

Tripp To Reveal Social, Economic State Job Trends

Social improvements and contemporary economic trends connected with unemployment in Pennsylvania will be presented in a speech given by Louis R. Tripp, instructor of economics at Lehigh University, in Room 10, Liberal Arts at 7:30 p. m. today.

Mr. Tripp, employed by the Joint State Government Commission of Pennsylvania, made a special study of the relationship of unemployment compensation and relief in the state to be used in preparing new unemployment compensation legislation.

Unemployment causes, their diversified nature, and various problems that link unemployment with Pennsylvania laws are listed to be discussed. Relation of unemployment to the industrial character of the state are to be commented upon in Mr. Tripp's topic.

The place of unemployment compensation in the entire program of social aid will also be presented during the discussion. Various employment problems not anticipated at the framing of state laws will be mentioned by Mr. Tripp.

Summation of the unemployment problems in Pennsylvania and an estimation of the progress and future possibilities of the development of social machinery toward solving unemployment will be given by Mr. Tripp.

Phi Eta Sigma Initiates Eleven

Phi Eta Sigma, national freshman honor society, initiated 11 new members on Tuesday night. Dean Edward Steidle, of the Mineral Industries School, gave the main talk of the evening on the things a person must learn which are not found in books.

Other members of the faculty who gave short talks to the new initiates were, Adrian O. Morse, assistant to the president; Dr. Carroll D. Champlin, Prof. Leonard A. Doggett, Dr. Carl E. Marquardt, and Dr. Francis J. Tschan.

The sophomores initiates are: Morris Beck, Edsel J. Burbank, Donald W. Davis Jr., Rodney S. Dietrich, Lewis W. Gibb Jr., James H. Keeler, William W. Kinsley, Raymond J. Kowalesky, Richard F. Markel, Donald J. Wardrop, and Malcolm S. Weir.

Noted Ag Economist To Speak At 7 Tonight

Dr. O. E. Baker, senior economist of the U. S. Department of Agriculture, will speak on "Opportunities for Youth in Agriculture," in the amphitheatre of the New Physics Building at 7 p. m. today.

Dr. Baker, a national authority on rural economic and social problems, comes to the campus at the request of the Agriculture Student Council.

Three years ago Dr. Baker addressed the student body on the same topic.

Questionnaire Ready

A questionnaire will be available in Room 311, Old Main tomorrow for all journalism seniors who desire representation in the placement booklet which is being issued for the first time this year. The questionnaire must be completely filled out and returned by December 20.

Rival '44 Politicians

JOHN B. CRAMP '44, Independent

PAUL O. FREY '44, Campus

Pictured above are the Independent and Campus candidates for '44 class president, who will be elected by freshman voters on Monday. Balloting will be held from 9 a. m. to 8 p. m.

Freshman Cliques Canvass Voters

After opening their campaigns at a political mass meeting Tuesday night, both '44 cliques are staging concentrated canvasses of the freshman class in order to round up non-partisan votes before election day on Monday.

Meanwhile the Freshman Elections Committee is preparing for the voting which will follow this week's intensive campaigning. Matriculation cards and AA books must be shown at the polls, which will be open from 9 a. m. to 8 p. m.

Freshman Campus and Independent parties were warned last night by H. Leonard Krouse '42, chairman of the Freshman Elections Committee, that no political advertisements by either party will be permitted and no money may be spent for political purposes.

Clues Unavailable In Recent Thefts

No clues have been uncovered in connection with the \$387 robbery of Pi Kappa Alpha, Tau Kappa Epsilon, and Kappa Delta Rho fraternities recently, Police Chief John R. Juba has reported.

A wallet sent to Washington for fingerprint examination was returned by the F.B.I., but it bore no strange prints.

Losses for the three fraternities were itemized and showed a total of \$240 taken from Pi Kappa Alpha, Tau Kappa Epsilon, \$85, and Kappa Delta Rho, \$62. Following are the individual losses:

Pi Kappa Alpha: Charles M. Orris '44, \$65; Ben R. Slocum '42, \$55; Oliver J. Peters, Jr. '42, \$32; Alvin E. Mauer, Jr. '43, \$24; Edward J. Allee, Jr. '43, \$14; William F. Emmons '44, \$10; John Scheiner '42, \$9; William H. Messerly '43, \$7; Frank J. Hoffman, Jr. '43, \$5.

R. Alan Adamy '44, \$5; Orville E. Everitt '43, \$4; Harold E. Macnamer '43, \$3; Joseph V. Kasper '43, \$3; Charles R. Strathmeyer '43, \$2; and Robert E. Fitz '44, \$1.

Tau Kappa Epsilon: Ralph W. Gray, Jr. '43, \$14; Richard C. Peters '41, \$12.50; Matt H. McKinney, Jr. '44, \$11; John M. Wentzler '41, \$7.50; Thomas P. North '43, \$6; George W. Ferguson '42, \$5; Charles F. Flock '43, \$5; Henry J. Dieterich '42, \$5; John E. Shirey '42, \$4; Robert H. Miller '44, \$3.80; David E. Wagenseller, Jr. '41, \$3; Homer N. Davis '44, \$3; Andrew P. Szekeley '43, \$3; William A. Schwem '43, \$1; Williard M. Arnold '41, \$60; and Paul H. Mangus '44, \$70.

Kappa Delta Rho: Frank J. Marmion, Jr. '42, \$12; William R. Fuchs '41, \$10; Joseph A. McCormick '42, \$10; Edward E. Smith '43, \$7; Ralph M. Yeager '42, \$7; Arthur S. Hand '43, \$5; Robert L. Siegel '41, \$5; Thomas H. Greenwood, Jr. '42, \$3; H. Bruce Gardner '43, \$2; and Sten Johnson, Jr. '43, \$1.50.

