2 '41 Cliques Combine For Political Fray

Locust Lane Merges With Independents For Elections Set Up To Prevail Only For Present Campaign

By HERBERT B. CAHAN Apparently in an effort to turn the freshman election tide away from the powerful Campus clique, the '41 Locust Lane party has combined with the freshman Independents in presenting their candidates for '41 class elections to be held next Monday.

This unprecedented move, it appears, will make for a more evenly divided fight, inasmuch as the way things stood before, the Campus clique looked like the sure winner in a walkaway. Now, with Locust Lane and Independents merging and a big turnout at the polls expected next week, the vote should be close.

It has been rumored that there is some dissension in the ranks of the '41 Campus party, and if this is true then the Independent-Locust Lane combine should stand a better chance than they would against a united Campus clique.

Campus announced its nominees two weeks ago while Locust Lane and the Independents held off until the merger was final. Now that they have definitely combined they have announced the following candidates: For president, Thomas E. Vargo; for secretary, Louis A. Sipos; for treasurer, Ralph Sapp; and for historian, Milton L. Keiser.

It was made known that this freshman Locust Lane-Independent setup will not be permanent, but is just a move for this election and will not be followed in the Spring campaign. Joseph A. Peel, junior class president, is in charge of the elections next Monday night in the Chemistry amphitheater, and will be assisted by Lion's Paw, senior activities honorary, in the capacity of an election committee.

Xmas Service Scheduled A Christmas vesper service at 4 o'clock Sunday afternoon will be held instead of the usual 11 o'clock morning chapel service, President Ralph D. Hetzel announced yesterday. Prof. Richard W. Grant, director of the College music, is in charge of the program.

She Sings, He Swings, Sophs Hop

MILDRED BAILEY

RED NORVO

P.S.C.A. To Hold 2nd Book Display

About 300 Recent Best-Sellers Will Make Up Exhibit In Library Dec. 13-15

Approximately 300 books will be on display at the second annual book fair to be held in the library next Monday, Tuesday, and Wednesday.

Open to all, the exhibit will be held under student supervision from 1 to 5 o'clock each afternoon and from 7 to 10 o'clock each night.

Further literary interest designed to further appreciation of good books, acquaint the student body with the best of the recent publications, and present an opportunity for an early Christmas gift-book selection, the fair is sponsored by the Christian Association through the cooperation of Willard P. Lewis, librarian, Keeler's book store, and the Athletic store.

Emerson Zettle '39 is chairman of the committee in charge.

Facsimiles Of Famous Paintings On Exhibit

A special one-day exhibition of several facsimile reproductions in color of old masters and modern paintings will be held in the exhibition room of Main Engineering from 11 a. m. to 9 p. m. tomorrow. The collection was made from outstanding European and American publishers.

Exhibited by Dr. Konrad Prothman, in his fifth year as exhibitor, the paintings will be on sale and purchases may be made through him.

Norvo Features Famous Jazzmen

'Mr. and Mrs. Swing' Lead Collegiate Dancers At Sophomore Hop

In addition to the leader being one of the finest all-around musicians in the country, Red Norvo's orchestra features some of the nation's outstanding swing artists. Norvo and Mildred Bailey, the "Mr. and Mrs. Swing," will bring their ace group of musicians here Friday night for Soph Hop.

Tickets will go on sale Friday, and all final arrangements have been made, including the chaperone list and arrival of programs. It was announced by F. Richard Bloom and Irwin R. Supow, co-chairmen.

Sprinkled With Stars Among the famous "hot men" in Norvo's band is Herbie Haymer, who ranks among the best tenor saxophone players. Other stellar performers on their respective instruments are Stew Fletcher, trumpeter and vocalist; Pete Peterson, bass player; Hank D'Amico, clarinet and alto sax virtuoso; and Bill Miller, pianist.

Then, there is Red himself, who presents something new in swing with his xylophone renditions. He is considered as having few peers in the art of playing the xylophone, and he and Mildred Bailey received the biggest ovation of all the East's greatest artists at the first all-star swing concert held in New York.

Eddie Sauter does most of the arranging, and he especially deserves credit for much of the band's success.

Oxford Group To Publish Aims In News Pictorial, 'Rising Tide'

Dr. Frank Buchman Was Founder Of Movement On Penn State Campus During His Office As P.S.C.A. Leader

'There is a rising tide of people in the Oxford Group to make new men and women, new nations, and a new world. How can this be done? In the opinion of the group, God has a plan to answer world unrest. His plan, they say, is an American answer and was first expounded by a man on the Penn State campus a quarter of a century ago.'

Dr. Frank N. D. Buchman, College Y. M. C. A. director from 1908-1913, founded the world-wide movement, now called the Oxford Group, while he was "cleaning up" College conditions.

