#### **Judicial Removes** 1 O'clock Permissions

Five hundred and seventy-five women will have one o'clock date permissions removed for failing to attend the compulsory WSGA-WRA mass meeting Tuesday night, according to the decision made by WSGA Judicial Committee yesterday.

Of the 647 coeds absent from r the meeting, over 90 presented excuses to the committee. Seventy-two of these were accepted and over 20 are under further consideration.

"Excuses from other absentees, to be valid, must be given to me within 24 hours," L. Eleanor Ben-fer '41, Judicial Committee chairman, announced last night.

"If the excuse is for a class, it should include the time, place, course, and instructor."

For the first time ih WSGA history, the mass meeting to introduce WSGA, WRA, May Queen, and Freshman Attendant candidates and make nominations from the floor was made compulsory and roll was checked.

Coeds who took the announcement of compulsory attendance lightly and failed to attend discovered that WSGA issued the penalty warning seriously and that action would be taken.

Attendance was required to impress the importance of the mass meeting upon women students and to instill an active interest in women's elections.

#### 3 Town Merchants File Complaint Bill By STANLEY J. POKEMPNER

A temporary injunction restraining the borough council and Burgess Wilbur F. Leitzell from enforcing the ordinance abolishing the bus stop on College Avenue was decreed by Judge Ivan Walker in the Centre County Court of Common Pleas in Bellefonte yesterday.

The injunction was issued following the filing of a bill of complaint by J. C. Harper, Frank Holmes, and R. J. Kennard, all State College businessmen.

Claiming that the ordinance, passed by council and approved by Leitzell, prohibiting the College Avenue bus stop "causes extreme irreparable damage to the public in general," the plaintiffs asked Judge Walker to issue an injunction restraining the borough from enforcing the ordinance.

Within 30 days, the seven councilmen and Leitzell are required to enter a full and complete answer to every complaint in the bill, which was filed in equity. After this has been filed in Bellefonte, Judge Walker will set a time and place for a hear-

A new ordinance repealing the old law, which forced the buses to begin using the N. Atherton Street terminal last Thursday, was passed last week by council and now awaits Leitzell's approval or veto.

The plaintiffs stated the following reasons in asking for a preliminary and perpetual in-

1. The College Avenue bus stop afforded the maximum deresidents, and visitors of the borough.

2. State College is not accessible by railroad for passengers. 3. Incidentals for passengers'

convenience are located on College Avenue.

4. Traffic conditions on College Avenue are not such as to make prohibition of temporary bus stops a proper exercise of

5. Enforcement of the ori nance is "unduly oppressive upon the individual public."
