

Spong Will Play Lead in 'Swan'

Rice, Bernstein Chosen by Prof. Neusbaum for Important Student Roles

Hilda Spong, well-known actress, will arrive in State College next week to begin rehearsals in her original role of Beatrice in "Swan," a comedy in three acts, to be given at Schwab Auditorium on July 27.

Frank S. Neusbaum, instructor of dramatics, who is directing the play, has chosen Rebecca Rice and J. Harold Bernstein to play the leads which were portrayed in the Broadway production by Eve LaGallienne and Basil Rathbone respectively. The remaining characters compose a group of well-known experienced people who have appeared in plays during past Summer Sessions, both here and at other universities.

The part of the domineering, eccentric, venerable mess dame, played by Alison Skipworth on Broadway, is being dramatized by Mrs. Kennedy. Others of the cast are, Mrs. Ray Merchant, and Harry Reed while the juvenile roles have been given to little Billy and Howard Crittenden.

The play is a stage version of the popular post-war themes developed in "Gaudsark" and "Zenda." It was written by Ferenc Molnar and translated from the Hungarian by Neville Baker. It has had extended engagements in New York and is well-known in many other theatrical centers.

Physician Issues Regulations For Health Services

Dr. Joseph P. Ritenour, College physician, today announced the following information with regard to the College Health Service for Summer Session students:

1. The offices of the Health Service and the Dispensary are located in room 3, Old Main, and are open to students each school day from 8 a. m. to noon, and from 1:30 p. m. to 4 p. m. On Saturdays the dispensary is open only in the morning.

2. The Health Service Hospital is located on East Center Drive. It is ready to receive ill students any hour of the day or night.

3. All sickness will be treated at the Dispensary or the Hospital. No outside calls will be made. Medicine and dressings will be furnished at a minimum cost at both places.

4. The services of the College physician will be free, but the student may employ, at his own expense, any physician he may desire.

5. Standard hospital services will be furnished to students at a cost of \$2.50 a day, but a student may employ, at his own expense, a private nurse if he so desires.

6. Students will be admitted to the Hospital only on recommendation of the College physicians.

7. Sick students may be seen at the Hospital, when necessary, during any hour of the day or night.

Dr. Ritenour stated that the regular personnel of the service is on duty to take care of student needs.

Hoffman Grants 869 Admissions

Out-of-State '41 Quota Filled; 1508 Applicants Request Admission Next Fall

A total of 869 high school graduates have been admitted to next year's freshman class, William S. Hoffman, registrar, announced. The above figure was the total when those admitted were tabulated last week.

"The out-of-state quota has been practically filled," Registrar Hoffman said, in commenting on the number admitted. "Ten per cent of the total number to be accepted for the 1941 class, will be out-of-state students while the remaining 90 per cent will be selected from applicants within the Commonwealth."

1508 Applied

Twenty-five out-of-state women have been accepted, making it impossible for others who are not residents of Pennsylvania to gain admission. The same situation exists in regard to forestry students, ten having been admitted for that curriculum. More than 100 out-of-state men have been granted admission. Possibly one or two more will be accepted, the Registrar said.

Of the 869 students admitted, 505 have already paid the required deposit. The number were selected from 1508 applications that were received. Registrar Hoffman said that an average of 50 applications for admission were being received each day. Limit Set at 1405

Upon the recommendation of Registrar Hoffman, the number of students to be admitted to the freshman class next year was set at 1405 by the Board of Trustees. The limit was set at that number because the administration felt that more students could not be properly cared for with the present physical plant.

Students ranking in the upper two-fifths of their high school class will be admitted in the order in which they apply, with certain exceptions. If any vacancies remain after this procedure, they will be filled by those ranking highest in the College aptitude test. The test will be given in more than 20 cities throughout the State on August 6.

CINEMANIA

Kay Francis is in the arms of Errol Flynn in Warner Brothers "Another Dawn" that plays at the Cathaum tomorrow. The story is about a small British garrison in wild and picturesque Arabia.

Flynn and Colonel Wister (Ian Hunter) both love Miss Francis. One or the other has to sacrifice his life—and leave Kay to the survivor—in order that the garrison might not fall prey to the blood-thirsty Arabs who surround it.

One of them does. How they decide which one it shall be—how the hero goes forth of glory—and how the remaining one fares with the girl—all these lead up to the climax of "Another Dawn."

Mickey Mouse will be on hand in the comedy while another of the series, "Crime Doesn't Pay," is scheduled for Saturday also.

"The Emperor's Candlesticks" brings to the Cathaum screen on Monday and Tuesday William Powell and Luise Rainer.

In Vienna, Grand Duke Peter is lured to a house by patriotic Polish conspirators and held captive. For five years a Polish patriot has been Russia's prisoner. Peter is forced to write a letter to his father, the Czar, urging a pardon for the prisoner.

After being concealed in a valuable set of candlesticks, the letter is finally delivered to the Czar. The Polish patriot is released but the Countess Mirovna, who as a Russian secret service agent, is on the verge of arrest for failing in a mission. She had been ordered to secure evidence against Baron Wolensky. Both are summoned before the Czar where the Countess convinces the Czar that Wolensky saved the life of his son, thus gaining the Czar's approval of the Baron.

Franchot Tone and Maureen O'Sullivan play in "Between Two Women" at the Cathaum on Wednesday.

