Beede Will Head Forestry Staff

Successor To Prof. Ferguson Had Practical Experience In Three Countries

The Board of Trustees of the College has approved the appointment of Prof. Victor Beede, a member of the staff of the forestry department for the last six years, as head of the department to succeed Prof. John A. Ferguson who retired recently after 27 years of service with the College.

The announcement was made by Dr. Ralph D. Hetzel after a meeting of the trustees' executive board.

Has Wide Experience

The new forestry head, who will have the additional title of professor of forest management, is a practical forester with experience in the United States, Canada and Europe. He has a wide acquaintance in the profession. His experience was obtained prior to his association with the college in 1931. Professor Beede is a graduate of Yale University in both academic and forestry departments and is a senior member of the Society of American Foresters and of the Canadian Society of Forest Engineers. He is the author of a number of technical articles.

In recent years the curriculum in forestry has become increasingly important at the College. During the last academic year 418 students were enrolled in the four-year course and 61 in the two-year course. The state recently ceded to the college the grounds of the forestry school at Mont Alto which the College previously leased.

Bedenk's Camera Eye Seldom Focused On Lion Grid Games

By ALAN G. McINTYRE

Joe Bedenk didn't see the Gettysburg game on Saturday. In fact, although Joe is Coach Bob Higgins' right-hand man, he has seen only 19 of the 64 games that the Lion grid varsity has played since he came here as line coach in 1929.

Most all of Joe's October and November Saturdays are spent in the press boxes of Penn State's grid opponents where he familiarizes himself with their strong and weak points. The scout is an important factor to the success of any team. He often may mean the difference between winning and losing.

Possessing a camera eye, with which he is able to get a panoramic view of the play as a whole and in its component parts, Joe Bedenk is spoken of by many as one of the best scouts in the business. He is able to grasp details that ordinarily would be missed. Other scouts frequently refer to Joe for clarification of certain points.

In scouting Syracuse last year, Joe noted the fact that each backfield man had a pet play. On his particular play the back would play in the tail-back position. When the Orange came to New Beaver field they had considerable difficulty in making ground because the Lions knew just what to expect on each play. A game that was expected to be close turned out to be a pushover for the Lions. Contrary to the opinion of the lukewarm grid fan, scouts are not looked down upon by opponents, but are treated with courtesy, given passes to the press box, and are extended the privileges that any guest of a college would be expected to receive.

Half a dozen scouts of Penn State opponents viewed Saturday's contest from reserved seats in the press box. But things were not always so. Back in the days when Bedenk was assisting John Heisman at Rice Institute of Texas, he went to scout Sam Houston Teachers College in a game. Students watched suspiciously this man who was copying down plays and making notes on their team. When it was learned that he was from Rice, the loyal Houstonians banded together and were going to run Joe out of town. The Teachers College coach arrived just in time to save Joe from an old-fashioned Texas tar-and-feathering.

In 1923, Joe Bedenk was selected as a guard on Walter Camp's all-star team, and is the last of five Penn State players to receive this honor. Known to his teammates as Dutch, Joe stood out at the guard post for three seasons and captained the Lions in his senior year, the year they went to the Rose Bowl. Dutch was the consistent, dependable type of guard. He was a vicious charger and spent most of his time in opposing backfields. An able pun-

ter, he was quite often called back to kick. His hard, fierce tackles often forced the ball-carrier to fumble. Joe was as fast as he was smart, and was seldom injured. Ironically enough, the only game he ever missed was the Rose Bowl contest.

On their way to the Rose Bowl, the Lions stopped off en route for a practice session. In high spirits, a bunch of the boys started wrestling. Joe was unearched from the bottom of one pile-up, and it turned out that his ribs couldn't bear up under the pressure, and just gave way. Joe wasn't able to see action in the New Year's Day battle. He always uses this to illustrate to his charges the danger of horse-play.

In the spring, Joe's fancy turns to the diamond game. He has been head baseball coach since 1930. When Joe left State in 1924, he went to Rice. He left there for Florida University after three years. At Florida he was line coach under "Charlie" Bachman, now at Michigan State. Their 1928 team led the nation in scoring and lost only to Tennessee, 13-12.

Maule, Nipson, Gordon Pace X-Country Team

Trying their best to cover the gaps left in Coach Chick Werner's cross-country team by the loss of most of his best runners, three sophomores have been out on the course day after day and are beginning to look like first class varsity material. These three are Frank Maule, Herb Nipson, and Norm Gordon.

Captain Pete Olexy, Werner's outstanding star and I.C. 4-A hope, is taking the lap around the golf course in his old stride and shows signs of cutting down on his time of last year. Time trials have not been held as yet, and no outstanding newcomer has as yet been uncovered this year.

Edward Leech, editor of the Pittsburgh Press visited the College yesterday and addressed a group of journalism students on "Newspaper Work from the Editor's Viewpoint."
