STATE COLLEGE, PA., FRIDAY, MARCH 19, 1937

PRICE FIVE CENTS

Phi Deltas Top IM Standings By 34 Points

8 Fraternities Exceed Century Mark in Fall Scoring

Sigma Nu Places 2nd In Bid for Sports Cup

Winner of the Bezek trophy for intramural athletics for the past two years, Phi Delta Theta fraternity was well on its way to a third title when the results of the fall sports competition found that fraternity in first place with 259 points.

The announcement of the fall standings for the Athletic Trophy (it will no longer be the Bezek cup) was made by William E. Smith '37, fall intramural manager. Leroy M. Sunday '37 is the chairman of the Intramural Board.

Runner-up for the fall season was Sigma Nu with 225 points, while Delta Upsilon was third, with 220 points. Other fraternities garnering over a hundred points are Beta Theta Pi, 186; Kappa Sigma, 169; Delta Theta Sigma, 130; Sigma Alpha Epsilon, 114; and Phi Kappa Sigma, 110.

Phi Delta Theta gathered 150 points from football, seventy-four from putting, 20 from cross-country, and fifteen from horseshoes. Sigma Nu gained 220 of their points by winning the football title and the other five from horseshoes.

The third-place Delta Upsilon group took eighty-five from football, seventy from putting, sixty from cross-country and five from horseshoes.

Individual champion in cross-country was Delta Theta Sigma, David B. Ludwig '38, manager of that intramural sport, announced. Charles T. Watts '38 was football manager, Jack H. Fair '38 was putting manager, and Jay H. Daniels '38 was horseshoes manager.

Delta Upsilon won the putting laurels, and Delta Theta Sigma took the horseshoes.

Summer Driving Course Planned

Prof. Neyhart To Begin 6-Week Training Program on June 28; 1st in Nation

A feature of the 1937 Summer Session will be Prof. Amos E. Neyhart's driver education and training course for teachers which aroused so much comment last year.

The course, which begins this summer on June 28 and lasts to August 6, is the first such driver training course in the United States and is based upon five years of research and experience in training drivers and one very successful year in teaching at Penn State last year in the Summer Session.

The purpose of the driver training course is to teach teachers how to teach students to drive, since great need is recognized for such a course and for properly trained teachers.

Throughout the course the following important characteristics of drivers and how they affect sound and safe driving habits will be presented: mental, physical, and emotional characteristics; knowledge; driving skills; and attitudes and appreciations. Several devices will be provided for measuring the various factors connected with vision, choice reaction time, excitability, and other factors which have to do with the operation of an automobile.

The work will consist of class recitation, practical problems, and actual roadwork. The roadwork will include the training of beginners and the use of the new dual-control Pontiacs supplied by the Pontiac Motor Company and the American Automobile Association.

Ray Conger Attends Outdoor Conference

The fourth annual conference on Outdoor Recreation, held at Massachusetts State College, Amherst, Mass., last week on March 11, 12, and 13 was attended by Ray Conger, instructor in the School of Physical Education and Athletics.

Peace Council To Discuss Neutrality Issue Monday

Neutrality—Can the United States Stay Out of War? will be the subject of a panel discussion in Home Economics auditorium at 7:30 o'clock Monday evening. Sponsored by the Student Peace Action Council, the panel will be made up of two faculty members and Dr. Wilson L. Godshall, of Dickinson Seminary, who will come down from Williamsport especially for the meeting.

Originally scheduled among those making up the panel, Prof. Sylvester K. Stevens, of the department of history, will not be able to participate due to his absence from State College at that time. His place will be taken by Prof. Arthur H. Reede, of the department of economics. Prof. J. Paul Selam, of the department of history, will complete the panel.

Arrangements for the panel have been made by the council at this time because of the great controversy which the issue has aroused both in the nation's congress and in the press of the country. Clarence A. Dockens '38, chairman of the Peace Council, stated.

Chairman and principle speaker of the panel, Dr. Godshall, will discuss our present neutrality legislation as well as other bills and amendments which have been introduced or are pending in Congress. Long a student of neutrality and foreign relations in general, Dr. Godshall will attempt to clarify the issues to which the several neutrality programs give rise.

Both by reason of his position in the history department and his activities as under-secretary in the World Court for many years, Professor Selam is peculiarly fitted to give the history of neutrality legislation in this country and abroad. He will draw on his experiences as World Court secretary for personal illustrations.

