excess of acidity over Lucky Strike of from 53% to 100%.

*RESULTS VERIFIED BY INDEPENDENT CHEMICAL LABORATORIES AND RESEARCH GROUPS
