

ANNOUNCEMENTS

30TH ANNUAL SUMMER SESSION

THE PENNSYLVANIA STATE COLLEGE

All hours as designated below are listed in accordance with Daylight Time. The Summer Sessions Office, Education Building, will be final authority on hours if conflicting time is found in the Collegian.

MONDAY, JULY 3

8 A M to 12 Noon, and 1 30 to 5 P M Registration for the Main Summer Session Recreation Hall
Community Celebration and Carnival in the evening

TUESDAY, JULY 4

Holiday No scheduled meeting of classes. Community Celebration and Carnival during the day and evening
8 A M *Excursion to Alexander Caverns. Leaves from the drive between Maple Lodge and the Infirmary. Fee for admission to caverns—75 cents

WEDNESDAY, JULY 5

8 A M Main Summer Session classes begin
3 P M Gaiden party for summer session students registered in courses in the Department of Home Economics Nursery School Gaiden (In case of rain, the party will be held in the Nuissey School)
7 30 P M First Summer Session Assembly and Student Sing under the direction of Professor Richard W Grant Schwab Auditorium
8 30 P M Industrial Education Conference Lecture by Dr G D Whitney, Associate Superintendent in charge of Secondary Education, Pittsburgh, Pa Public Schools Home Economics Auditorium
8 45 P M Forum Discussion, American Art Today, Professor J Burr Helme, Professor of Architecture Schwab Auditorium

THURSDAY, JULY 6

3 P M Tea for wives of graduate students. Old Main Sandwich Shop
4 P M Symposium in Public Speaking Topic, "Public Speaking in Ancient Greece and Rome," led by R E Dengler, Professor of Classical Languages Schwab Auditorium
7 P M Combined meeting of Phi Delta Kappa and Iota Lambda Sigma Speakers, A S Hurrell, Director of Education Extension Alpha Gamma Rho House
8 30 P M Concert by Herman Ivatson, Norwegian Bass-Baitone Schwab Auditorium
8 30 P M Reception and dance for Summer Session students and faculty. Open to regularly enrolled students, faculty members and their families. Students will be admitted on presentation of matriculation card. Recreation Hall

FRIDAY, JULY 7

3 P M Lecture and Demonstration, "New Methods in Reading," by Miss Lillian Russell, of Rowe, Peterson and Company, New York Reading Clinic

SATURDAY, JULY 8

1 30 P M *Excursion to Penn's Cave. Leaves from drive between Maple Lodge and the Infirmary. Admission fee to cave, 75 cents

SUNDAY, JULY 9

7 30 P M Vespers Service. Address by Dr Raymond Kistler, Central Presbyterian Church, Rochester, N Y Schwab Auditorium

NOTICES

Graduate students doing work toward the master's or doctor's degree must have their schedules approved by and register with the Dean of the Graduate School, Buckhout Laboratory (Botany Building). Dean of the Graduate School may be consulted in Recreation Hall today.

Student cars are to be parked only in the specific parking areas set aside for students, as stated on the special driving permit. No overnight parking on the campus drives will be permitted.

Elementary and advanced classes in modern social dancing will be conducted during the Main Summer Session. Ten lessons, without credit, are given for a fee of \$2.50. Classes meet in Recreation Hall two nights weekly. The first meeting will be announced later by the instructor, Miss Jessie Cameron, of the School of Physical Education and Athletics.

Students must assume responsibility for seeing that they are properly enrolled and that their names are on the instructor's class roll. No credit will be granted to students who are not registered properly, although they may be attending classes regularly. There can be no exception to this regulation.

No student may be transferred from one class or section of a class to another, except by transfer properly executed in the office of the Dean of the School in which he is enrolled, or in the Office of the Director of Summer Sessions (for unclassified students only).

Players are entitled to the use of the tennis courts, provided reservations have been made in advance. Court reservations may be made by calling "College" and asking for the "Tennis Reservations" extension telephone.

