### Weaver, Harwick Plan New Set-Up For 1940-41

#### WSGA Hopes To Create More Coed Interests

"Creating more coed interest in student government is one of the important problems facing the new WSGA senate," stresses Elinor L. Weaver, 1940-41 WSGA president.

Weaver suggested the need for better transfer orientation by the House of Representatives and wider big-sister contacts with freshman women.

"Immediate WSGA plans are the evaluation of the All-College government from the women's angle," the new president stated, "and the getting up of our WSGA constitution which has been in the building process for several years."

Miss Weaver went on to discuss the point system which Junior Senators will begin work on immediately. As for government committee work, she says point seating will give more women opportunities to serve on groups and eliminate overworking a few.

### WRA Expects Fuller Sports Participation

"I hope that each woman will realize White Hall is for her use, not only to achieve athletic skills, but to develop desirable personality traits," declared Margey A. Harwick, 1940-41 WRA president, when interviewed Sunday.

"With a catalogue system to index sports activities of all women and a survey to determine how they spend their leisure time, W. R. A.'s goal is fuller participation," she explained.

Pleased with the intramural program, club activities, and the Camp Conclave, Miss Harwick is looking forward to Sports Day, slated for April 27 and 28, when delegates from 20 colleges will compete with State coeds.

"Work on all-college honorary ping pong and bowling teams, paralleling the honorary badminton team, will start immediately," the new president stated.

### Drydock Will Conduct Survey To Determine Keeping Club Open

A survey on the feasibility of keeping the Drydock Nite Club open until the end of the semester will be conducted after Easter vacation, the club committee announced yesterday.

It was originally planned to close the Drydock as soon as the weather got warmer, but its popularity may bring the change, committee members declared.

The survey, to be conducted over the period of a week, will seek opinion on keeping the club open and rate the popularity of floor shows that have been presented. Ideas for future floor shows, and suggestions for improving the Drydock will be asked.

Because the Independent Men's Association Dance is on the Saturday following the vacation, the club will not be open on Saturday. It will re-open the following week.

### Kirkpatrick To Captain Swimmers Next Season

In the Eastern Intercollegiate tournament in Philadelphia over the weekend, he won his preliminary heat Friday, but bowed out in the semi-finals Saturday although he made his best time of the season.

#### 99 Claims For \$7,736 Total Have Been Paid In 11 Months Operation

A dividend may be declared by the group hospitalization plan of the College after operating and other expenses are deducted from the surplus fund it was reported by Prof. Allen E. Wierman, engineering extension division, at an open meeting of participants Thursday.

There were 99 claims in the first 11 months since the plan began on April 1, 1939. Of the total, 72 claims were surgical.

A total of \$7736.17 has been paid out in claims while \$15,330.17 was paid into the fund. The highest paid claim was for \$386.

Operations paid for by the fund were: 26 tonsillitomies, 10 appendectomies, four hernias, and three obsterical cases.

An alternate three-cent a day plan to include the families of the enrolled individuals was discussed. The plan, however, would not include the surgical benefits.

This week's Post brings you in words and pictures the spectacular story of his zigzag career, what he thinks, and what he dreams of doing next...

### THE STORY OF JIMMY CROMWELL

- ★ **I WAS A PRISONER ON A SUBMARINE.** Lights winked out of the blackness. Someone said, "Submarine!" And within minutes, eight dumb-founded passengers were hustled off their America-bound liner and into the sub. The writer tells what he saw, and what happened during his ten days as an underwater war prisoner. Read the strange document in this week's Post, by HUGO BLEIBERG.
- ★ **FOOL FOR A WIFE.** She was too pretty for a farm wife, they said. And too silly. Photographing flowers, while the dinner burned! Strolling in the woods, while her husband plowed... Then something happened to make neighbors wonder who the real fool was. A short story, *Perley Thinks I'm Silly*, by DAVID LAMSON.
- ★ **"WE'LL BEAT THE YANKS!"** "Last season we batted .291 to the Yanks! .288, beat them 11 games to 8. Break up the Yanks? I say build up the Yanks! We want to win the pennant by a knockout, not a foul!" The Red Sox Manager this week tells you the fine points of his team, his recruits and his "farm" prospects. Told, with George Kirksey, by JOE CRONIN.
- ★ **FRESH-WATER MERMAID.** When a man makes a fool of himself over a woman, everybody knows it—except the man himself. Lydia, with her wide blue eyes and her taking ways, had Des hooked plenty and was reeling him in. His fishing partner just had to invent some way to shake loose that hook! A new big game fishing story by PHILIP WYLIE.
