Neff, Magician, Here Wednesday

William T. Neff, magician, will appear in Schwab Auditorium at 8:30 p. m. Wednesday as the first feature of a fully-rounded entertainment program arranged for summer students.

Mr. Neff has been coming to the campus for several years and will be a familiar face to students who have attended previous summer sessions. He promises that this year he will have "new illusions and even more entrancing apparitions."

Also on the program are excursions, fun nights, and subscription dances. Two excursions will be held this weekend, one on Friday and the other Saturday.

On Tuesday, July 8, Dr. Allan Tarshish of the Jewish Chautauqua Society will lecture on "Facing and Avoiding World Crises." The Lesselli Marionettes will perform on this same date.

Col. M. Thomas Tchou, formerly private secretary to Generalissimo Chiang Kai-shek and for three years director of the department of labor of the Chinese government, will talk on China's fight for "Civilization" on July 10.

Another lecture scheduled for the near future will be by Dr. Henry J. Bruman, instructor in geography, who will talk on "The People of Mexico" in the Auditorium on July 15.

Seventy-five students from 21 foreign countries have formed an organization at New York University.