The swimming pool in White Hall will be open for women students enrolled in the Main Summer Session daily Monday through Saturday, 2 to 5 30 p m, Monday through Friday, 7 to 9 p m, and Sundays from 2 30 to 5 30 p m. There is no admission charge, but individuals wishing to use the pool must arrange to take a physical examination given by the College Health Service. This examination may be taken in the College Dispensary between 8 a m and 12 noon, and 1 30 to 4 p m. Swimming suits will be provided at the pool.

During the week of July 5 to 10, there will be a Circulating Exhibition of Southern Print Makers in the College Art Gallery, Room 303 Main Engineering Building.

Fees for the Main Summer Session are payable at the Bursar's Office, Main Floor, Armory, on Friday, July 7, 1939.

*Individuals interested should confer with Professor W R White, Director of Excursions, who will be at the College Library from 7:45 to 8 15 a m, and from 12:15 to 12:30 p m, daily except Saturday and Sunday.

4th of July Celebration Slated Today, Tomorrow

The annual Fourth of July Community Celebration, sponsored by the Alpha Fire Company of the Borough, will get under way tonight with festivities slated for all day tomorrow.

Highlighting activities include an amateur hour, pet show, baseball game, and parade. Bingo and other games of chance will be run both nights.

Noted Harpist Scheduled To Present Concert Here

Lois Bannerman, one-time student of the eminent harpist, Carlos Salzedo, will give one of the Thursday evening concerts during the Summer Session. Following her appearance at Chautauqua Lake, N. Y., last summer, Albert Stoessel, conductor stated, "I do not hesitate to place her in the very front rank of present-day artists."

3,000 STUDENTS ARE EXPECTED TO ENROLL; REGISTRATION WILL GET UNDER WAY TODAY

James Drops Appropriation To His Figure; \$1,800,000 Dormitory Allocation Doomed

Omnibus Relief Bill Balks New Building Program

Special to the Collegian
WASHINGTON, July 2—Chances for a new appropriation of \$1,800,000 for dormitories at the Pennsylvania State College appeared dashed today as the omnibus relief bill, passed last week by Congress, becomes a law, effective Wednesday.

The appropriation, first sponsored by Gov George H Eadle and approved last May by Gov Arthur H. James, would have come to the College jointly through the General State Authority and the Public Works Administration. Inasmuch as the PWA has been restricted to participating only in projects not exceeding \$52,000, however, the GSA will be unable to obtain the necessary 45 per cent from that agency.

The PWA grant, under previous GSA plans, would have amounted to approximately \$810,000, with the state supplying the remainder, which would have been repaid within 25 years by the income derived from the new buildings.

As outlined last fall the project would have entailed an expenditure of some 2½ millions for another women's dormitory housing 425 students, four men's dormitories housing 500, a cafeteria for 1,000, a wing to the infirmary and additional boiler and power house space to provide for heat and power for the expanded College facilities.

Under the revised plans approved by James the project would have eliminated, it is believed, the cafeteria, infirmary wing and some of the men's dormitories.

Library Messenger To Deliver Books

A messenger service for the delivery of books for two-hour periods to the faculty offices will be provided by the College Library during the Main Summer Session. Books loaned under these conditions will be collected, but no collection will be made for regularly-charged books.

Delivery service will be available by calling Miss Katharine Stokes at the Central Library from 9 a m to 12 noon and from 1 30 p m to 4 p m daily except Saturday and Sunday.

HEAD FRENCH INSTITUTE

FREDERIC ERNST

FRANCIS M DUMONT

'Nights Of Paris' Come To Grange

Miniature Colony Is Embodied In Institute of French Education During Session

Paris comes to State College. Penn State will have its own miniature French colony at Grange Dormitory when the annual Institute of French Education gets underway today.

Initiated for the purpose of giving students an opportunity to achieve fluency in speaking French, the Institute maintains a "no English" rule which requires exclusive use of the French language in and out of the classroom.

