

### 2 Students Released After Theft of Car

Two students, involved in the theft of a car belonging to Dr. D. R. L. Robison, 418 Garner street, were released from the borough jail when their brothers arranged for a settlement with Doctor Robison.

The Ebensburg highway patrol or borough police will bring charges against the students for operating a motor vehicle without the proper license. Another student, alleged to have driven the car, will face the same charges.

Doctor Robison released the insurance company from any responsibility in the case when it was understood that the two boys will pay for damages to the car.

### Dr. Anderson Elected

Dr. Clarence S. Anderson, professor of agricultural education, was recently elected a member of the research committee of the American Vocational Association. He is also chairman of the regional branch of this committee.

### Plan Special Buses For Easter Vacation

Announcement was made today by the Pennsylvania Greyhound Bus Lines that a system of reservations for special buses would be put in operation for the Easter vacation. The system proved successful at its inception Christmas vacation, Greyhound officials said.

Buses will leave from in front of the Education building at 12:30 o'clock Wednesday, March 24, bound for Scranton, Wilkes-Barre, New York, Harrisburg, Altoona, Pittsburgh, Sunbury, Philadelphia, Tyrone, Johnstown, Greensburg and intermediate points.

In order that a sufficient number of buses will be on hand Wednesday morning, tickets reserving seats on the particular buses desired, must be purchased by 8 o'clock Tuesday night, March 23 at the State College Hotel, agents for the Greyhound Lines.

### Feb. Dispensary Calls Show Rise Over 1936

Statistics released today by Dr. Joseph P. Ritenour, of the College Health Service, show an increase of 734 calls made at the dispensary this February over February of 1936.

Although there were five less bed patients handled in the hospital last month than there were during the same period last year, the ninety patients taken care of remained for 393 days as compared with the ninety-five patients last year for 299 days.

This "business increase" is a continuation of the general increase that was previously reported for the first semester of this college year.

### Presents Scientific Papers at Meeting

Two members of the department of ceramics and four graduate students in the School of Mineral Industries will present a total of seven scientific papers at the annual meeting of the American Ceramic Society in New York City next Monday. The meeting will be attended by the junior and senior ceramic students, who will be on their annual field trip.

Five of the papers will be read before the glass division of the Society by Dr. Nelson W. Taylor and Bennett S. Ellefson, of the department of ceramics, and graduate students Paul S. Dear, William L. Rast, Paul L. Smith and Woldemar Weyl. Edward C. Henry, another graduate student, will cooperate with Dr. Taylor and Smith in presenting the other two papers before the whiteware division.

### Research on Air-gas Pressure Discussed

A discussion of the progress of the research in the Mineral Industry's experiment stations on air-gas pressure was held at a meeting of the Production Advisory Committee of the Pennsylvania Grade Crude Oil Association in Oil City recently.

NATION-WIDE RAIL-AIR SERVICE

"Send me 50 Cowboys and 100 Indians"

WHEN Hollywood wants to film a scene requiring hundreds of "extras," it makes a telephone call—and gets them.

This is made possible by a central casting bureau, whose amazingly fast service is based on systematic use of the telephone. This organization has a telephone switchboard where as many as 30,000 calls a day are handled in bringing actors and producers together.

Another example of the value of telephone service to business and social America. It is the constant aim of Bell System men and women to make it ever more useful—constantly better.

Keep in closer touch with home—by telephone. Rates to most points are lowest after 7 P. M. and all day Sunday.
