## NOT ENOUGH ROOMS

THE COMPLAINTS THROUGHOUT the carpus about the use of the water tower, the sheep barns, and Irvin hall for classes this semester show little of the cooperation and spirit that is essential to he College in a time of building stress.

Only a small child would beef and complain about rooms this semester-a person who neither thinks or cares. The College in its present plant is overcrowled. The College with the cooperation of the State and Federal government is alleviating that condition as rapidly as possible. The College is trying to offer educational

The best under the present circumstances is being done. If we are to childish about such a small matter, how intelligently are we going to conduct ourselves under stresses far more criticai?

REPEAT EXAMS

DISCOVERY THAT PROF OLEWINE has given the same examination for Chemistry 30 three s' mesters in a row makes the average person wonder what queer quirk of circumstances made it necessary. Was it. done to pass a respectable number of students in the course?

At any rate it strikes us as a peculiar method of education that is distinctly unfair to non-fraternity men and equally favorable to fraternity men. Fraternitics possess extensive final examination files. Non-fraternity groups do not. Fraternity men could (and did) memorize the final.
