Accompanying the two debaters will be Prof. Joseph F. O'Brien, coach of men's debating, Ralph N. DeCamp '37, Robert A. Gans '37, Metro C. Kost '38, Fred S. Carlson, jr., '39, and Dennis A. Weaver '39.

R. D. Hetzel, Jr., Gives Photos for Spain Aid

Ten enlarged photographs of scenes in Majorca and Barcelona, Spain, taken last summer by Ralph D. Hetzel, Jr., '33 have been contributed by him to the State College Spanish Relief Committee, to be sold for the benefit of the civilian population now under fire.

The prints are handsomely mounted and inscribed as mementoes of the local humanitarian drive. They will be on display in Keeler's Bookstore until they have been sold. Mr. Hetzel's photographs have recently been accepted by Black Star, one of the leading photographic agencies, for use in such magazines as *Life*, *Travel*, and *Yachting* and other magazine clients of the agency.

Courtmen To Meet Lafayette Tomorrow

The Lions played a good game on the defense. The team is not very strong in substitutes and it is this that enabled the Quakers to come from behind and win.

Lawther's five held a 15-to-12 edge at the half and remained in the lead until 10 minutes before the final whistle, when Mischo and Hanger produced the points to tie the score at 27-to-27. Six minutes from the end Reichenbach deadlocked the score at 31-all, after which Penn overpowered the Lion and won their fifth straight victory, 41-to-33.

The Susquehanna game line-up:

Mild Weather Hinders Ski Team Activities

The activities of the Penn State Ski Club have been considerably hampered by the prevailing mild weather and lack of snow. Meets in which they were entered were cancelled and practice has been confined to theory.

Invitations have been tendered Cornell, Syracuse, Bucknell, Dartmouth, Yale, and Princeton to take part in the Penn State Collegiate Invitation meet on the Bald Top Mountain course to be held January 15 and 16, providing sufficient snow cover is present.

The formal opening of the James R. Garfield Ski Trail will take place in the near future. The ski trail was constructed through the efforts of forestry students. It is 4750 feet long, 15 to 60 feet wide, and has a vertical descent of 1060 feet which places it as the best downhill run immediately connected with this or any other college, including Dartmouth and Cornell.
