Cabinet Makes History

The All-College Cabinet made some sort of history in its busy two-hour meeting Tuesday night. The actions it took in increasing student fees \$1.20 next year to buy new Blue Band uniforms and in dividing the chapel fund between Lingnan University and a local charity will affect a great many people.

If both actions are sustained—and they probably will be—the student government will have come a long way in a week. In that time Cabinet and Student Tribunal took up powers which previously were theirs only on paper.

The Student Tribunal won its case when a faculty committee upheld its suspension of two students from classes and from extra-curricular activities for a voting fraud.

The Cabinet will win its case if upheld by the Trustees. An extra assessment for Blue Band uniforms was allowed six years ago and, on that basis, student leaders judge it will be upheld now.

The important difference between now and six years ago is that now Cabinet is speaking for the whole student body. Eight years ago, when Cabinet didn't exist, the student body had to speak through a general election.

The only comparable test which Cabinet has had in regulation of student fees was its division last year of the 50 cent debate fee, with half going to the Glee Club. The Trustees upheld this.

Thus, the All-College student government is expanding its powers and showing students more and more how to govern themselves. As long as the actions are considered and prompted by a real desire to help the College, this is doing the College and the students a real service.

Why A Dating Code?

A lot of people have been asking, "Why enforce the Interfraternity Dating Code?"

So far as Collegian knows the answer is as simple as this, To keep Penn State and the fraternities in particular out of trouble.

Penn State is one of a very few institutions at which fraternities are without house mothers and are allowed to entertain women guests throughout the week without chaperones.

This places the responsibility for enforcing College standards of conduct in fraternities directly with the Interfraternity Council.

Obviously, the only alternatives if fraternity enforcement fails are for the College to take over enforcement or for the privileges to be suspended altogether.

Students See War Near

AUSTIN, Tex.—There is a growing sentiment among American college youth that the United States will be able to stay out of the war.

This significant trend in current campus thought has been made possible through the recurring samplings of Student Opinion Surveys of America, of which The Daily Collegian is a cooperating member, along with 150 other college newspapers.

Hand in hand with the opinion that it will be difficult to side step the European fight, there appears in the survey strong opposition to this problem: "Should American warships be allowed to convoy shipments of war supplies going to England?" While Congress debated this and other issues, 67 per cent of the college students were answering "no" to the above question, presented to them by a nationwide staff of interviewers.

This is the three-survey record kept by Student Opinion Surveys over a period of fourteen months: Believing we can stay out of war:

December 1939	68%
December 1940	63%
NOW, February 1941	49%

THE CAMPUSEER

(The opinions expressed in this column do not necessarily reflect the editorial policy of The Daily Collegian.)

Hi, Pop

It happened in the Unusual Place, where Tommy Allison was sitting and exchanging bits of choice comment with various and sundry other coke-pushers when a little tot strayed in in quest of his mother.

"Say hello to daddy," said someone to the infant, pointing at Tommy.

"If he does," declared Tommy, "I'll faint."

The little tot only smiled knowingly and passed on in search of his mother.

Shades Of Carrie Nation

Apparently joining IFC in the Crusade To Eradicate Connubial Imbibing, the Harrisburg contingent of the WCTU sent anti-alcoholic propaganda sailing to local addresses last week. Couched in scientific terminology and verse smacking slightly of Shelley, the appeals made a deep impression on naive collegiate minds. Local fraternity men hastened to sign the following pledge, which, the WCTU gravely informs us, was signed by Frances E. Willard when a child:

A pledge we make, no wine to take
Nor brandy red that turns the head
Nor fiery rum that ruins the home
Nor whiskey hot that makes the sot
Nor brewer's beer, for that we fear;
And cider, too, will never do—
To quench our thirst we'll always bring
Cold water from the well or spring;
So here we pledge perpetual hate
To all that can intoxicate.

Note: despite warnings from the National Temperance Union, the Thetas are reportedly continuing their brazen plans for a COFFEE hour Sunday night.)

Booster Colyum

To the D U's, who received the longest and most silvery shaft of the week. In revolt against social regimentation, they are threatening to allow chin-bristles to flourish, to the immediate dismay of coeds. Only those out for managerships or similar activities will be allowed to shave.

To Frank Heck and Vern Kotz, adventurous SPE's who scaled the heights of Mt. Nittany between the hours of 12:30 a. m. and 4 a. m. one night last week—for a \$1.50 bet. O happy carefree college days.

To eight Kappas who staged a very refreshing party in the Glennland Apts. Saturday afternoon. Most refreshing, we understand.

To Polly Keller, who is wearing Chuck Lund's delta chi badge, and to Erma Winters, who is now displaying deltasigmaphi jewelry from Bob Eckenroth.

Station WLW Offers

Three Radio Scholarships

Three scholarships for six months radio training at a salary of \$500 are being offered to seniors in land-grant colleges by station WLW, Cincinnati.

One scholarship will go to a senior in agriculture for planning agricultural radio programs; one will be for general announcing, writing and production; and the third will be for promotion and market research.

The training period will start July 1. Detail information can be obtained from the WLW Program Department. The deadline for applications is April 15.
