Roethke Eyes Tennis Squad

Getting a preliminary view of his 1939 Nittany tennis contingent, Coach Ted Roethke has been drilling a promising squad of racket-wielders on the asphalt court this week in preparation for the first match with Penn after vacation.

Unable to work out on the varsity courts because of inclement weather, the candidates, led by Captain Al Hildebrandt, are taking advantage of every opportunity to whip into shape for the crucial opener with a strong Penn team in Philadelphia April 15-17.

Holdovers from last year's team, who have reported for practice are Hildebrandt, Jerry Goodman, Carl Arberg, and Bill Wiley. Several outstanding members of last season's freshman squad have also sounded a threat for starting posts with the current court team.

Gene Surzen played his final round in the Miami open golf tournament in two hours flat, and in 70 strokes. He wanted to catch a train so he could eat his Christmas dinner at home.
