

# Tennis Match, Lacrosse Game Will Feature 3 Week-end Sports Events

## Lacrosse Team Meets Red Stickmen From Cornell; Netmen To Play Bisons

Freshman Baseball Team to Oppose Kiski Prep At 2 O'clock in 3rd Game of Season; Tennis Matches at 2 O'Clock.

Four home sport events are listed on the schedule for this week-end. The lacrosse team will meet the Big Red of Cornell on New Beaver Field at 2:30 o'clock. The tennis team will play Bucknell on Saturday and the freshman against Dickinson, the second against Bucknell on Saturday; and the freshman nine will cross bats with Kiski at New Beaver Field at 2:00 o'clock.

### Lacrosse

The Lion lacrosse team regards Cornell as an unknown opponent. The Big Red has a reputation of pulling upsets against strong teams, but so far this season they have lost to Hobart and Princeton. Saturday's game will start at 2:30 o'clock on New Beaver Field.

The squad is hoping to hang up a victory to keep the home season's winning streak of the past two years intact. The lineup will remain the same as in the last two games with Gerber, Robeson, Rumbaugh, Hasek, Himoff, Conley, Eisenman, Proksa, Kilfoil, and Hofst starting.

During practice this week, Thiel stressed being on side, remaining stationary when the whistle is blown, and more cautious stickwork. Last Saturday State had nine minutes in the penalty box for unnecessary roughness and Nick believes that against strong teams so much time will be costly.

The State-Cornell encounters of the past have been hard-fought matches. Last year the Lions had the long

## Between The Lions

By BOB GRUBB  
Record Crop

The determination of four of Coach Chick Werner's freshman trackmen to make their first trip must have been the reason. At least, it was enough to bring out four new records in the time trials for the Pitt meet last Tuesday night.

One, half-mile, pole vaulting and hammer throwing records of several years' standing fell in rapid succession. Donning track shoes for the first time, Buzz Hazzard set a new freshman record of 4 minutes, 31.2 seconds in the mile, while Bert Aikman did the half-mile in 1 minute, 59.4 seconds, clipping almost 2 seconds off the old mark.

Bob Clark eclipsed the former pole vaulting record by 8 inches, jumping 11 feet 10 inches. Previously, the freshman mark had been 11 feet 2 inches, set by Phil Dibert in 1934. Incidentally, Clark did 12 feet 4 inches the other night in practice to tie the college mark set by Runyan in 1918.

The name of Miller seems to be synonymous with hammer throwing feats, for Freshman Miller set a new mark of 118 feet, breaking the former record by 3 feet. The elder Miller, Captain Bill, throws 150 feet.

### Lionizing

The call of the Eleventh Olympiad evidently holds out little for the Lion boxers. Although mitmen, Criswell, Goodman, Sammy Donato and Richter are eligible to compete in the Chicago tryouts this week, they have passed up the opportunity, one because of parental objection, the others because the trip would take them away from their studies for too long a period.

In addition to fighting yesterday, today and tomorrow, the contestants are required to engage in final competition at Chicago May 20, which would necessitate boxers from the east making another trip. And so, the four Lions will be content with their Eastern Intercollegiate crowns.

This big time competition is certainly doing things to several of the varsity golfers' weights. Bob Seigler lost eight pounds during last week-end's matches, while Johnny Bennett sweated away ten pounds. Congrats to Baseball Coach Joe Bedenk. It's a girl. The varsity stickmen are entering their third season in which they have been undefeated on the home field.

## Lion Teams Leave Today; Trackmen Will Meet Pitt As Nine Faces W.C., Penn

Baseball Nine will Face West Chester Today, Penn Tomorrow; Golfers at Ithaca For Pitt, Cornell Matches.

Three varsity teams and a freshman outfit will leave today for week-end sports away from home. The baseball team meets West Chester Teachers this afternoon and Penn tomorrow. Both varsity and freshman track squads will compete in their most important dual meet of the season when they face Pitt tomorrow, while Penn State's golf team will close its first year in the Eastern Intercollegiate Golf Association, meeting Cornell and Pitt at Ithaca tomorrow.

