MATTERS POLITICAL

SEVERAL INSERTIONS, several omissions, and the Code for Elections has been made to conform with our new student government

For the first time in the history of the College, the entire student body will be voting at a general election

Not only will class officers and School Council members be elected, but also the newly-established offices of all-College President and all-College Vice-President must be filled

To the College politicians goes the task of selecting the qualified candidates. To the student body goes the undeniable privilege of putting the best candidate into office

IN DEALING with the electorate the same problem that exists in the country at large holds for this campus—the same, in its limited scope, as that faced by American parties

With the cooperation of such an activity as campus politics, the Elections Committee is in a position to offer this convocation

CLASS POLITICIANS have been whipping party alignments of preceding years into shape for several months now

It is the spirit of the organizers, the interest of the student body, and the enforcement of a sound Elections Code that makes for better student government

Student politics does not exist here as an evil. It is not something to be avoided by the masses and devoted to the few

LET 'EM EAT CAKE

TO YOU, Dr. Marquardt and others on the Artists' Course committee, we address our sermon today. "Let 'em Eat Cake"

For the past several years the Artists' Course has been losing the support of students until this year less than 600 tickets were sold to students

We know the purpose of the Artists' Course is educational as well as entertaining and that the committee hopes to get artists who will install in the hearts of their audience a taste for the cultural and classical

Well, why not get such artists, but throw in at least one number with popular appeal for students—a number which has all the abandon and spirit of modern youth and will make them fight for tickets

Give them the staid and classical, the cultural bread of life. But also let 'em eat cake—swing bands, frothy speakers or touring stage stars

OLD MANIA

Return Of The Native:

The worst thing about vacations is returning to Penn State's sod. Where the Sigma Nus speak only to Betas and the Betas speak only to battenders.

Easter Bunny Banter:

While most of you book-hounds were still in school, we advertising majors, along with miners, geologists, and sundry engineers, were out hollering in the world of dinner pails and trolley tokens

Stopped in at Doggy Alexander's Old Grad Tavern, a nice spot, noticed the names of Ed Desmond, Bob Wiggins, Walt Sypher, and Roy Hanna on the log book at the door

The best column item we read during vacation was Winchell's. It seems that Smelein Lewis, the novelist, got a fan letter from a Southern gal, who offered to be his secretary

I Want Some Sea Food: The collegiate order of the day calls for a Penn State man to put the Nittany Lion into headlines by setting a record in goldfish swallowing

Best Dance Of The Year: How would you like to take in a dance with music furnished by Tommy Dorsey, Aitie Shaw, and Benny Goodman?

1941 Independents Pick Backenstose

(Continued From Page One)

with Howard C. McWilliams, presidential nominee, merely made authentic the obvious pre-Easter step taken by the Independent group to include a woman in its lineup

Both parties in the Junior and Sophomore class now sport complete candidate lists. Only the opposing School Council candidates for the 1942 parties remain unselected

With the approval of the 1939 Election Code (the complete text of the Code will appear in the next issue of the Collegian), all parties are aiming toward the April 25 deadline when actual, approved campaigning gets underway

Commencement programs, announcements, and invitations will go on sale today at the Student Union Office in Old Main. Orders must be placed by next Tuesday in order to allow for return in time for graduation