Head of the Institute is Prof M Frederic Ernst, of the New York University French Department. Ernst was associated with the University of Wisconsin from 1911 to 1923, served with the Soisbonne Detachment of the A E F in 1919, journalist in Paris 1923 to 1925. He has spent his summers in State College since 1928.

Visiting professor of the Institute is Mathurin Marais Dondot, noted French grammarian who has also distinguished himself in the fields of literature, art, and poetry. Most famous of his works are "Contes Dramatiques" and his textbook "Modern French Course."

He has been associated with the French School of Mills College, the University of Wisconsin, Smith College, Hunter College, Princeton University, Columbia University and the University of California.

\$4,425,000 Biennium Set As Governor Signs Measure

Special to the Collegian
HARRISBURG, July 2—The Pennsylvania State College today held a general maintenance appropriation for the 1939-41 biennium of \$4,425,000—more than a million dollars below the College's requested \$5,593,445, described as the minimum amount at which it could operate efficiently.

Although the State Legislature boosted Gov Arthur H James' budget allocation by \$50,000, the Governor, exercising his power to reduce appropriations, slashed it to his original estimate, maintaining it at "substantial allowances" for maintenance for the next two years.

(For the 1937-39 biennium, with 11 fewer buildings to maintain, the College received an appropriation of \$3,150,000.)

Besides the general outlay, the Governor also signed bills allocating \$50,000 to the School of Municipal Industries, \$20,000 for research in child nutrition and \$35,000 for research in anthracite and bituminous coal.

The \$35,000 for coal research represents a decrease of \$15,000 from the amount okayed by the Legislature.

The Governor also killed a bill appropriating \$25,000 for repairs to the Mont Alto Forest School grounds that the 1937 act deeded the school to the College imposed upon it the duty of maintaining grounds and buildings.

The College originally asked for \$8,490,791.14 but later scaled it down to \$5,593,445 when Governor James ordered all budgets reduced.

Health Service Will Be Open To Students

Complete facilities of the College Infirmary and Dispensary will be available to all students attending Summer Session with a complete staff on hand at all times.

Office hours at the Dispensary located in Room J Old Main will be 8 a m to 12 noon and 1 30 to 4 p m during week days with no afternoon hours on Saturday. The Infirmary will be open at all times.

The regular assessments for minor treatments will be charged as well as the regular infirmary fee of \$2.50 for each day of confinement.

Expanded Program With 500 Courses Begins Wednesday

Dean Marion Trabue Heads Annual Summer Session; New Buildings Stay Closed

More than 3,000 students are expected to enroll for the Main Summer Session at registration in Recreation Hall today. Registration time will be from 8 a m to 12 noon and 1 30 to 5 p m.

Headed by Dean Marion R Trabue, the 30th annual Summer Session looks as the greatest in the history of the sessions. Approximately 500 courses will be offered.

With tomorrow a holiday, classes will not get under way until 8 a m Wednesday.

The new buildings will not be available for the Session it has been announced.

The first Summer Session assembly and student sing will open social festivities in Schwab Auditorium at 7 p m Wednesday.

Fees For Session Paid In Armory On Friday

Fees for the Main Summer Session will be payable on the main floor of the Armory Friday. Windows will be open from 9 a m to 5 p m. Daylight Saving Time.

Windows will be arranged alphabetically and students will pay according to their last name.

Registration Plans Outlined
Registration plans tomorrow call for undergraduate students to have the signature of their official faculty advisors and present approved schedule cards at the designated table in Recreation Hall.

Advance registrants who have their approved schedule cards and student number must obtain a matriculation card before continuing with the process of registration.

Summer session and other students who have not registered in advance must secure an application blank at the entrance to the building and then continue the registration procedure.

Follow Designated Procedure
Graduate students must apply for admission at the College Examiner's office, Room 108, Old Main. Other stipulations which have been made will be revealed at registration.

Application blanks, bulletins, classroom schedules, and petitions for extra credits will be available at the entrance in Recreation Hall. Students will then follow the designated procedure of registration.

