Marge Harwick, ace DG pitcher, was crowned victorious by 13 Kappas whom she struck out in yesterday's intramural softball game.

With ease and confidence, Marge stepped into the pitcher's box, gave her arm an underhand twist, and let the apple fly while storing up points for Delta Gam's 28-6 victory.

## We, The Women Parade Of All Penn State

Mother's Day and May Day festivities might virtually be dubbed "Penn State on Parade," "This is THE Weekend" or any such suitable title.

Eyes of all parents and Pennsylvania citizens are focused on our campus. And we do have something to be proud of. Front campus is one of the most suitable spots for May Day exercises, and finally, we seem to have a queen who is acclaimed by all students!

Programs and special entertainment have been arranged so parents may review the happier side of our college lives.

They will appreciate knowing all we are learning in planning social activities. It is our duty, therefore, to take advantage of the festivities.

Events will pass in quick succession. We are their hosts and they will depend upon us to see all that is planned for them.

Penn State's on parade. Let's keep the drums rolling!

## Exceptional Import Discovered At Last

Laws of averages have exceptions for everything, but this is more than an exception. It might be one for Ripley's column; an appreciative import has appeared on the campus.

After utilizing Ath Hall's modern facilities for two days and two nights, and enjoying coed company at the same time, a Junior Prom Import wrote an Emily Post proof "thank you" note to express her gratitude.

Several days later the note was followed by an enormous box of chocolates. The amazed coeds, anxious to dispell renown "Import Impressions," related their story and good fortune via grapevine system.

This Import has contributed mightily toward redeeming herself and other imports in coed eyes. Nevertheless coeds, as a whole, believe in the law of averages.
