

Personnel Men Here For Training Course

An industrial training course, which will deal with executive personnel problems, will be held here tomorrow, Thursday, and Friday. This conference, an annual affair until 1931 but discontinued because of the depression, has been resumed in response to the requests of industrial leaders.

According to Dean Robert L. Sackett, of the School of Engineering, the purpose of the conference is to study the training problems which industry faces due to increased production, changing labor relations, and new production methods resulting in a tremendous demand for additional skilled and unskilled workers.

Among those taking part in the conference are: W. B. Conover, director of training in the United States Steel Corporation; Harry Langdon of the SKF Industries; W. P. Langworthy of the Allegheny Steel Corporation; L. O. Neff of the American Steel and Wire Company; J. S. White of the industrial bureau of the Philadelphia Chamber of Commerce; and C. D. Stewart of the Westinghouse Air Brake Company.

Over 350 Attend Press Conference

West York, Altoona, Pottsville, Vandergrift High Schools Win Certificates

More than 350 high school newspaper editors and their advisers attended the annual State High School Press convention held here Saturday by Sigma Delta Chi, Journalism honorary, Theta Sigma Phi, women's journalism honorary, and the journalism department.

Sigma Delta Chi certificates of merit were presented to the following: West York high school for general excellence; Norwin high school for headline writing; Altoona high school for news writing; Vandergrift high school for sports writing; Pottsville high school for editorial writing; and Norwin high school for typography.

The speakers for the conference were: E. P. Berton, editor of state publications department; Floyd Chalfant, president of the Pennsylvania Newspaper Publishers' association; Howard R. Davis, managing editor of the Pennsylvania Grit; George A. Stewart, publisher of the Clearfield Progress; and Dean Arthur R. Warnock, dean of men. Five scholarships of \$150 were awarded by interested publishers.

The conference included a general meeting followed by special forums for advisers, high school editors, and business managers.

24 Teams Open First IM Bridge Tournament

The intramural bridge tournament got under way Thursday night when 24 teams went through the elimination round at the Nittany Lion. Nine teams survived. They are the four-somes of these fraternities: Phi Sigma Kappa, Delta Upsilon, Phi Delta Theta, Theta Upsilon Omega, Beta Theta Pi, Tau Kappa Epsilon, Alpha Chi Sigma, Delta Sigma Phi, and Sigma Pi.

These nine teams will play in the semi-finals next Monday. Pi Kappa Alpha, last year's winner, did not enter a team to defend its title.

The play is conducted on a duplicate basis, with two men from each team playing the one side of each board, and the other pair the other side. The team that turns in the best total score is the winner.

'40 Women To Hold Move-up Day Dance

Freshmen women will swing a new precedent into being Friday night with the help of Bill Bottorf at a dance in the Nittany Lion in celebration of move-up day.

Tickets are available only for freshmen women. Members of the Senate of W.S.G.A. and the chaperons of freshman dormitories have all been invited to attend.

Peggy E. Jones is chairman, and Winifred E. Wilson is assistant for the affair. The presidents of the freshman dormitories form the committee in charge and will take care of the sale of tickets.

All Students Invited To Mothers' Day Tea

W.S.G.A. invites all students, men and women, to bring their mothers to the annual May Day tea. The tea will be held in the second floor lounge of Old Main on Saturday, May 8, from 2 to 4 o'clock.

Hangovers Take Toll At Traffic Officers' School

Even these "student" traffic cops, attending the Pennsylvania Traffic Officers' Training School, who preach against drunken driving can take one drink too many. Friday, several of their members were not able to attend the morning sessions because of "hangovers."

Nevertheless, when they did get down to business, under the leadership of Prof. Amos E. Neyhart, all were very serious. Condemnations of "crystal gazer" drivers, who wonder what the man behind is going to do, were made particularly effective.

Depth perception and blood pressure tests were urged to be a part of the state's license examination. "You can tell what kind of driver a person will be by his blood pressure," Professor Neyhart declared.

Stopping distances of automobiles were next discussed and the various claims of the dealers were ridiculed. One dealer, according to Professor Neyhart, said his car could stop in 20 feet going 40 miles per hour. "We take that with a box of salt," Neyhart pointed out. A big burly cop in the rear blurted out that it should be a gross of salt. These boys have their sense of humor too, but one never knew that, did one?

To Honor Retiring Ed. Professors At Dinner

Dean Will G. Chambers and Prof. Alvin L. Rhoton, both retiring from the School of Education this year, will be honored at a testimonial dinner given Thursday night at 7:00 by the Penn State chapter of Kappa Phi Kappa, professional education fraternity.

The chief speaker on the program will be Dr. Paul L. Cressman, of the State Department of Public Instruction. Also on the program will be Dr. A. D. Wright, national secretary of the fraternity.

In addition to honoring Chambers and Rhoton, this dinner will celebrate the tenth anniversary of the founding of the Penn State chapter of Kappa Phi Kappa. All former members of the chapter and all national officers of the fraternity are invited to attend.

Champlin To Present Famous Paper Abroad

Dr. Carroll D. Champlin of the School of Education, will present a paper on printing in miniature by the lithographic process, at the World Congress of Universal Documentation in Paris, the week of August 16-21.

