

50 To Swim In Acquacade

Approximately 50 coeds will star in the WRA Acquacade scheduled as part of WRA Play Day in White Hall at 1:30 p.m. Saturday.

Included in the program is a diving exhibition, specialty act, novelty nightgown race, and fashion show.

Illuminated by radio lights, L. Barbara Clark '42, Lenore B. Fullington '42, and Helen L. Woodcock '42, will perform a specialty act in a totally dark pool.

Eight aquatic models will present a fashion show in old and new bathing suits. A diving exhibition by L. Eleanor Benfer '41 and Marjorie L. McFarland '43 will be mocked by clowns Betty L. Fletcher '44, Olive L. Kalar '43, and Margaret L. Trump '44.

A novelty nightgown race, geometric formations by the Acquafemmes, 16 members from the WRA Swimming Club, rhythm swimming by a group of 16 volunteer coeds, and a surprise finale will complete the program to be announced by Odette M. Scrivanich '43.

Admittance will be by invitation only, L. Barbara Clark, Acquacade chairman, has announced.

Coeds To Assist In Defense Plan

Registration day for coeds wishing to assist in the Women in Defense Program will take place in the first floor lounge of Old Main next week. The program may be considered as an extra-curricular activity for WSGA credit, Alvira L. Konopka, defense committee chairman, announced last night.

The committee has requested a central office in Old Main for business and collecting clothing. The program includes clubs sponsored by the faculty and organized for first aid, nutrition, recreational leadership, elementary mechanics, and clerical work.

In the various clubs women will learn how to make bandages, repair electrical equipment, and gain additional knowledge of physical education and office work in the advent of vacancies during war.

Coeds Have Chance To Find Glamour In HE Clinic

No longer is there any reason why coeds can't be beautiful!

Home Economics Clothing Clinic will divulge necessary beauty secrets to coeds from 11 p.m. to noon Friday and 1 to 2 p.m. Wednesday in Room 223 Home Economics Building.

Coeds enter a mirrored room equipped with cosmetics and swatches to determine which color will best enhance her eyes, skin and hair.

After finding most suitable colors for her skin pigment, she is confronted with the problem of selecting clothes to fit her personality and figure. Trivals come next, proper nail polish, eyebrow lines, and accessories.

An hour of complete reservecing results in a new and glamorized coed.

We, The Women Hey! Has Anybody Got A Nickel?

Chief objection of coeds living in town dormitories is that they feel apart from women living on campus.

Dormitories adequate to house all women students are still plans and probably will be for a long time.

Since the logical solution of all women students living on campus seems impossible, remedying the telephone situation would do much to alleviate the difficulty.

All students begin the year with hopes of erasing this feeling. As work increases, less and less time is spent fostering friendly relations.

Lack of adequate means of contact seems to be a major contention. Such contact could be increased if campus women could telephone town dorms without racing around hunting for change or spending nickels daily.

Committees are appointed and town dorm coeds omitted simply because chairmen haven't time to hunt change or find a phone without the five-cent charge.

Campus coeds may phone all women's houses on campus, administrative offices, and even men's dorms. But they can't reach fellow women living in town with the same ease.

Much of the friction and agitation for closer contact between these two groups could be alleviated if campus coeds could reach town dorm coeds with the same facility they reach campus.

For better integration of these two important women's groups, we clamor for adequate phone lines.

WOMEN IN SPORTS

Thetas trounced Kappas in softball yesterday with a 26-5 score. High scorers for the winners were Eleanor Benfer with 5 runs and Anna Lee Carey with 4. The AOPis bowed to Ath West 45-11. Hess' Inside Story

(Continued from Page One) have sent Hess to Britain as an agent."

According to Kempner, Rudolf Hess determined the foreign policy behind "Mein Kampf." Yet Hess was more and more excluded from connection with Nazi foreign policies as time went on. "Presently, Hess will tell the British authorities that von Papen, von Ribbontrop, and Hitler have betrayed the German people. He believes that peace could have reigned," Kempner said. "However, Hess will be no hero, but only a state witness, treated respectfully by the British."

Kempner maintains that Hess did not flee from Germany because he disliked the Nazi alliance with Russia on September 1, 1939. When Hess and Hitler were in prison, they agreed that Germany and England should rule the world against the power of Russia.
