Grid Lines

The freshman season comes to a close... two wins and three losses... but those losses were close and against teams of the strong calibre of Pitt, Kiski, and Bucknell... we pass on the many compliments made by officials and members of the squad as to the fine managership of George Hacker... during the season the frosh showed plenty of fight, even when they lacked form... at the beginning of the season Marty McAndrews divided the boys into shifts to permit all to be tried because of the lack of equipment for the hundred some who reported... and praise to Dick Ewalt who showed plenty of promise with the other 10 who helped pave his way...

Booter's Blank Temple For 5th Win, 5-to-0

(Continued from page three)

man two years ago... for the most part, it looked as if he was still playing for Penn State... but the Owls' other fullback, Ed Zeerner, was a mighty player and a probable choice for all-American ratings...

The Owl center forward was a Mr. Yun, from Japan... he was too small to even get a feel of the ball... his teammates called him Yum-Yum... For a morning game, the crowd was rather big... and it was further swelled by five or six dogs... which, on two occasions, halted the game by getting on the field...

The Temple goalie was outstanding... he stopped at least ten Nittany shots... The refereeing was perfect... Osterlund, McEwan, and Miehoff are absolutely outstanding when it comes to dribbling the ball... The Temple defense just watched McEwan instead of rushing him... respect...

Dave Weddell returned to the team and played about half the game... although a little unsteady, he played mightily well and will be a definite asset to the defense... Sam Davies, a sophomore, played several minutes at halfback and looked good, too...

Jim McKenna, Temple booter who, with the Owl goalie played with the baseball team against the Lions, is an old-timer...

Just plain old Common Sense

You know that a cigarette can be mild; that is, when you smoke it it's not harsh or irritating.

You know that a cigarette can have a pleasing taste and aroma.

When you smoke a cigarette and find that it has the right combination of mildness, good taste, and aroma, it just seems to satisfy you... gives you what you want.

I smoke Chesterfield all the time, and they give me no end of pleasure.
