## 3 Publications, A.S.U. To Sponsor Political Forum in Auditorium

Members of Democratic, Republican, Socialist, Communist Parties To Give Talks  
Here On Thursday at 8:30

"What Our Party Offers Youth" will be the subject of a forum discussion to be participated in by official representatives of the legally constituted major political parties of the State in Schwab auditorium Thursday night, October 22, at 8:30 o'clock.

Under the sponsorship of the publications of the College, the COLLEGIAN, Bell, and Froth, and the Penn State Chapter of the American Student Union, representatives of the Communist, Democrat, Republican, and Socialist parties will present their party's attitude towards youth.

Each representative will speak for a limited time and after the four speeches have been presented the meeting will be thrown open for questions from the audience. Acceptances have been received from the parties and delegates will be sent to the College.

Meeting Open to All

In so far as possible the speeches will be limited to party policies and personalities will be eliminated from consideration during the discussions. The meeting will be open to all students, faculty members, and townspeople. There will be no admission charge.

The forum speakers are being limited to the major political parties of the State so that each speaker may have sufficient time to clarify his party's position.

The Union party is not officially constituted in this state and for this reason will have no speaker included in the forum.

## Outdoor Fanciers Will Meet Today

Program for Activity in Local Mountains Planned For Students, Faculty

A meeting of all those interested in hiking, mountain climbing, and general outdoor activities throughout the entire year, will be held today in room 301, Recreation hall, at 5 o'clock as the first step in a new general recreational program for both students and faculty.

For the first time in many years, the opportunity to use the natural resources surrounding the College for hiking and other advantages will be presented to those interested. The group meeting will be conducted by Ray Conger, instructor in the School of Physical Education and Athletics, and Max Derum, instructor of Forestry. They will be assisted by Ben Harriman, a graduate student.

In a preliminary discussion of those organizing the movement after a continued demand from students, the active participation in outdoor sports by the New England colleges, particularly those in New Hampshire and Maine, was pointed out. Results of the work of foresters, the ski team, and other hiking groups have proved the fact that the mountains surrounding State College have all the needed facilities for the sports.

## PSCA Establishes Fine Record In Fostering Student Activities

The oldest campus organization at the College and one of the most active is the Penn State Christian Association. Organized in 1875, it was called the Christian Association. In 1931 the present name was established. The organization here is linked directly with the National Movement.

One of the chief functions of the P. S. C. A. is aiding new students. During Freshman Week some of its duties are sponsoring campus tours, holding the welcoming mass meeting, and appointing student counselors. The organization also sponsors the dinner for fraternity pledges, prints and distributes the Student Handbook, and conducts fireside sessions.

The P. S. C. A. also has organized the Freshman Discussion Groups, Freshman Commission, Freshman Forum, and the Mont Alto Club. The organization maintains an employment bureau for students as well as a penitentiary committee which

Progress in the production of the houseparty Thespian show, "Steer Clear," jumped ahead today with the final selection of the two girl choruses. Concentrated rehearsal will begin next week and will continue until the week before the show when "things will really get tough," "Sock" Kennedy, director, said.

The tap chorus will include Maude Appleton '40, Violet Bailoni '39, Lois Bently '40, Dorothy Bollinger '38, Betty Criswell '40, Edith Folger '38, Edith Friedburg '40, Barbara Frizell '40, Tessie Gottlieb '40, Betty Henry '37, Phyllis Herzog '40, Beatrice Love '40, Lucy Pascoe '40, Mildred Robbins '38, Agnes Ross '40, and Hazel Wood '37.

Numerous places in the cast are still open. "Steer Clear" is an original composition of J. Lloyd Larkins '37 and John E. Thompson '37. It relates the yacht club experiences of some "razzle dazzle" Dartmouth College boys.

## Gridders Leave For Lehigh Tilt

Two Engineers That State Will Have to Watch

CAPTAIN JOSEPH WALTON

VINCENT PAZZETTI

Walton as captain and left end of the heavy Lehigh Engineers will be something potent that State will have to deal with in the game at Bethlehem tomorrow. A student as well as a great end, Walton follows in the footsteps of the great Howell Seobe, last year's captain. Pazzetti is expected to call signals for his team tomorrow in their effort to wrest a game from the Lions, a feat that has not been accomplished since 1917.

## Physics Meeting Will Open Today

Pa. Teachers Invited to Second  
Annual Fall Conference;  
Dusham To Speak

The second annual fall meeting of the Pennsylvania Conference of College Physics Teachers will officially open today at 1:30 o'clock when Prof. William R. Ham, head of the department of physics, welcomes the visiting members to this campus.