A young interne hopes to become a resident physician in a hospital. A married woman, a nurse, loves the interne but remains faithful to her drunkard husband and the young doctor marries an heiress, whose life he saved. She soon loses interest in the young interne and is seen associating with another. The two are in a train wreck and the young heiress is maimed and receives scars that mar her beauty for life. She returns to her husband who devotes his life caring for her.

Wegs Hold Meeting; Arrange Picnic Plans

The second weekly meeting of the "Wegs," an organization of the wives of graduate students in education, was held at the home of Dean and Mrs. Will Grant Chambers on Wednesday afternoon.

Plans were completed for a picnic to be held at the Nature Study Camp next Tuesday to which all husbands and children of members are invited. The group will assemble in front of Recreation Hall at 2 o'clock.

Mrs. E. E. Hollibaugh will have charge of the entertainment for the occasion and Mrs. M. E. Mushon will have charge of the transportation for those having no way.

Eagle, Uhler Married

Grace V. Eagle and Clyde R. Uhler, Jr., graduate students in education, were united in marriage at the home of Dean and Mrs. Will Grant Chambers on July 1. The ceremony was performed by the Rev. John F. Harkins, pastor of the Grace Lutheran Church.

Clark To Speak Here at 4 Today

Dramatist To Discuss American Theatre, Young Authors In Second Lounge

Barrett Clark, executive director of the Dramatists Play Service, New York, will discuss the present day American theatre and our modern young playwrights in the second floor lounge of Old Main at 4 o'clock this afternoon.

A member of the theatre for many years, Mr. Clark has gained universal recognition as a play reader, director of professional productions and manager of the "greatest voice on the stage," Mrs. Fiske. He has spent eight years as a dramatic critic for the "Drama Magazine," and has until recently been editor of the Samuel French Company.

He is known as the official biographer of Eugene O'Neil and Paul Green, as author of "How To Produce Amateur Plays" and also "The American Scene." He has introduced many notables to the American stage, among them, Lynn Riggs, E. P. Conkle, and Leo B. Pryde.

Lecturing throughout the world, Mr. Clark has had personal contact with John Galsworthy, English novelist, playwright, Geo. Bernard Shaw, the late Sir James M. Barrie of "Peter Pan" fame and many of the prominent German dramatists. Aside from his managership and lecture tours, he is working on a series of early American plays for the Rockefeller foundation.

Dennis To Speak At 8 on Tuesday

Address in 110 Home Economics Building, Open to Public; Second of Series

Lindley H. Dennis, executive secretary of the American Vocational Association, Washington, D. C., will lead the Tuesday evening conference to be held in room 110, Home Economics Building from 7 to 8 o'clock on Tuesday night. He will discuss "Vocational Education—A Vital Necessity to Youth."

Mr. Dennis is not a stranger to faculty members of this College, he being a Penn State graduate. For many years he has served as state director of practical arts and vocational education in the Commonwealth. He is a national officer of Alpha Zeta.

In addition to being a former president of the American Vocational Association, he has served as president of the National Association of State Directors of Vocational Education. The new George Deen Act, which carries with it an annual appropriation for vocational education of approximately \$14,000,000, represents recent national legislation that Mr. Dennis has sponsored.

Penn State First To Give Red Cross Courses to Nurses

Penn State was the first college in the United States to offer the American Red Cross course, home hygiene and care of the sick, to graduate nurses. Today with requests from every section of the country, there are only six Colleges which give this course.

For the past 14 years Lucy Brinkerhoff of New York City has been instructor. This year she is being assisted by Anna Gring, a graduate of Columbia. The purpose of the course is to prepare nurses to teach lay groups of Boy Scouts, Girl Scouts, Women's Clubs, or any other interested group the principles of hygiene and care of the sick. At the end of the course, names of persons who receive their certificate will be added to the Red Cross disaster roll and will be used in time of local emergency.

Recently during a small cyclone in Northern Ohio, the local nurses and doctors were unable to handle the medical situation. Former members of the home hygiene and care of the sick classes were called to help. Under the supervision of trained nurses they did a commendable piece of work.

Named to Committee

Prof. Walter M. Fuchs, of the department of fuel technology, has been appointed to serve on the committee on cellulose and allied substances of the National Research Council for the next academic year.

Play Well Attended

The plays given last Monday evening were well attended by the dramatic students. Prof. David Mason, of the department of romance languages, introduced them by a brief lecture on the history of the Guignol Theatre.

Clausen Speaks On Adjustment

Vesper Service Speaker Cites Factors in Revolution Of Civilization

"Come To Me If You Seek Danger" was the text of Dr. Bernard C. Clausen's address at Vesper services at Schwab Auditorium last Sunday evening. In relation to danger, Dr. Clausen believes that perfect adjustment comes only when there is the most danger. No life can be perfectly adjusted if a social being neglects his duty or shirks it altogether.

According to Dr. Clausen's views upon the subject of adjustments, people adjust themselves to their social surroundings only when there is enough activity in their lives to form an equilibrium. This modern generation has become so conscious of the psychological processes dominating their lives that they speak of the most technical psychological terms in every day conversation. However, the speaker claims, the greatest factor in the revolution of civilization is coming in the form of television and its importance is even greater than the advent of the printing press.

In the trend of modern civilization, Dr. Clausen pointed out the new words and new use of old words that have found their way into the dictionary, especially in the fields of aviation. Also the past great war has brought into common use many words never before used.