The paper is an account of a scheme developed in the School of Education by Professor Charles C. Peters. It has already been given considerable attention abroad. Several European journals have carried stories about it, and it was also exhibited at the International Librarian Congress in Peking, China.

The Congress on Documentation will be held in connection with the International Exposition of Arts and Techniques. Dr. Champlin's appointment on this program was negotiated through the Science Service of Washington, D. C.

Football Team Looks Good In 12-0 Victory

(Continued from page three)

guard for State's second and last score. The ball had been put in scoring position by a 10-yard pass from Ott Wuenschel to Spike Alter, and a 15-yard run by Armini. Metro went over from the one foot line on fourth down, after Tech's line had yielded only five yards in three plunges.

The Pitt influence showed up all over the Carnegie team. With Bill Kern, former Panther assistant, beginning his first season holding the Tech reins, the Skibo attack smacked very much of Sutherland, the canny Scot. The only things missing were a few Goldbergs, LaRues, and Shedloskeys. The Tech boys made a good attempt at emulating their fast-breaking, high knee action attack, but it all seemed a little new to them.

The same was true of the lightning-fast, spot passes of which they completed only one out of eleven, despite the fact that the State secondary broke up only two of them. It was just a case of butter-fingers. After Matelin, Skibo shining light, broke away for a 35-yard run to State's 12-yard stripe midway in the last quarter, Tech blew their one and only chance to score by dropping two successive passes in the end zone with no State men within striking distance.

The fact that Matelin's run marked the only time that the Tartans were able to penetrate past mid-field is ample proof of the strong defensive showing made by the Lion forward wall. Alex Barantovitch played his usual smashing game at end, with Carl Waugaman playing a consistent game on the other wing. Frank Sills, Tor Toretli, and Pop Ellwood plugged up the middle of the line, stopping the Skibo backs for no gain time and again.

Ickes' display of ball-carrying, punting, signal-calling, and at times, his passing, was enough to make any coach treat his Alumni club to a round of beers. Filling a post left practically vacant by injuries, he took care of the tail-back duties like a polished veteran. Joe Metro stood out at his fullback position on offense and defense, being ably assisted by Dick Skemp, round newcomer. Dud Enders did a good job of filling Chuck Cherundolo's shoes at center.

P.S. Club To Nominate Officers Thurs. Night

Nominations for officers of the Penn State Club for 1937-38 will be made at the Thursday meeting of the club, it was announced by Russell G. Gohn '38, present president. The elections will be held on Thursday, May 13.

In addition to the nominations, the club's activities for the rest of the year will be discussed. The club acts as a social club for students who are not members of fraternities.

Nominations For 2 AA Offices Set For Today

Nominations for the positions of A. A. president and secretary will be made this afternoon at a meeting of the coaches, captains, and managers of varsity sports, Robert E. Morini '37, retiring president, announced yesterday.

The preliminary elections will take place next Monday and the run-off will be held on Tuesday, if one should be necessary. A candidate must get more than half the votes in order to win without this run-off.

PSC To Honor Senior At Banquet, May 25

The Penn State Club, organization of non-fraternity students, will donate a plaque upon which will be inscribed the name of the non-fraternity senior who has done the most for the advancement of student welfare on the campus each year, beginning this spring.

The first presentation of the honor will be made at the Penn State Club's Spring Banquet which will be held on May 25. The plaque will be placed in the Penn State Clubroom.

A committee of three will pick the senior for the honor. They are George L. Donovan, chairman; Arthur R. Warnock, Dean of Men; and George M. Hacker, president of the I. F. Council.

Architectural Grads Reach Contest Finals

Penn State architectural graduates have had great success in national competition this year, according to Prof. Burton K. Johnstone of the department of architecture. Joseph Balis '36, and C. C. Taylor '36 have reached the finals in the competition for the Rome Prize, a competition of-

fering a \$5000 scholarship to the American Academy in Rome. Balis, now graduate assistant in the department of architecture, has also reached the finals in the Paris Prize competition. This contest is one of the two major architectural competitions in America and is for a two and a half year scholarship to L'Ecole des Beaux Arts in Paris. Balis and Robert Willgoos '36, are finalists for the Stewardson Scholarship—a competition open to Pennsylvania students only.

FREE Gala Evening
.. at ..
THE STORK CLUB
The Stork Club invites Penn State undergraduates to enjoy a free gala evening in New York. Here is a contest anyone can win — Nothing to buy — Nothing to pay for.
Would you like a grand evening in New York for four, absolutely free? Dinner at the Stork Club, four orchestra seats for a popular current play, and supper dancing at the Stork Club—any evening during June, July, August or September, at your convenience.
All you have to do is write the best letter of fifty words or less on:
"Why the Stork Club is New York's most popular supper club?"
Your letter will be judged on its originality, accuracy and cleverness. It must be accompanied by your home address, and your entry must be post-marked not later than midnight on May 20th, to be eligible. The contest starts immediately and the decision of the judges will be final in determining the winner. All letters must be sent to the STORK CLUB, 3 East 53rd Street, New York City.