All college physics teachers of the State have been invited, and have been asked to bring along their wives and best students. A program has been planned by David C. Duncan and Wheeler P. Davey, chairmen of committees on arrangements, which will contain a number of papers from well-known physicists and industrial men. At least 150 guests are expected.

"Why Teach Physics?"  
The meetings of the conference are attempts to answer the question of "why teach physics?" In answering, the conference assumes that they are manufacturers turning out a product for sale. They have three prospective markets for their product: industrial work, teaching, and training for life. This meeting is devoted to a study of the first of these markets.

In keeping with the general theme of the conference, the principle speaker will be Dr. Saul Dusham, assistant director, Research Laboratory, General Electric Company, Schenectady, N. Y. He will speak at 8 o'clock tonight on "Educating Physicists for Industry."

## Departure of Injury Ridden Squad Set For 9 O'clock

Smith, Kyle May Start  
For Lions Tomorrow

By CHARLES M. WHEELER, JR.  
Riding on the crest of an expected rebound but handicapped by a startling number of injuries, Penn State's Nittany Lion football team will leave the Corner at 9 o'clock this morning bound for Bethlehem and the Lehigh Engineers.

Arriving in Allentown sometime this afternoon, the gridgers will pitch camp, waiting until game time to invade the territory of the enemy, some 12 miles away. Twenty-nine players, many still doubtful participants in tomorrow's contest, are expected to make the trip.

Coach Bob Higgins' tentative line-up will assume somewhat the same aspect as the one against Villanova, the newcomers being Smith at end and Kyle at left halfback. Paired with Smith will be Alex Barantovich, while the tackles are to be Dan DeMarino and Roy Schuyler. Luther Barth and Tor Torretti will be at the guards, and Captain Chuck Cherrudolo will assume his post at center. Harry Harrison will call the plays, and Tommy Silvano and Sammy Donato will work with Kyle in the backfield.

Injuries Harass Team  
Injuries have laid low Joe Adessa, Windy Wear, Red O'Hara, Al Lang, Othmar Wuenschel, John Patrick, John Economos, and Bob Morini. Of these, Wear, O'Hara, Lang, and Morini may possibly be able to play a portion of the game.

What was left of the squad at the beginning of the week took things easy in preparation for the Engineers, working into a strenuous workout Wednesday against Lehigh plays.

In facing the Engineers, the Lions will have an undefeated team on their hands. Lehigh has bowled over Case, Dickinson, and Johns Hopkins on successive week-ends, and a contest that hitherto had been regarded as State's one "breather" assumes a much more important aspect. The Engineers have not beaten the Lions since '17 and could not pick a more opportune time to put on "their game of the year" than against a team that will be weak in reserve strength because of injuries.

Lehigh Uses Shift  
The Lions will again have to face a team that uses a shift, although the offense will be somewhat different from the one they had to cope with last Saturday. And State will have trouble in the kicking department. Harrison will have to take care of the booting as well as the passing and, all in all, should have a very busy afternoon.

Leading the opposition will be an outstanding end from Pittsburgh, Joseph Walton. A husky boy, he will head a perennial heavy Lehigh team coached by Glen Harneson who took over the job of building up the Engineers in 1934.

Possible starting array of Lehigh will be Walton and Hoppeck, ends; Rozell and Sterngold, tackles; Bayer and McNally, guards; Frey, center; Pazzetti, quarter; Milbank and Heller, halves; and Pennauchi, fullback. Starting with this game, Coach Bob Higgins hopes to establish a winning streak that was so rudely jarred at its very inception by the Villanova Wildcats. If the Lions can get through tomorrow's battle with a creditable showing, their injured members should be in shape to go against

## Student Democratic Rally Tonight at 7:30

Student Democrats of the College will have the opportunity of hearing two prominent young Democratic speakers at the rally planned for tonight in the I. O. O. F. hall, East College avenue, at 7:30 o'clock.

The Honorable Barry Mahoney, president of the Wyoming Young Democrats and an outstanding young western orator, will deliver the principal address. Miss Nancy Crowell, a well-known New Hampshire speaker, may also stop at the rally to participate in the affair.

Franklin W. Ruth, Jr., chairman of the student organization, urges all students with Democratic views to attend the meeting. A petition for absentee voting will also be discussed.

## Alpha Nu To Conduct Free Astronomy Class

Dr. Henry L. Yongley, of the department of physics, announced today that the Alpha Nu, honorary astronomy fraternity, will meet this year on Wednesday evenings at 7:30 o'clock. The meetings will take place in the Textile Chemistry building.

The fraternity will conduct a course on general astronomy this semester which will be open to all. There is no credit for the course nor is there a fee. Every third week a special speaker, probably an outsider, will give a short address.