Mobilizing Spiritual Forces

That God has a plan for every man and that every man can know God's plan is the belief of the Oxford Group which is comprised of thousands of smaller groups in 50 different countries. Its people are trying to mobilize the spiritual or constructive forces in the world to fight the destructive forces of materialism and moral rot that are threatening Christian civilization today.

That there has to be a change in the world and that a rising tide must overcome the faults of modern civilization is recognized by the Oxford Group. To acquaint the rest of the nation with the movement, the Group is publishing a pictorial called "Rising Tide," to be issued next Tuesday.

Absolutism Prevails

The group believes God wants to talk to man and control his acts. In adapting himself to be a good receptor for God's guidance, a member tests himself for absolute honesty, purity, unselfishness, and love for all. These are concrete facts, feels the "groupier" and aid in establishing communication with God. The groupier gives God complete control of his life to right wrongs and to enable him to "listen in." Answers not compatible with the above absolutes are discarded as self-deception.

An advance guard of the "Rising Tide" visited the Penn State Oxford Group meeting of almost 60 persons who met Sunday night at the home of Prof. Chesleigh A. Bonine.

Converted to Group

The oldest living group member, William Pickle, told at the meeting how in 1911 he was "changed" through the influence of Buchman, whom he called his benefactor. Pickle is almost 88 and is a resident of State College.

Penn State 26 years ago was the freshest which now is termed the "Rising Tide."

LeBoutillier Gets Top Matrix Prize

Frieda Knepper, Mary O'Connor Also Honored at Banquet In Nittany Lion Inn

Adjudged as the senior woman contributing most to the College, Naomi C. LeBoutillier '38 was presented with the Matrix Girl honor at the Matrix Table banquet at the Nittany Lion Inn last night.

Other top awards were given to Frieda C. Knepper '38 and Mary H. O'Connor '40. Miss Knepper was named Cap Girl, because of her versatility as manifested by her various activities and interests, while Miss O'Connor received the Quill Girl award, designating the most popular woman on the campus.

Columnist Speaks

Featuring the speakers' program was Florence Fisher Parry, Pittsburgh Press columnist, who talked on "Interesting Personalities I Have Met."

Following a Hindu theme, three Hindu seers—Margaret R. Giffen '38, Edith J. Rowe '38, and Jane Guilek '40—spun the Wheel of Fate to peer into the futures of the guests.

Toastmistress was Jean L. Lyman '38, president of Theta Sigma Phi, national women's professional journalism honorary, which sponsors the affair annually throughout the nation. Entertainment was offered by Bess Edelblute '38 and Patricia Altwater '40.

Honored guests at the main speakers' table in addition to Mrs. Parry were: Mrs. Ralph D. Hetzel, Dean of Women Charlotte E. Ruv, Miss Mary Ellen Burkholder, Mrs. Donald Davis, Mrs. E. R. Van Sant, Amy D. McClelland '38, Italia A. De Anellis '39, Jean L. Lyman '38, Caroline Tyson '38, Ruth L. Boyer '38, and M. Jane Gordon '38.

Heads Installation

DR. FRANK P. GRAVES President of the University of the State of New York and Commissioner of Education for New York state, he will install a Phi Beta Kappa chapter here today.

NYA, Chemistry Checks Available

Students Must Appear Personally At Bursar's Office Before Dec. 15

NYA and chemistry refund checks are now available at the Bursar's office, Bursar Russell E. Clark announced yesterday.

Differing from the procedure of previous years, students must call personally for their NYA checks; present their matriculation cards, and sign their names to the official payroll sheet, in accordance with the regulations of the National Youth Administration.

Extra Hours In Effect

In addition to the regular hours from 8 a. m. to 4:30 p. m. each day, the Bursar's office will be open from 7 to 9 o'clock tonight and tomorrow night. Checks not called for before December 15 will be returned to the state disbursing office.

Chemistry refunds are available to students who have completed all their chemistry courses. The students, however, must appear at the Bursar's office in person. Notices will be mailed only to those who are no longer enrolled in the College.

Banner Will Address Advertising Honorary

Newly-initiated members of Alpha Delta Sigma, national advertising honorary, will hear Prof. Franklin C. Banner, head of the department of journalism, speak tomorrow night on his experiences in the Orient during the past summer.

Banner will speak at a banquet following initiation ceremonies in Old Main. Initiates will include advertising students and public business board members interested in the advertising profession.

