

Nittany Lacrosse Team Meets Harvard April 6 in Spring Opener

Ram Company Awards Prizes to 2 Students

Donald R. Johnston '40 and Ralph P. Harbach '39 won prizes of fifteen and ten dollars respectively in an essay contest conducted by the Rife Ram and Pump company. Johnston's article, appearing in the latest issue of the *Parade*, was selected for first prize out of fifty-seven entries from students taking agricultural engineering courses at this College.

8 Lettermen Ready For 1st Game Here

Bad Weather Keeps Players Indoors; 20 Men Will Report for Vacation Practice

Coach Nick Thiel's lacrosse team will open the spring sport schedule when it meets an experienced Harvard ten on New Beaver Field, Tuesday, April 6. Coach Thiel has only eight lettermen remaining from last year and must find or develop new talent before his team takes the field for the season's curtain-raiser.

Bad weather has kept the squad from outdoor practice, but twenty men will report back on Monday of the Easter vacation to hold extensive drills in preparation for the Crimson. The eight veterans who remain include Captain Conley, Proksa, Eiseman, Hoft, Hontz, Foster, Cohen, and Simpson. Conley, Cohen, and Simpson are the only offensive men who will report while the remainder are defensive players.

Bill McEwan, Zimmerman, and Myers are staging a three way fight for the goalie position. Juniors who have won their numerals and who are available for service include Snook, Lutz, Fawley, Byers, and Sheridan. Coach Thiel is developing a quintet of sophomores who showed up well on last year's yearling team; they include Buser, Andrukitis, Wuenschell, Gentner, and Rumbaugh.

Sam McBride, manager of the team, announced that the freshmen candidates will be called out and equipped shortly after the Easter holiday. The freshman schedule lists two games;

Weather Sends '37 Grid Candidates Outdoors

By CHARLES M. WHEELER, JR.

After a week of scrimmage in the stock pavilion while snow covered the ground, Coach Bob Higgins sent his 1937 football team outdoors Monday for their final workout before vacation.

Work has toughened in his strenuous spring preparations for the opener with Cornell the last week in September. If the Lions can get by the Red, their prospects for a great year will be greatly enhanced. Due to a favorable schedule.

All the big guns for the varsity and the freshman prospects are out with the exception of Adessa, Wear, Harrison, Hanley, and Cornman who are working with spring sports.

Higgins' chief job will be to develop a strong, heavy blocking half-back to work with the slight Sammy Donato. Jekes, a freshman, seems to be the chief hope, while Woolridge may come along. Skemp, a transfer, will be a big help at fullback, while Patrick and Denise are going well in the running attack. Charley Van Wagner, a transfer who is thought to possess a good deal of ability, has not turned out yet.

The return of Paul Enders to school will gap the large hole at center left by Cherundolo as well as it could be.

It was muddy Monday and not much could be accomplished, but Higgins plans to tighten down after the holidays and go in for serious preparation for the fall opening.

Ban on Center-Jump Requires More Substitutions—Lawther

Penn State's basketball team will need more and better substitutes next year.

Thus did Coach John Lawther express his belief of the effect which the elimination of the center-jump will have upon State.

"By actual experiment in New York," Lawther explained, "It was shown that the center-jump consumes about seven minutes of an average game. This means that now the teams will really play forty minutes instead of thirty-three."

However, he added emphatically, State will not be affected to any great extent. Neither will the Lawther system suffer. Only one play will be discarded from his repertoire. It is the

one which attempts to "steal" the tip-off.

Besides eliminating the "principal feature" of the game, Lawther disapproved the new ruling because it automatically gives possession of the ball to the team scored upon. "Now," he said, "State will have to give the ball to the other team after scoring a goal. Under the old system we had a chance to get the ball. I'd rather have that chance."

Lawther also made clear his wish for the abolition of the "three-second rule" which prohibits players to remain more than three seconds in that half of the free throw circle nearest the center of the floor. A recommendation for its repeal was voted down, 1024-16-549 by the National Coaches' association last week.

15 M.E. Men Placed

Prof. Harold A. Everett, of the department of mechanical engineering, stated last week that 15 seniors from a graduating class of 40 in the department have already accepted positions. Professor Everett also said that more than 200 offers of jobs have been received by the department.

Women in Sports

By CAROLINE TYSON

The inter-class basketball season was climaxed last week when Miss Haidt, Betty Ebricht, basketball manager, and Ollie Evans, intra-mural manager, elected the honorary varsity. This year the board decided that a maximum of twelve instead of eight outstanding players should be elected because of the increasing number of participants.

These basketballers who have been honored are: Gene Ziegler, Emma Jane Foster, Pudge Smith, Ollie Evans, Dot McAuliffe, Jane Curtin, Midge Govier, Tillie Walker, Alice Nixon, Ginny Goodman, Marje Beaver and Rachael Bechdel.

Intra-mural sports closed last Monday with the final rounds in basketball, badminton, and volley ball. Triumphant for the second successive season are the Kappas who like last year, defeated the Thetas in the final basketball toss-up. The Philotes sportswomen scooped the intra-mural record by winning in both of the minor events. From the A.O.P.s they conquered badminton honors, and from the Delta Gamis honors in volley ball.

Rifle season was concluded Thursday with a varsity match. Results from this event have not yet been recorded. High shooters in a recent novice match include: Madge Norton, Jean Gillis, Alice Noll, Grace Nolt and Louise Zierdt.

Miss, Haidt, Jean Northrup, former president of the board and Ollie Evans, former vice-president, attended a convention of the Athletic Federation of College Women this week-end. The members of this organization conferred at Vassar College.

The Theta bridge "pros" once again won the Pan-Hellenic cup for their excellent mastering of the art. This year they defeated the Chi Omega "sharks" in the final deal.

Miriam Hopkins says:

"My throat welcomes Luckies—my favorite cigarette for 5 years"

"Luckies have been my favorite cigarette for about 5 years. They're a light smoke that sensitive throats welcome. Of the many trends that sweep through Hollywood, one of the longest lasting has been the preference for Luckies. I once asked a 'property' man—who supplies cigarettes to the actors—what the favorite is. He answered by opening up a box containing Luckies. They were all Luckies."

Miriam Hopkins
STAR OF THE RKO RADIO PICTURE
"THE WOMAN I LOVE"

An independent survey was made recently among professional men and women—lawyers, doctors, lecturers, scientists, etc. Of those who said they smoke cigarettes, more than 87% stated they personally prefer a light smoke.

Miss Hopkins verifies the wisdom of this preference, and so do other leading artists of the radio, stage, screen and opera. Their voices are their fortunes. That's why so many of them smoke Luckies. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on the throat.