Alumnus Promoted

John M. Spangler '11 has been made a vice-president of National Carbon Co., Inc. it was announced by Paul P. Huffard, president of the company.

Today Last For Entries In-Class Tug-Of-War

The deadline for entries in Saturday's freshman-sophomore tug-of-war is 5 p. m. today, Frank R. Flynn, sophomore president, announced last night. Entries in the tug-of-war are still far below the number needed, he said.

Phi Kappa Sigma Members Are Penalized In First Test Of New IFC Dating Code

AAUP Petitions Congress For Hatch Act Change

A petition to Congress that will attempt to gain permission for College employees to participate in borough government was adopted at a meeting of the American Association of University Professors held in the Sandwich Shop last night.

This action was brought about by an apparent discrimination in the present Hatch Act which restricts employees of State-appropriated schools from being active in local government. It has been estimated that about 70 per cent of State College voters are College employees.

Andrew W. Case, assistant professor of fine arts, was elected vice-president.

CAA Students Eligible In Draft

CAA students cannot be granted deferment in the draft, Clarence A. Dykstra, national selective service director, said yesterday because the act prohibits deferment of occupational groups.

However, Dykstra said that local boards can grant deferment if, in their opinion, students are preparing for an occupation necessary to "national health, safety and interest."

Students taking CAA instruction can have their flying instructors submit information to the local board which may result in deferment, he suggested. Dykstra emphasized that no aviation school can guarantee postponement for service for its students.

Institutions, training pilots or mechanics, can help local boards by submitting information on men enrolled, he said.

Froth Christmas Issue Out Soon, Is Rumor

Being whispered about campus is, the rumor that the Christmas issue of Froth may make its appearance soon.

Don West '41, the mag's optimistic editor, hints that the issue may even come out before school closes for the holidays. He hopes!

President Will Enforce Penalty Within House

Penalties to members of the Phi Kappa Sigma social fraternity who participated in a mixed drinking party there last Saturday night were meted out by John C. Good '41, president of the house, last night at the request of Interfraternity Council Judiciary Board.

The case was the first which had been brought up under the revised dating code which IFC pledged itself to enforce when it was adopted last October.

(In accord with a pledge made to Phi Kappa Sigma the name of the fraternity was not divulged by the three-man Judiciary Board. However, the name was given to Collegian by one of the "Four Interested Students" who had reported the violation in an anonymous letter.)

The penalty, it is understood, will apply to the seven or eight members of the fraternity who participated in the party. They will lose all social privileges until Christmas.

The following report on the violation was issued by the IFC Judiciary Board:

"The Faculty Judiciary Committee has investigated a complaint concerning the violation of the dating code and the fraternity has agreed to discipline those involved in the violation by a suspension of social privileges for a specified period.

"Since this is the first offense with which the committee has dealt, and since there are mitigating circumstances, the name of the fraternity concerned is being withheld as are the names of the violators.

"However, if the incident does not act as a deterrent in the actions of the group concerned or on other groups, full publicity concerning dating violations will be made in the future."

Two Student Groups Hear Lectures Tonight

P. J. Reeve, assistant sales manager of Timken Roller Bearing Co., will speak on "Design and Fabrication of the Tapered Roller Bearing," in Room 121, Liberal Arts, at 7:30 p. m. today. The talk is sponsored by the local chapter of the A. S. M. E.

In another meeting, W. L. Cook, personnel director of Carnegie-Illinois Steel Co., will speak to the student chapter of the American Association of Metallurgists in Room 405, Old Main, at 7:15 p. m. He is on the campus to interview senior metallurgy students.

Bunyan Will Feel At Home At Forestry Ball Tomorrow

Forestry Ball, to be held in Rec Hall from 9 p. m. to midnight tomorrow will celebrate the annual return of Paul Bunyan to the Penn State campus.

To make Bunyan feel at home, the dance committee has planned extensive decorations to represent what the foresters know, as a birch, maple, hemlock, pine, and brush type of forest.

The Campus Owls have been engaged for the return-date celebration. Dress will be informal, and the admission price is set at \$1 per couple.

Latin America Needs Trade, Says Reed

That the United States must make a greater effort to understand the Latin America philosophy of life and that we must import more from our South American neighbors were the principal views expressed at the PSCA-sponsored forum on Pan-Americanism held in the Home Economics auditorium last night.

"The United States must rid itself of the false notion that we must operate on a favorable balance of trade with the Latin America nations," declared Arthur H. Reed, assistant professor of economics, who presented the economic difficulties of fostering trade with South America.

Professor Reed pointed out that since the South American nations

lack enough money to purchase goods from the United States, we must begin purchasing such goods as rubber, manganese, and tungsten from them instead of importing these products from the Far East.

"By building up our import trade with Latin America and through understanding their problems, we will safeguard our shores from danger and promote better friendship with our southern neighbors," concluded Professor Reed.

Dr. William H. Gray, instructor in Latin American history, revealed that the South American nations have always feared that the United States was intent upon

changing their customs and manner of living, and that the natives of Latin America resented this very much.

"We can not hope to become friends with the natives of South America if we treat them as inferiors," declared Dr. Gray. "They must be regarded as equals to attain any political or economic successes with them."

"President Roosevelt is well liked in South America," stated Dr. Gray. "With South America cut off from Europe as the result of the war, we must redouble our efforts to straighten out our difficulties with the Latin American nations and come to a real understanding with them."