Induction Will Take Place In Alumni Office

Exercises To Conclude With Mass Meeting In Auditorium

Hetzel, Morse Will Be Foundation Members

Dr. Frank P. Graves, president of the United Chapters of Phi Beta Kappa, Liberal Arts honorary and oldest Greek-letter society in the United States, will conduct the installation ceremonies of the Lambda Pennsylvania chapter here, which will begin at 4:30 o'clock this afternoon in the offices of the Alumni Association and conclude with an open mass meeting in Schwab auditorium at 8:30 o'clock. Academic gowns will be worn at the first meeting where the induction proper will take place.

President Ralph D. Hetzel and Adrian O. Morse, assistant to the president in charge of resident instruction, will be initiated as foundation members of the chapter.

Invitations to attend the exercises have been sent to the 27 senators of the United Chapters of the society, to representatives of Phi Beta Kappa chapters at other Pennsylvania institutions, and to the national fraternal officers.

Inasmuch as Phi Beta Kappa is the progenitor of the modern social fraternities and the oldest of honoraries, invitations to attend the open mass meeting tonight have been extended also to all local social and honorary fraternities. Students, faculty, and townspeople also are welcome to attend the meeting.

Dr. Carl E. Marquardt, College examiner and president of the local Phi Beta Kappa Alumni Association which will have received chapter status at the afternoon ceremony, will act as chairman of the meeting. Members of Phi Eta Sigma and Alpha Lambda Delta, men's and women's freshman honorary societies, will serve as ushers.

To Talk on Leadership

At the meeting, Graves will deliver an address on "The Duties and Responsibilities of Leadership." President of the University of the State of New York and Commissioner of Education for that state, Graves, who is 68, twice took the degree of doctor of philosophy, once in Greek and once in education.

He was graduated from Columbia with the degrees of A.B., A.M., and Ph.D. He took graduate work at four American institutions and abroad. He holds the honorary degrees of Litt.D. from three colleges, degrees of L.H.D. from two others, and degrees of LL.D. from 17 different universities.

Snow Ball Free For All Hits Campus Fraternities

Incited by heavy snowfall Sunday night, the adventurous youth here ventured out on all parts of the campus to gain vengeance on fraternity rivals through the medium of the snowball.

On the campus proper, fraternities that indulged in the sport were Sigma Chi which accounted for some 30 odd windows in the Sigma Nu house, assisted by various other nearby fraternities, it was learned.

In the Kappa Sig-Phi Kappa Sig district, the former broke some 70 small panes of glass in the house of the latter, but the Phi Kappa Sig, none daunted, retaliated with the excellent coverage of at least eight large panes in the rival house.

Senior class prexy John D. Kenyon, Kappa Sig, firing of the ineffectuality of commonplace snowballs, turned to the Kappa Sig basement and a bushel of potatoes to more strongly defend the house honor with more solid missiles, it was learned.

Twelve Delta Upsilon and about 18 Phi Epsilon Pi windows also were demolished by unknown assailants.

Dick Powell Will Manage Soose In Western Bouts

A contract to fight on the West Coast and a possible entrance into the movies is Billy Soose's reward for his two years of spectacular fighting in the intercollegiate ring.

Dick Powell, singing star of Warner Brothers studios, will back Penn State's Eastern intercollegiate 155-pound champion. Powell first met Soose in Cleveland last summer.

Signs Three-year Contract Soose will leave for California sometime in June, after the end of the second semester. The contract will run three years.

During Thanksgiving vacation, Billy took several screen tests and when in California it is expected that more will be made.

As an intercollegiate boxer here, Soose was the boy wonder of the ring. He won all his college bouts by knockout, including the matches in the intercollegiate at Syracuse last March. His best remembered collegiate bout was the smashing, pounding fracas he had with Artie McGivern, tough Syracuse captain. From the very first, Soose had the upper hand with

Examination Schedule, 1st Semester

*Final examinations for the first semester will be held from Monday, January 24, to Saturday, January 29, inclusive. The designation "SEE LIST" indicates that the rooms for examinations will be announced by the departments concerned.

Any student having two examinations scheduled at the same time or three examinations on the same day is required to report the fact in person at the office of the Registrar on the special form provided there. Seniors graduating at mid-year commencement who have examinations scheduled after Tuesday, January 25, should report that fact on the conflict card in order that they may be scheduled for an earlier-regular conflict examination, if possible. Since grades for graduating seniors are due at the office of the Registrar by noon on Wednesday, January 26, it will be necessary for instructors to give special examinations for such students in certain courses after the conflict examinations are arranged. To receive adjustments, all conflicts must be reported not later than 5 p. m., Friday, December 17, 1937.

Notices of adjustment will be available at the office of the Registrar for those students who filed conflict cards and will be mailed to heads of departments on January 10. Appointment examinations should not be scheduled until after notices of conflict examinations are available. The dates of the appointment examinations will be announced by the instructors concerned. Examinations will be of two hours' duration, beginning at 8, 10:20, and 2 o'clock.