The economic implications of neutrality will be given by Professor Reede, who has been working on this aspect of the question for some time. Following the opening remarks, the speakers will discuss the question among themselves and later the meeting will be thrown open for questions and discussion from the floor.

Model Legislative Assembly Slated

40 Eastern College Delegates To Convene in Harrisburg April 9 to 11

Twenty-three Penn State students will attend the annual Intercollegiate Conference on Government at which 400 student delegates from Eastern colleges will meet in Harrisburg on April 9, 10, and 11 to act as a "model" legislature.

The general assembly to be formed by the delegations will go through the procedures of a legislature in introducing bills, holding committee meetings, and voting on legislation submitted.

Committees Named
The committee representations formed by the local students include state and local government represented by Robert V. Donato '38, George J. May '37, George F. Ollendike Jr. '37, Henry R. Pope '38, Francis H. Szymczak '38, and Nestor V. Wahlberg '38; labor—Robert A. Gans '37, Henry A. Jackson Jr. '37, and Robert G. Kutzer '38.

The other committees include utilities—Alvin E. Heuthey '37, Thomas H. Moore Jr. '38, and Charles L. Zarker '37; welfare—Thomas R. Brislin Jr. '37, James N. Peck '39, John J. Roberts '39, and Joseph L. Stevenson '38; education—Kenneth L. Fritz '37, and Franklin W. Ruth Jr. '39; natural resource—Gerald C. Krantz '38, Marshall K. Evans '38, John A. Genthner '39, Edmund Turzto '38, and Albert L. Viccharelli '38 form the committee on finance. William J. Scaret '37 is in charge of the local group, while Dr. Jacob Tanger and Prof. John T. Law, of the department of political science, are the faculty members in charge. This project is being sponsored by Pi Lambda Sigma, pre-legal fraternity, and the department.

Marshall K. Evans '38, John A. Genthner '39, Edmund Turzto '38, and Albert L. Viccharelli '38 form the committee on finance. William J. Scaret '37 is in charge of the local group, while Dr. Jacob Tanger and Prof. John T. Law, of the department of political science, are the faculty members in charge. This project is being sponsored by Pi Lambda Sigma, pre-legal fraternity, and the department.

Gardner '38 Elected President of P.S.C.A.

Weston D. Gardner '38 was elected president of the Christian Association for the coming year at a meeting of the cabinet held on Wednesday afternoon.

Other officers who were elected are Robert H. Martin '39, men's vice-president; Italia A. DeAngelis '39, women's vice-president; Edward K. Kraybill '39, secretary; L. Jean Stillwell '39, assistant secretary; and Fred L. Young '38, treasurer.

Wyand Discusses Problems Of Consumer in New Book

Why do you buy two pitchers of beer in the Rathskellar instead of that pair of Argyles in the haberdasher's window? Charles S. Wyand, of the department of economics and sociology, discusses your problem as a consumer in his recently published book, "The Economics of Consumption."

Mr. Wyand, who is also writing a series of articles on consumption for the Consumers' Digest, stresses the growing importance of consumption in the present economic set-up. Aiming at a comprehensive treatment, he synthesizes material on psychology of selling, statistical studies of income and expenditure, and the recent studies for the protection of the consumer.

In the introductory chapters, he explains the basic assumptions of the study and sketches the development of consumption problems and concepts since the Middle Ages. Following this are chapters in which Mr. Wyand gives the definitions, philosophy, and psychology of consumption. The most interesting and contro-

Men's Halls Want Co-op Restaurant

Petition To Circulate Among 288 in 3 Dormitories

Plan Proposed After Minnesota's System

Demand for a co-operative restaurant is being made by students living in Watts, Frear, and Irvin halls.

Petitions are being circulated among the 288 students living there for resumption of the dining commons in Irvin hall. The commons were discontinued when athletic subsidy was discarded five years ago in what was then called Varsity hall.

Under the plans set up and circulated by the committee each student contributes an equal amount each week which approximates \$3 for twenty-one meals. For the remainder of the expense each diner would work three hours weekly. The work would rotate from kitchen duties to service in the dining room.

The set-up would follow the cafeteria system. The co-operative organization would hire cooks and possibly a dietitian. These would be the only paid help.

This co-operative dining commons plan has been successful at the University of Minnesota. At the end of the first year there a profit of over \$1,000 was made and divided among the 200 in the organization.

