Bramble Elected Counselors' Head

Detailed Plans Released For Fraternity Booklet

William C Bramble was elected president of the Association of Fraternity Counselors to succeed Alex Black at a meeting of the group Tuesday night.

A committee report disclosed that the fraternity rushing booklet will be ready for distribution before school closes. The booklet will have 16 pages and will be printed in black, green, and gold on glossy paper.

Sections in the profusely-illustrated booklet will be devoted to the typical day of a freshman, fraternities and scholarship, social activities, the cost of a fraternity, "intangibles," and "How Do I Become a Fraternity Man?" Pres. Ralph D Hetzel will write an introduction, and Dean Arthur R Warnock will contribute a message to incoming freshman and transfer students.

Other officers elected at the meeting were James E McCoird, vice-president, Jesse S Doolittle, secretary, and Charles Schlow, member of executive committee.

Eight members of the association were proposed to Intrafraternity Council as possible members of a committee to enforce the rushing code. IFC will decide on four of the men, who will then pick a fifth member.

St Paul, Minn., courts and charitable institutions will serve as the laboratory for College of St Thomas sociology students.

- Politics**
(Continued from page 1)
- system and the extension of visiting hours at the Infirmary
- Establish a better advisory relationship between students and faculty
 - Further the "co-operative" movement of the Penn State Campus
 - Establish a committee to aid in the orientation of transfer students
- '41 CAMPUS PLATFORM**
- The appointment by the All-College President of an undergraduate committee to establish better relations between alumni and the student body
 - The support of the All-College placement bureau to coordinate the work of the various schools in finding jobs for graduating seniors
 - The exemption of any student from final examinations in any course in which he has a "2" average or better
 - The continued support of the "Drydock" as a worthwhile social center on the Penn State campus
- '42 Campus Platform**
- Establish the Charity Ball as an annual dance, the entire proceeds of which will go toward setting up a fund for needy students
 - Advocate and actively support the establishment of a student placement service for graduating seniors
 - Reorganization and improvement of the entire athletic set-up at Mont Alto, with numeral awards for successful competitors
 - Pledge 100 per cent support for a permanent ice skating rink for student use only
 - Guarantee full cooperation in the establishment of a Lion Shrine
 - Continuation and improvement of the existing student book exchange
 - Organization of a legal advisory committee composed of faculty members for aiding undergraduates in difficulty.
 - Increasing student parking facilities at Penn State.
- '43 Campus Platform**
- The exemption of any student from final examinations in any course in which he has a "2" average or better.
 - The encouragement of a more efficient Health Service for Penn State
 - An indefinite continuation of the "Drydock"
 - A sincere effort to open the various shops of the College Saturday afternoon and Sunday for those who wish to work on a hobby
 - Fulfill the prevalent need for a drinking fountain in Mac Hall.
 - Give the sophomore class the power to vote for its choice of an orchestra for Soph Hop

Can Your Shirts Stand A Close-Up?

ALL shirts at a distance look more or less alike, but in a candid close-up Arrow shirts are instantly distinguishable because of their trim, good-looking Arrow collars.

Arrows are precision cut, evenly stitched, and shaped to fit the curve of your neck, with the pattern on the collar points symmetrically balanced.

No unsightly bunching or collar-curling has ever cursed an Arrow shirt. They're Mitoga shaped to fit and Sanforized. Shrink... fabric shrinkage less than 1%. Get some new Arrows today, before your next date... \$2 up.

New Circulation Records Used In Central Library

McBee Keysort Slotted Cards Substituted For Library Call Slips; Book Cards No Longer Used

A new method of keeping circulation records, by which McBee Keysort slotted cards are substituted for library call cards and book cards are no longer used, is now being used in the Library.

Providing an economical way of sorting cards rapidly and accurately, the McBee Keysort card has round holes punched adjacent to the edges of the card. A sorting code has been worked out whereby slotting away the part of the card between hole and edge makes a notch, which establishes the desired classification.

When the borrower wants a book, he fills out the card giving call number, author and title, and signs his name, address, and college status. The library assistant stamps the date due and slots the card to indicate the desired classification of the charge.

To Provide Statistics

Thus this one card, while filed by call number, will through a process of sorting by a needle indicate the date due or any other information that may be desired. After all records have been changed to Keysort cards, these will be employed to provide statistics for reading surveys as well as to indicate overdue books.

Borrowers have been asked to cooperate with the Library by filling out the McBee Keysort cards completely, legibly, and accurately. Posters with specific directions have been placed near the circulation desk in the Library.

Tennis Courts Now Open To Students And Faculty; Phone For Reservations

The tennis courts are now open to the student body with the system of making reservations, inaugurated two years ago, again in use this spring. Dr. Carl P. Schott, Dean of the School of Physical Education and Athletics, announced yesterday.

Approximately 1800 students and 62 faculty members used the courts during May last year under the present plan, which permits courts to be reserved a day in advance.

"Reservations may be made by dialing the College and asking for "Tennis Courts." Courts may be reserved for only one hour, and if they are not taken up within 15 minutes of the specified hour, the reservation is automatically cancelled.

The man in charge of reservations will be on duty from 8 a. m. to noon, and from 1 to 5 p. m. during the week. Sunday hours are from 1 to 5 p. m. He will be located at the New Beaver Field ticket office nearest the courts.

