# Height Figures Correspond

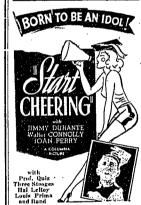

For the first time in 20 years, the weight of the average freshman male student here corresponds to the normal height equivalent, figures released by the College Health Service show

Although the freshman weight scale ranges all the way from 95 to 2661/2 nounds, the average freshman, stretching the tape to 5 feet, 81/2 inches weighs approximately 144 pounds. Tallest first-year man is 6 feet, 4 inches, while the shortest is 4 feet, 10

Meanwhile, the average freshman woman is gradually growing taller, Dr. Joseph P. Ritenour, head of the health service, said. Reaching the 5-foot, 3½-inch mark, the average firstyear woman student now weighs about 122 pounds. Heaviest of the '41 women balances the scales at 189 pounds, with the lightest scaling 85 pounds. The height measurements of the women range from '4 feet, 9½ inches to 5 feet, 9 inches.

## Freshman Weight, Co-Eds' \$400,000 Activities Building To Be Ready In Fall

The Methodist church gymnasium will no longer be used for modern dance classes, the armory will be left to the R. O. T. C. men instead of being a place where women play basketball, and Mac Hall dining room will no longer echo with dance music. The new women's activities building will be ready for use upon the opening of the fall term.

The third, floor will be given over

The outline of the swimming pool in the building can be seen now. The pool, which will be in the basement, is the first to be finished so that the cement can be poured and the steel tank put in before the walls are built. Also in the basment will be locker who cannot participate in active sports. sports. rooms and ample space for equip-

ment.

Bowling, Squash Included

A bowling alley and squash room will also be on the first floor. Another yroom is to be used for archery and rifle unrelice.

The fundation will also be on the first floor. Another yroom is to be used for archery and for the lobby of Francis Atherton ("The farctice.")

omics building, a rhythm room in the new building will be used for dancing

There will be a room for body me

# Chapel Audience Hears Dr. Elliot

Psychologist Says Graduating Student Still Doubtful Of What He Wants

Dr. Grace Loucks Elliot, eminent psychologist and author, told the chapel audience at Schwab auditor-lum Sunday morning that in finding an answer to the vital problems of today, they will find a reason for liv-ing.

ng. "So what? is the common question "'So what? is the common question asked by the college student of to bysyl" said Dr. Elliot. "They have grown up; they have planned and hoped, and they are about to graduate, yet they still ask this question. They don't know what they want." College students, she added, must realize that the people who are recovered.

gnized as geniuses are no exception

ognized as geniuses are no exception, but merely those who observed everyday occurances. Life must be lived in the present, she said.

"Teens and twenties are not the happiest time of your life—that comes around 60 when you have experience behind you," she said.

ocopie are invited to the services.

#### Ag. Eng. Course Gets 101 Student Increase

With an increase over last year of 101 students, making a total of 262 at present, the agricultural engineering history of the College, according to Prof. Ralph U. Blasingame, head of the department of agricultural engi-

neering.

This increase, which is prevalent
in many parts of the country where
agricultural engineering is offered, is
probably due to the present trend
which calls for more development and xpansion in this field, Blasingame