The Minnesota plan proved so successful that a co-operative book store grew from it. For a deposit of \$5 a year each student obtained the use of all his text books. At the end of the year the books were returned and the money refunded.

P.S. Club Dance Set for April 3

Booth Watmough Will Furnish Music for All-College Easter Affair

The All-College Easter Dance to be sponsored by the Penn State Club will take place in Recreation hall from 9 to 12 o'clock on Friday night, April 3. Booth Watmough and his orchestra will furnish the music.

Richard E. Heyl '38 and John H. Hetrick '38 were named by the executive committee of the Club to act as co-chairmen for the affair. Committee members include Horace W. Yerkes '37 and Robert J. Schaffer '38. The committee will announce their plans in the near future.

At the business meeting of the Club on Wednesday, the members suggested that the "Saturday Nite Club" be a periodic affair to take place on suitable dates to furnish entertainment over week-ends. The date of the next "Nite Club" has been set for Friday, April 2, with Ivan L. Trautner '40 in charge.

In order to provide more entertainment the club passed an amendment to the constitution to levy an initiation fee of fifty cents and dues of the same amount payable each semester.

At the conclusion of the business meeting Robert W. Werts '38, treasurer of the club, entertained the group with his technicolor movies of the campus and its activities. The next meeting will take place on April 15.

'37 Class Funds For Annual Gift Placed at \$4,800

Profit on Senior Ball Swells Treasury, Says Morini

Seniors Will Choose Present at Meeting

Swelled by a Senior Ball profit of \$799.90, the senior class funds were estimated today as \$1,196.40 by Robert E. Morini '37, chairman of the interclass finance committee.

This amount, Morini said, will go toward alumni activities of the class. An amount of \$4,800 from the damage fund is expected to be available for a class gift he continued.

There will be a meeting of the senior class in Schwab auditorium, Tuesday at 7:30 o'clock at which time the gift to the College will be decided upon.

Five suggestions for the gift have been submitted to Charles A. Hungerford '37, chairman of the gift committee, as appointed by Frank A. Osterlund, senior class president.

The leading idea at present, it was learned, is a set of chimes for Old Main tower. The chimes would be accompanied with a flexible amplifying system that could be hooked-up any place on the campus and broadcast from the tower.

Other suggestions include a cabin for recreational purposes in the vicinity, an endowment to further the Library Headlight collection, a telescope Wilson Observatory instrument, and a general scholarship endowment.

The class will, however, make the final selection at a meeting in the near future.

In the finance report, chief items of income for the first semester were class dues, \$2,012.50; damage refund, \$167.84; and Student Union, \$53.58. This totals \$10,619.67, by adding a surplus carried forward of \$8,385.75 for all classes.

First semester expenditures were LaVie, \$345.16; Band, \$322.92; Student Union, \$316.94; treasurer, \$125; Rhoda, \$86.25; council and tribunal, \$49.25; sports, \$37.50; clerical and accounting, \$37.50; Blue Key, \$25; funds, \$12.50; audit, \$10; printing and supplies, \$9.40; flowers, \$7.50; damage '35-'36, \$3.75; finance committee keys, \$3.75; renewal bond, \$3.12; and miscellaneous, \$2.66.

Morini estimated that \$1,800 would be the final amount collected in second semester dues. From this \$1,109 will be allotted to LaVie. He believes that other expenses during the semester will amount to \$297.50.

The second semester expenses taken from the second semester revenue, including Senior Ball, make the surplus figure of \$1,196.40, he said.

Fraternities Warned About Drinking Codes

Fraternity houses will be deprived of their social privileges by the Senate Committee on Student Welfare if corrupt drinking practices are found to exist, it was announced yesterday by Dean of Men Arthur R. Warnock.

Serving or drinking liquor when unchaperoned women guests are in the house under the dining code, and providing a "social room" where liquor is served or consumed at dances and house parties would not be tolerated, Dean Warnock stated.

Pleading for moderation in drinking, Dean Warnock charged that "conditions in a few houses at the present time are making an excellent argument for an arbitrary regulation prohibiting liquor and drinking in any chapter house at any time."

7 Campus 'Big-Shots' Receive Coveted Awards at Banquet

Do you know the latest style in men's hats? Have you seen E. Townsend Swalm '37 wearing a brown derby? He received the coveted award at the annual Sigma Delta Chi gridiron banquet at the Nittany Lion Inn last night. The honor distinguishes him as the senior to have gone through college, or at least this far, with little or no work.