A larger portion of the Oglethorpe University faculty is in "Who's Who" than any other college in America.

CINEMANIA

"Til We Meet Again," the poignant romantic tale of a man and a woman for whom there was no tomorrow, opens at the Cathaum tomorrow and continues Monday and Tuesday.

Co-starring Merle Oberon, the lustrous star of "Wuthering Heights," and George Brent, the reckless hero of "Fighting 69th," this new film is set against the brilliant background of a trans-Pacific luxury liner on which exists a love affair between a girl who knows that she has but a few months to live and a man who is being brought back to San Quentin to pay the death penalty.

TKE Chapters Meet Here

More than 60 representatives from 13 chapters will convene here this week-end as guests of the local chapter in an all-Eastern Conference and School of Instruction of Tau Kappa Epsilon fraternity.

George W. Elliott, executive secretary of the Philadelphia Chamber of Commerce, will be the principal speaker at the banquet in the Nittany Lion tomorrow night. Dean Arthur R. Warnock will talk on present fraternity trends.

CLASSIFIED ADS

Classified ads are accepted only at Student Union Office in Old Main and must be paid before insertion. Ads are accepted up to 1 p.m. on the day preceding publication.

REG HALL

BUSBY SAYS . . .

Somewhere near my column is a pitcher of one of the really exotic numbers of the circus—the adahyo dance featuring Miss Jeanie Withrow and John Tetu. I tried my darndest to get Tetu's job but he just wouldn't drink that brew I had with me. Anyways Wetstone says I should keep my

mind on the down-to-earth things as an adahyo dance is to celebrate for a guy like me?" But Tetu is doing a good job tossing the little miss around without missing—get me?

EECee Davis has given up his peanut selling fraud as Nick Thiel, the great peanut eater, has been put on a diet. Nick gained 22 pounds while they were getting ready for the gag, so his doctor called it off. EECee is now planning another way for getting even with Wetstone for not letting him be MC. I'll let you know if I get

word on the new plot. I checked up with Jojo Donovan at the stooging yoonion desk today and he says over half of the reserved tickets for next Saturday cycle right now and plank 35 cents are already sold. The only thing I can say is that if you don't get one of them darn quick you will miss one of the biggest shows this side of Minsky's. Get on your bicycle right now and plank 35 cents down at S U for a ducat.

How would you answer these questions?

Who is the most advertised doctor in the U.S.?

And how, banned from the air, does he still sell his attractively priced "operations" over XERA, "the world's most powerful broadcasting station?" Here's the story of the goat-gland medicine the authorities are finally after, and how he has made a fabulous fortune by methods the FCC and the American Medical Association would give their collective right arm to stop. Read *Country Doctor Goes to Town*, by J. C. Furnas.

How would you get even with a sarcastic boss?

Say you were on a newspaper where three city editors and two managing editors had quit because they couldn't stand the sarcastic old goat who owned the paper... Could you get even—in print? Read *Merrily We Go to Press*, by Phil R. Sheridan.

Who made Baseball the "National Game"?

With strictly phony innocence, who foxed a U. S. President into tossing out the first ball of the season, thereby establishing "the great American game?" Who has the greatest reputation in baseball for collecting eccentric players and actually thinks he can lick the Yanks? Read *The Old Fox Turns Mag-nate*, by Bob Considine and Shirley Povich.

What are Europe's newest stunts in war propaganda?

Why did German loudspeakers blast out the *Marseillaise* to greet the French President when he visited the front? Why did the British bomb the Nazis with tiny bags of coffee? Whose trick is it to send forged or anonymous letters to soldiers, giving them false news about their families? Edmond Taylor, in this week's Post, tells you how warring nations use lies... and truth... to fool some of the people all the time. Turn to *Propaganda Changes Poisons*—page 27.

You have almost learned to fly and...

in the air you're a wizard—chandelles are a cinch—with an instructor along. But the way you make landings is sheer suicide. Should they let you try a solo flight? Or make you quit? A story of a flying cadet's last chance. *Ground-Sky*, by Sparks Hausman.

If you found a diamond ring

and knew if you gave it back you'd be accused of stealing it, what would you do? That was the dilemma facing Big Joe and Uncle Pete, those positive geniuses at doing the wrong thing at the right time! Read *Your Mom Was a Lady*. A new "Uncle Pete" story by R. Ross Annett in this week's Post.

Suppose you were slowly starving to death...

in a lonely ramshackle store, and your only friend was a kid who worshiped you because he thought you really had killed Indians—would you disillusion the boy or invent more stories? Turn to page 9 of your Post for the curious story of a man with too many memories. *Master Ears*, by Eddy Orcutt.

How far can birds travel without stopping to eat or sleep?

How can birds navigate with mathematical accuracy? What bird commutes each year 11,000 miles from North to South Pole? And which one hops the Atlantic twice a year? Read odd facts about bird flights by Raymond S. Deek, *Pagan in the Sky*.

AND... SHARPSHOOTING AT INSURANCE by Raymond Moley; serials, editorials, poems, cartoons—all in this week's issue of The Saturday Evening Post. Now on sale.

THE SATURDAY EVENING POST
