Now A Model

Shining starlet of the RKO studios, Lola D. Murray '39, who was signed while still a student here, has shunted her movie tasks temporarily to model for a noted Manhattan dress concern. She flew by plane from Hollywood to New York City last week to fulfill the engagement.

Dance Bars Frat Men

Inasmuch as the silent period will be in effect during the time of the Freshman Mixer and Dance in Recreation Hall, the Rushing Committee has warned that the presence of fraternity men within the Hall will be regarded as a breach of the rushing code.

Open house will be in effect Sunday, but freshmen going to the fraternity houses from 10 a. m. to 5 p. m. must do so unaccompanied by any fraternity members.

Sandwiched in this period will be another silent period of one hour from 12 noon to 1 p. m.

Ban Lifted Sunday

From 6 p. m. to 10 p. m. Sunday, the ban will be lifted and fraternity men will be permitted to accompany freshmen to their houses.

After another period of informal contacts from 3 to 5 p. m. Monday, freshmen will obtain "date cards" in the First Floor Lounge of Old Main from 5 to 11 p. m. Monday.

Informal contacts again will be allowed from 7 to 11 a. m. Tuesday morning, when the rushing season will get into full swing with luncheon dates from 11 a. m. to 4 p. m. and dinner dates from 5 to 10 p. m.

Preferences Designated

Saturday, however, dinner dates will terminate at 7 p. m., when all preferences must be turned in by the rushers.

After a two-hour silent period that will last until midnight next Saturday, fraternities will be permitted to obtain the preference cards.

With the exception of another silent period from 2 to 3 p. m. Sunday, September 18, open rushing and dating will prevail from 7 a. m. to 10 p. m. on that day.

Chinaxing the rushing period after another silent spell from 10 p. m. Monday, September 19, will be the pledging ceremonies, at which rushers will appear at the fraternity of their choice to be pledged into the organization.

60 Would Be Employed In Camp Construction While Enrolled At College

25 Prospective Sites Await Approval From Washington; 2 Are Scheduled To Open This Month

A new resident work center may be established in State College this month by the National Youth Administration.

This was disclosed here during the week-end by Cecil Schwartz, assistant state director of the N. Y. A.

According to present plans of the administration, approximately 60 boys would be employed in constructing residence camps.

Later they would divide tentative work on the college campus with instruction in short term agricultural courses.

Numerous Sites Listed

"We have between 20 and 25 prospective sites in mind for future work centers and will proceed to start them as soon as they are approved in Washington," Schwartz was quoted as saying by the Associated Press.

The NYA expects to open at least two new centers before the month is up, Schwartz said.

The other center, would be located at New Castle, where a girls' encampment would employ 50 to 60 in making visual aids for the Teachers' College of Western Pennsylvania, and in making bedding and sheeting for use in other boys' NYA centers throughout the state.

Payment Of Fees By Freshmen Set For Sept. 15, 16

Upperclassmen To Enroll Monday, Tuesday In Recreation Hall; Bills To Be Met September 22, 23

Penn State's newest class—approximately 1,500 freshmen—will officially become a part of the College when they register in Recreation Hall today and tomorrow.

An additional 300-odd students already have begun their studies at the four undergraduate centers in Pottsville, Uniontown, Hazleton and DuBois.

Upperclassmen will register on Monday and Tuesday from 8 a. m. to 5 p. m., broken only by the regular noon-hour period.

Following the streamlined system patterned last year in an effort to mechanize and expedite the whole process, actual registration again will be separated from payment of fees.

Six Periods for Freshmen

Divided into a half-dozen periods, freshmen will register as follows:

Today
10 a. m. to noon—Agriculture and Physical Education students
1:10 p. m. to 3 p. m.—Chemistry and Physics students
3:10 p. m. to 5 p. m.—Home Economics and Mineral Industries students

Tomorrow
8 a. m. to 10 a. m.—Engineering students
10 a. m. to noon—Liberal Arts students (all women, men from A to E)
1:10 p. m. to 3 p. m.—Liberal Arts students (men from F to Z)

Fees Paid in Armory

Freshmen will pay fees in the Armory next Thursday and Friday, with doors open continuously from 9 a. m. to 5 p. m. each day.

Upperclassmen, registering on Monday and Tuesday, will not pay fees until Thursday and Friday, September 22 to 23. The same schedule will prevail.

Students who have had their applications for deferred payment approved must post their initial installment at the regularly-scheduled time.

The usual five-dollar fine for late registration or late payment of fees will be enforced.

Collegian Dance Will Inaugurate '38 Social Year

Fourteen hundred freshmen guys and gals in town and they don't know each other. Something will have to be done about that, and the Collegian hopes to do it.

Traditional way of getting acquainted with a fresh beauty at State is to take her to the first dance of the year, the Collegian dance. This year the affair promises to outlast last year's. The dance is set for Friday night, October 7 in Rec Hall. Music will be furnished by Jack Bigham and his orchestra.

Dating Bureau Opened

This year the Collegian will sponsor a new feature in the staging of the dance. For the first time a dating bureau will be operated on the campus. Prospective Beau Brummels will turn in their qualifications as well as their wishes, and the man-hungry ceds will do likewise. The oft-quoted saying, "Around and around the wheel of fortune goes, and where she stops nobody knows" will probably best serve to convey the workings of a dating bureau.

\$1 Fee Will Finance Stock Judging Team

Only Ag Students Affected By Plan To Bring \$1,000 Each Semester

Students in the School of Agriculture will pay an extra one-dollar fee each semester to finance the College's stock judging team.

The fee, finally approved by the Board of Trustees last May after a 20-year effort to find a "suitable" plan, will be added to the regular bill of agricultural students only.

Expected to bring about 21,000 this semester, the plan will be utilized to provide transportation and hotel expenses for students participating in intercollegiate judging contests.

Should a balance accumulate at the end of any semester, additions are that the fee will be decreased correspondingly to a point where expenses would just be cleared.

Besides the general fee of \$1.00 which is required of every student, the following fees will be assessed on men this semester:

Class dues, \$2.40, military training deposit (ROTC student) \$15.00, Swimming, \$1.00

For Women—besides the general fee—Lodge, \$117.00, room rent, \$56.00-\$72.00, class dues, \$2.40, Key deposit, \$5.00

The \$1.00 fee for the Agricultural judging team applies to both men and women in the School of Agriculture.

Freshmen in the various sections will also pay fees in excess of those above. The amount may in some instances be somewhat less if certain elections of their year are made.

Handbooks Available

Upperclass students may receive a copy of the 1938-39 edition of the Student Handbook by signing at the Penn State Christian Association office. Freshmen who did not receive the booklet through the mail, also may secure a copy at the P. S. C. A. office.

FINEST ISSUE

The Collegian has ever published. That's what every one is saying about the NEW Collegian's first issue this semester—students, alumni, faculty, townspeople, administration members. Yes—and one of them writes a letter of congratulation which is published today, in