### Track

"If all our men come through with the performances they're capable of, and two or three do even better than they've done, we have a chance to win." Thus "Chick" Werner rates both his varsity and freshman team's chances in the meet tomorrow.

The Panthers have some nationally-known stars in several events. Art Thomas, IC-4A indoor champion, will run the sprints. Gene Tanno, throws the javelin over 200 feet. Pete Bennett, set a new university record of 6 feet 4 1/2 inches in the high jump against Notre Dame last week. Pessinger throws the discus over 137 feet. Andy Lasky comes close to 15 seconds for the high hurdles and gets well under 25 for the 220 lows.

The varsity men who will make the trip are John, in the sprints; Downey, Baird, Stiteler, and Markowitz in the middle distances; Book, Olexy, and Wear in the mile and two-mile; Bauer, Thompson, and Osterlund in the hurdles; Redmond and Smith in the high jump; Ozhaski in the pole vault; and Johnson, Howard, Murphy, Brown, Cornman, Priolo, Miller, Feldman, Himes and Koon in the field events.

The freshman squad will consist of Fritz, Cioen, McKillips, Carpenter, Aikman, Greist, Hazzard, Henderson, Pierce, Joachim, Frazier, Sanham, Yusha, Poticher, Grimm, Hanley, Miller, Patrick, Prosser, Clark and Johnson.

### Baseball

A slightly changed line-up will attempt to protect the record of five victories in eight starts against West Chester today and Penn tomorrow. Rabbit Wear, who showed well against Villanova, will break into the batting order at second base. Johnny Waters returns to his third base position. The rest of the team's the same, with Mel Vonarx at first; Red O'Hara at short stop, Mike Kornick at the catcher post, and Captain Pero Miller, Joe Bielicki, and Sol Miehoff in the outfield.

Mound choices for the games are not definite. John Boho may get the call against West Chester, with Simoncelli another possible selection. Frank Smith will take the slab against Penn.

The Lions will help Glenn Killinger, former Penn State baseball star and big leaguer, open a new playing field today at West Chester. Killinger's Teachers have won all their games this year, defeating Washington College twice, 6 to 5 and 20 to 7, and turning back Pennsylvania Military College, 8 to 3. Their undefeated record can be attributed to Sherwood "Lefty" Barnes, veteran pitcher who worked every game.

Tomorrow's game with Penn marks the eighteenth battle between the two rivals whose diamond enmity started in 1894. State won only three of these games, with the Quakers taking seventeen. Penn has played eleven games this season, winning five and losing six. Villanova stopped them 7 to 1, and since then Penn defeated Cornell twice, Yale, Drexel, and Dartmouth.

### Golf

Swinging into the last week-end of 1936 competition, the varsity golf team left this morning for Ithaca, N. Y. to meet Cornell and Pitt tomorrow morning and afternoon.

The combination of Burkett, Siegler, Bennet, Stevenson, Coletti, and Albers will again be used, Coach Rutherford indicated, although the order that the men will play is subject to last-minute change.

The only machine of its kind

500 camshafts can be inspected every hour by an automatic machine which has been designed and built by the Ford Motor Company. It is the only one of its kind. It has a gaging accuracy of one ten-thousandth of an inch.

It gages Ford camshafts at 25 points. Any dimension not within the specified limits causes electrical and mechanical devices to reject the camshaft as it leaves the machine.

There are ten inspection stations. The camshafts are placed in registered position in carriers mounted on an endless linked conveyor and carried into the machine. At each station the conveyor stops momentarily. Automatic centers engage the ends of the camshafts and hold them rigidly. Then 25 floating gage heads lower automatically, measure the shafts, then rise. As the conveyor moves the shafts to the next station, other mechanism rotates and indexes them for the next set of gage heads.

The gage heads contain hard-alloy-tipped measuring plungers which are linked to amplifying levers. Variations in shaft sizes, beyond set limits, close a set of contact points which operate two solenoids. One sets the rejection mechanism; the other raises a marking plunger which puts a daub of copper sulphate solution on the shaft where the dimension is over or under size.

When shafts come out of machine they are automatically passed or rejected. All told, there are 54 inspections on every Ford V-8 camshaft.