Students' Regulations Set Forth

Dorm Women Given 11:30 Time Limit; Deans List Rules

Platen's houses open to summer session students will be subject to restrictions, Dean of Men Arthur R Warnock announced yesterday.

Drinking and gambling in the houses will be forbidden and the privilege of entertaining unchaperoned women guests does not exist, Warnock stated.

Penalties for breaking the regulations include closing of the house for the remainder of the session and dropping of individual students.

Women's residences, including dormitories and private homes, will be closed to callers at 11 30 p m on all nights except Friday and Saturday when callers may stay until 1 00 a m, the office of the Dean of Women announced yesterday.

Dances may be held only on week-end nights and must close at midnight, while notices of dances are to be registered at the Dean of Women's Office two days in advance. All students living in the residences are expected to notify the chaperon in advance of any overnight absence from the house.

In case of sudden illness or accident, students are requested to contact the College Health Service, Room 3, Old Main.

Flash! Students At State Study Without Orders!

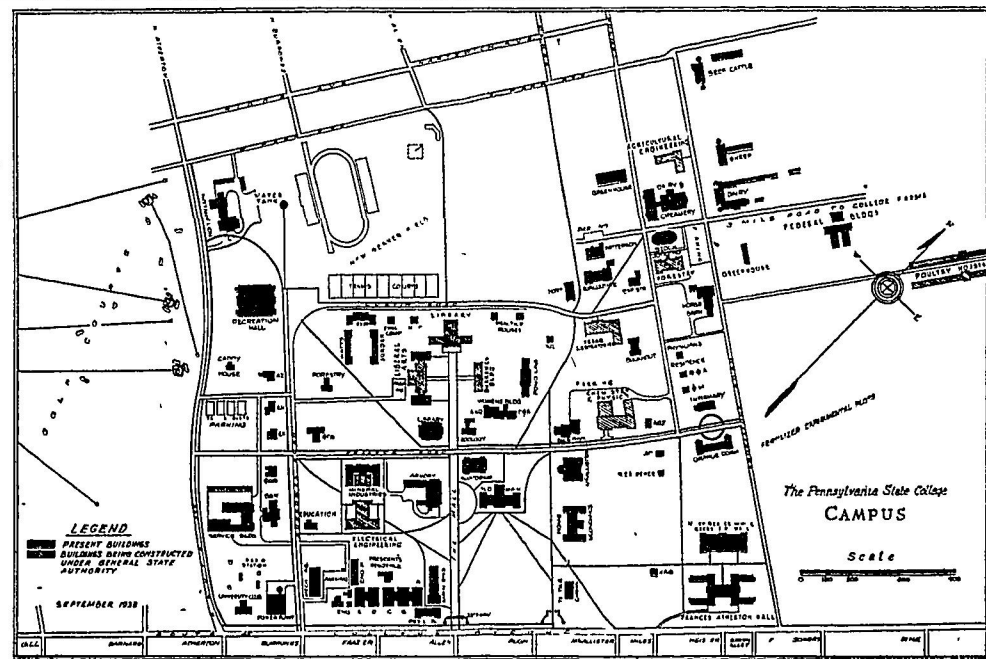

Strange as it may seem, the students in the School of Engineering actually spend more time in preparation for their classes than they are expected to do by the faculty.

This fact and many others were disclosed in a survey conducted by the committee on the program of the engineering faculty. The survey, conducted in order to discover whether the students were carrying too heavy "a load," includes data on studies and extra-curricular activities.

It was found that in addition to their studies, the men, in general, found 5 hours a week for social activities, 6 9 hours for athletics, and 2 7 hours to perform any official duties they may hold in a fraternity or campus organization. These figures, however, are not all-inclusive, but do represent a relatively high cross-section of the enrollment.

The findings of the survey will be used by the faculty in planning future work in the engineering courses. It has also been announced that further surveys will be distributed in the forthcoming years to note the trend along the lines already marked and additional ones that may appear.
