

3 Cage Seniors Play Last Game At Tech Tonight

It will be the last game of the season for State and the last game of their varsity careers for three Nittany cagers when the Lions play Carnegie Tech at Pittsburgh tonight.

Captain Johnny Barr, acclaimed as the greatest player in State history, Scotty Moffatt and Bob Crowell are the three seniors. Every point Barr scores tonight will pad the record he set Saturday by reaching a total of 506 points for his three years of varsity play.

The Lions are heavy favorites to make their record 15 wins and five losses for the season. Carnegies' string of setbacks is still unbroken, standing at 16. On February 12 Barr and Co. administered a 42-24 defeat to the Tartans.

Coach John Lawther will probably start the same five players who opened the Pitt game. Barr and Elmer Gross will be on the front line, Herk Baltimore at center, and Dick Grimes and Bob Ramin on the back line. Moffatt may replace Ramin in the only possible change.

Other Lions making the trip are Crowell, Ray Edgar and John Egli. Although this is Edgar's fourth year in College he was ineligible one season and plans to be back next year.

Maimen Prepare For EIWA Bouts

Free from the worries of a weekend dual match, the Nittany Lion grapplers began a two-week training period yesterday for the Intercollegiate which will be held at Columbia University March 14 and 15.

Coach Charlie Speidel has urged all wrestlers who are not members of the varsity squad to attend regular practice sessions in order to condition the varsity and also be available in case of any needed replacements.

The EIWA championships will be conducted under the same point system which has been used for this year's dual matches, with only two distinct changes made in championship competition.

In contrast to a new NCAA ruling, the EIWA losing finalist must wrestle for second place honors with the other eliminated grapplers, while the NCAA clause states that the grappler automatically obtains second place.

Cage Team Receives Bid To Puerto Rico

A "feeler" as to whether the Nittany cage team would accept an invitation to play a series of games at the University of Puerto Rico was received yesterday according to an announcement by Carl P. Schott, dean of the School of Physical Education and Athletics.

Dates mentioned in the letter received by Dean Schott were September, October, November or December. He said that he had written to Puerto Rico for additional information.

Dean Schott said that the most favorable month would probably be September. Coach John Lawther also gave this month as his preference. Both gave the impression they would like the team to make the trip.

Noll 'Much Improved'
Varsity pole vaulter Bob Noll who sprained his ankle at practice Monday was reported by the Infirmary to be "much improved" last night.

Zephyrs' Victory Highlights IM Tilts If Houck Worries, It Doesn't Show

Taking the spotlight in last night's intramural basketball games at Rec Hall in the Independent League was the Zephyrs overwhelming defeat of the Penn State Club quintet, 41-15. Frank Durilla stole the show as he tallied 13 points for the Zephyrs. Durilla's teammate, Byron Blank, closely followed with 11 markers.

With the score tied at 2-2 at the half, Triangle went on to defeat Phi Kappa Sigma, 16-4. Don Davis of Triangle rang up 5 goals to become high-scorer of the game.

Sigma Alpha Epsilon, paced by Craig White, downed Sigma Phi Epsilon, No. 2, 24-2. Sigma Pi No. 1 held Beta Sigma Rho to only 2 points in the second half,

defeating them, 16-9. Alpha Phi Delta won over Alpha Sigma Phi by forfeit.

Phi Kappa Psi trounced Alpha Zeta, 11-5. Delta Upsilon, tied 4-4 at the half, drubbed Lambda Chi Alpha, 21-14.

In the Independent League Irvin Hall, led by Bernie Brosky's 9 points, overcame BRB No. 1, 22-15. Despite Ben Snipas' three

field goals, Pioneer House dropped a close decision to Ath Hall Waiters, 12-13.

Wrestling Weigh-ins

Intramural wrestling weigh-ins for both fraternity and independent units will be held in the varsity locker rooms of Rec Hall from 4 to 5:30 p. m. tomorrow and Friday. Physical exam cards are required.

The weight classes—with a 3-pound limit—is as follows: 120, 126, 135, 145, 155, 165, 175, and heavyweight. Anyone who has won a championship previously must move up one weight.

Scoring will be the same as in intercollegiate wrestling. Bouts will consist of three 2-minute periods.

Baseballers Called

Joe Bedenk, coach of the Lion baseball team, has issued a call for all varsity pitching and catching candidates to report for daily practice in Rec Hall beginning today.

Leo Houck may be worrying about the Eastern Intercollegiate Boxing tournament coming up this weekend in Syracuse, but he isn't admitting anything.

The Good Doctor just keeps telling everybody that he isn't going to make that trip to Syracuse just "for the ride." He doesn't claim all eight champions, but he does predict that Jimmy Lewis, EIBA 165-pound champ, ought to do pretty well in the 155-pound class.

Vic Fiore is another lad the Doctor advises an eye to be kept on. And of course, Houck adds, there's Scally at heavyweight—"he oughtn't to do so bad."

Two good mixers are better than one

THERE you sit, watching the long road ahead as it dips and rises.

Under your feet there's a quiet whispering, to let you know that all eight able Buick cylinders are happily on the job.

You're giving not a single thought to what's happening under that long bonnet nosing out in front, but here's what's going on:

Instead of the single, compromise-size carburetor you find on most cars, this Buick FIREBALL eight with Compound Carburetion* has two good mixers on the job.

A single one of them—the front one—keeps

you rolling smoothly, easily, quietly, on the very minimum rationing of gasoline.

But the other carburetor is alert and ready for any sudden need. Just tramp down on that accelerator pedal—it goes into instant action, giving you more fuel and more power for any emergency purpose!

It's almost like having two engines—one to handle normal requirements thriftily, another to team up with the first for extra oomph and wallop when you want it.

That kind of teamwork pays.

And owners by the thousand will tell you it's more economical too—as much as 10% to 15% more economical.

If you haven't experienced what it feels like to have that under the bonnet of your automobile, better go have that Buick demonstration now.

*Standard on all Buick SUPER, CENTURY, ROADMASTER and LIMITED models, available at slight extra cost on all Buick SPECIAL models.
