

More Than 320 Enroll With Graduate School

Approximately 320 students have been enrolled in the graduate school, Dean Frank D. Kern said today. Applications are still coming in and the total enrollment is expected to be about 330.

This figure of 320 compares with 301 in 1935, 276 in 1934, and 315 in 1933. Reasons for the increase is the fact that students want to leave with a master's degree is another explanation.

Lion's Officers Named

A meeting of the Lion's Club, a non-fraternity organization, was held Monday night to choose officers. Those who were elected are William W. Bradshaw, president; Daniel F. Joella, vice president; Lee W. Redifer, treasurer; and Charles Schank, secretary.

Football Team Leaves for Lehigh at 9 O'clock From Corner; Injuries Harass Lion Players

(Continued from page one)

Cornell a week hence at Ithaca.

Lions making the trip include Barantovich, Smith, Krupa, Waugaman, Morini, ends; Hanley, DeMarino, Schuyler, Conman, Vonarx, tackles; Barth, Peel, Toretti, Wible, Zochowski, guards; Cherundolo, center; Enders, Harrison, Denise, Donato, Giannantonio, Yett, Kyle, Silvano, Lang, O'Hara Wear, and Metro, backs.

Windy Wear played Saturday's game with a neck injury that turned out afterwards to be serious enough to have injured part put in a cast this week. . . John Economos is in Pittsburgh trying to get his injured side fixed up. . . Adessa hurt his shoulder on the first play against Villanova. His hurt is similar to Lang's, both being shoulder separations. . . Red O'Hara's arm infection is healing nicely, and he may see some action tomorrow. . . as will Windy if his neck permits. . . Bob Morini has two black eyes and a leg bump to add to his hip trouble. . . Patrick's injured leg was just about back in shape when he had the other one kicked this week in practice. . . all of which makes Bob Higgins feel that he should hobble around on crutches to be at ease with his cohorts. . .

State has won 10 and tied one in her sixteen contests with the Engineers. The last Lehigh victory being a 9-to-0 one in 1917, and in 1920, the year State beat Penn, Nebraska, and Dartmouth, the Brown and White tied her 7-to-7. . . State has not been scored on in the four games since 1921. . .

Last year's score was 26-to-0. . . May-be Art Yett will duplicate Andrews' feat of that game, after waiting three years for his break. . .

Bill Cooper, of last year's backfield, is playing pro ball for the Cleveland Americans. . . Leo Houck has a son who plays for Lancaster Catholic high. He scored a touchdown in the season's opener, too. . . the kid has West Point as his goal for the future, but barring that, he would like to come here. . .

Incidentally, our rare sense of humor likes to imagine the contortions at the Lion training table this week as the boys strive to grab their victuals with what is left whole after the injuries take their toll. . .

Rangers at Mont Alto

All freshman foresters who are taking the forest ranger course will again study at Mont Alto during their first year of college. Last year the rangers were forced to live at State College because of the overcrowding at the Mont Alto division. This year, however, the number of foresters has been cut from 150 to 105 so that it will again be possible to quarter the rangers with the other first year foresters.

Bacteriologists Meet Here for Convention

The central Pennsylvania branch of the Society of American Bacteriologists held its convention here last week, at which time several important papers were presented. Dr. Michael A. Farrell, instructor

in bacteriology, presented a paper on the topic, "Methods for Testing Water Supplies." Dr. Henry F. Hunt, of Geisinger Memorial hospital, Danville, presented a paper, "Presence of Native Agglutinins for Brucella Abortus in the Blood of Human Beings," which told of a new method for treatment of Brucellosis. This method had been highly successful in all experiments. A demonstration of an unusual case of typhoid fever was given by Dr. Brumbaugh, of Mercy hospital, Altoona.

Dr. Farrell was elected secretary-treasurer to succeed Prof. Roger D. Reid, who is to leave Penn State November 1 to go to the University of Idaho.

Amateur Astronomy Given During Summer

During the summer session, eight students of Penn State took a course under Dr. Henry L. Yeagley in amateur astronomy work. These persons are now spending part of their spare time in building small telescopes of their own.

Technical equipment, necessary for a telescope, was secured for the students at a total cost of \$35. If they had bought the same material in a store the price would have been well over \$100. Lessons in grinding lenses and polishing mirrors were stressed by Dr. Yeagley.

Lucky for You
—It's a Light Smoke!

—whether or not you inhale!

The joy you'll find in a light smoke doesn't depend one bit upon the kind of smoker you are . . . how often you smoke or how many Luckies you smoke. The gentleness of a light smoke, and the blissful throat-ease offered by that exclusive Lucky Strike process known as "It's Toasted"—they are simply bound to please you. And so will the taste of Luckies, for they are made from the highest-priced leaves of the whole tobacco plant—the tender center leaves. A light smoke of fragrant richness. A light smoke kind to your throat.

"SWEEPSTAKES" FLASH!
Picks Winners—Husband Forgets to Mail Entry

Mrs. Joe D. Pridden, Jr., of Durham, North Carolina, was a very happy person when she heard that the song she picked were winners in Your Lucky Strike "Sweepstakes." But as she writes: "Now I'm plenty mad at my husband, who forgot to mail my winning entry. He's not very popular at home right now."

Have you entered yet? Have you won your delicious Lucky Strikes? Tune in "Your Hit Parade"—Wednesday and Saturday evenings. Listen, judge, and compare the tunes—then try Your Lucky Strike "Sweepstakes."

And if you're not already smoking Luckies, buy a pack today and try them, too. Maybe you've been missing something. You'll appreciate the advantages of Luckies—A Light Smoke of rich, ripe-bodied tobacco.

TAKE A HINT FROM THOSE WHO INHALE

To true smoke lovers—those who inhale regularly—the gentleness of a light smoke holds a special attraction. But even though you are just an occasional smoker, you will find welcome throat protection in a light smoke. . . A Lucky!

Luckies—a light smoke
