

Cabinet Schedule Full As Meetings Start Tonight

A full calendar of business accumulated during the summer faces the second All-College Cabinet at 9 p.m. tonight when its members convene in Room 318 Old Main, for the first meeting of the College year.

Future meetings will probably be held in the Student Government room, 305 Old Main, according to Arnold C. Laich '41, All-College president.

At the meeting tonight the Cabinet will reopen the problem of stop signs in the fraternity section. The signs were erected last spring but, in the eyes of the town council, have proved unsuccessful and the Cabinet will consider asking the borough to remove them.

It will also consider the approval of the appointment of Robert Robinson '41 to Student Tribunal and Richard W. May '41 as a representative to borough council.

Other business includes the consideration of a policy on foreign relief, a free second-semester four o'clock for all students and the establishment of May Day as an All-College affair.

Joint sponsorship with several town organizations of an Armistice Day celebration will also come before the Cabinet.

Two speakers will address the legislative body. Alumni Secretary Edward K. Hibshman will talk on Alumni Council—Cabinet relationships. Police Chief R. Juba will speak on borough-student problems.

MI Places 100% Of '40 Graduates

All 83 of last June's Mineral Industries graduates are now employed in their chosen profession, Dean Edward Steidle has announced.

What makes this record more remarkable is the fact that 90 per cent of the class were placed before graduation, and one half of the class had jobs promised before last January.

Dean Steidle also reminded that the supply of graduates of the school has never exceeded the normal demand, and that the field of mineral industries is being constantly widened as more and better jobs are created.

12% Of The Upperclassmen Know The Words To This Song!

P.S.: It's the Alma Mater name,

1. For the glory of Old State,
For her founders strong and great,
For the future that we wait,
Raise the song, raise the song.

2. Sing our love and loyalty,
Sing our hopes that, bright and free
Rest, O Mother dear, with thee.
All with thee, all with thee.

3. When we stood at boyhood's gate
Shapeless in the hands of fate.
Thus didst mould us, dear Old State,
Into men, into men.

4. May no act of ours bring shame
To one heart that loves thy

May our lives help swell they fame,
Dear old State, dear old State.

These words are those of the Alma Mater. Freshmen are required to know them. Upperclassmen aren't. A survey made by W. Lewis Corbin '41, chairman of Tribunal, in a Speech 200 class showed that only 12 per cent of the upperclassmen could write the first and last verses. He reported that an additional 30 per cent could write the first verse, but 58 per cent could write neither verse correctly. The most common error was for upperclassmen to give the words of the "Blue and White."

Dr. Ritenour yesterday warned all students taking hikes outside of the boro to refrain from drinking water out of streams or any other free source of water.

There have been several cases of typhoid fever in the immediate vicinity of the boro. Several of these are PWA workers, who contracted the disease by drinking natural water.

Milk is another source for the disease, and students should be careful that any milk they drink has been pasteurized, and hasn't been standing around in a warm place.

Whether or not this advanced training will be given next semester has not yet been decided.

Professor Everett also pointed out that the quota for enrollment in the preliminary course has been definitely set at 30. This quota will be filled by students who made application on or before yesterday's deadline.

Atherton Bonfire Climaxes Biggest Pajama Parade

Climaxed by a bonfire on the lawn of Atherton Hall, the year's biggest pajama parade to date ended with little damage to property, except the archery targets on Holmes Field.

Starting in Locust Lane, at about 10 o'clock last night, the parade slowly swung through the fraternity section, then headed down town.

After marching in orderly fashion past Co-op Corner, about 300 pajamaed men marched west on College Avenue and turned north on Burrows Road, past the campus fraternities.

The parade grew to nearly 500 as it swung through the men's dormitory section. Attempts to enlist dormitory men proved futile, with each entrance guarded by upperclassmen armed with paddles who allowed neither entrance nor exit.

Marching through the campus, the parade, now 600 strong, halted momentarily to serenade the Mac Hall coeds. After six freshmen unsuccessfully tried to enter the freshman women's dorm via the fire escapes, the parade moved on to Holmes Field where the archery targets were set on fire.

One of the bales was carried to Atherton Hall lawn where it was fired.

Forming a semi-circle on the entrance steps, the paraders serenaded the girls for 15 minutes. Several of the coeds proved unappreciative and dumped water on one group.

After the serenade, the parade slowly broke up. Groups attempted to haul the remaining straw down town to build a bonfire on College Avenue but that man prevented this.