A fragrant white lily, symbol of peace and serenity, was presented to COLLEGIAN Editor Johnson Breuneman '37, while Walter L. Peterson '37, chief campus key man and editor of LaVie, was the recipient of a large rusty key. Both are of journalism alley.

Alvin S. Newmeyer '37, manager of sbeecer, received the apple that has been on display for the past week. (It is probably rotten by now). New-

'Urgent' College Building Program for \$5,431,000 Approved by Committee

State Authority Board OK's Recommendations Of Hetzel, Thompson; Will Present Plan to PWA in Capital

Expectation of a large College building program received impetus this week when the State Authority Board approved a \$5,431,000 recommendation for that purpose made by President Ralph D. Hetzel and Senator Edward J. Thompson, Centre County.

This program described by President Hetzel as "most urgent," will be given the board headed by Governor Earle this week for further approval. The program must also be accepted by the Public Works Administration in Washington. The FWA is supplying the state with sums estimated between \$54,700,000 and \$70,000,000 from which the College grant would come.

The State Authority Board is the group that will handle every phase of the construction and administration here and in other programs coming under the PWA budget.

Dr. Hetzel and Senator Thompson, aside from submitting the "urgent" improvement list of buildings amounting to the \$5,431,000 figure, submitted another list estimated at \$14,596,000 for "needed" buildings.

The members of the Authority Act Committee that will consider the amount to be allotted are Col. A. S. Janeway, director; Governor Earle, president; Arthur Colegrave, secretary of the department of properties and supplies; Thomas A. Logue, secretary of internal affairs; Frank E. Baldwin, auditor general; Charles A. Waters, state treasurer; Sen. Harvey Huffman, president pro tem of the senate; F. Clair Ross, treasurer elect; Warren P. Roberts, auditor general-elect; and James P. Rossiter, of Erie, general counsel.

Uses Listed
Central unit, Liberal Arts, \$615,000; water system, \$130,000; Textile Chemistry, \$278,000; Forestry, \$300,000; Education, \$275,000; Health and Physical Education, \$350,000; Library, \$1,000,000; service lines and power plant, \$300,000; Mineral Industries, \$210,000; Zoology and Agricultural Chemistry, \$425,000; Electrical Engineering, \$350,000; Poultry, \$100,000; Physics and Chemistry, one unit, \$500,000; infirmary, one wing, \$100,000; service and storage, \$30,000; Mechanical Engineering, two wings, \$240,000; and Agricultural Engineering, \$228,000.

Listed on the "urgent" list are proposals for construction for the following purposes: barns and crops, \$60,000; Main Engineering, \$235,000; men's dormitory, \$240,000; green houses, \$75,000; roads and walks, \$40,000.

Listed as "needed" are construction proposals for the following purposes and departments: women's dormitory, \$820,000; Botany, \$650,000; Physical Education, \$610,000; armory, \$500,000; President's residence, \$60,000; remodeling old library, McAllister Hall and President's house, \$65,000; observatory, \$30,000; Fine Arts, \$200,000; auditorium, \$1,000,000; Engineering Experiment Station, \$240,000; Animal Industry, \$250,000; extension office \$250,000; foundry and shop, \$200,000; Chemistry, Pond laboratory, \$1,150,000.

Choir, Organ Recitals Head Easter Services

An Easter service will be held at 11 o'clock Sunday morning in Schwab auditorium. The service will consist largely of selections sung by the Penn State Choir and of musical numbers.

The program, directed by Prof. Richard W. Grant, of the department of music education, will open with the organ prelude, "March Funere et Chant Seraphique" by Guilmant. The organist, Mrs. Irene Osborne Grant, will also play "Palm Branches" by Faure following the announcements later in the program.

Featured in the service will be the Penn State Choir under the direction of Professor Grant, which will sing "The Crucifixion," a negro spiritual by Robertson; "Hallelujah to the Lord," by Christiansen; "Were You There?," a negro spiritual by Burleigh; "Worthy is the Lamb," from Handel's "Messiah"; and "Unfold Ye Portals," from Gounod's "Redemption."

'Bell' Copy Reserved

Members of the faculty who desire copies of the forthcoming issue of the Bell, featuring an article by Dr. Jerome Davis on the American Federation of Teachers, may place a reserve order with the Student Union Office. This announcement was made yesterday by James D. Mathers '39, business manager. The issue will appear Monday instead of the date previously announced, he said.
