

Defense Courses To Begin Here

Two tuition-free courses under the new Engineering, Science, and Management Defense Training Program, sponsored by the U. S. Office of Education, will be offered here beginning October 13, according to J. O. Keller, assistant to the president in charge of extension. A part of the government's emergency defense education program, the courses, which will last for 16 weeks, are designed to relieve shortages of technical labor in defense industries.

Instruction will be given in Materials Testing and Inspection, and in Production Engineering. Classes will be limited to 32 students in each subject. Applicants for admission to the materials testing course should be recent graduates of a regular four-year college course or should have completed two years on an engineering curriculum. Those desiring to enroll in production engineering should be high school graduates and should have either two years of industrial experience, two years of regular college work, or should hold a certificate from an Introductory Engineering Subjects course, given by the College during the summer.

Prof. C. E. Bullinger, head of the department of industrial engineering, is in charge of admissions to the courses. Students will be required to purchase their own texts and to supply a nominal deposit fee for instruments and other materials.

The Materials Testing and Inspection course is designed to qualify students for work as materials and ordinance inspectors, and the course in Production Engineering will help to prepare students for jobs as staff assistants in engineering management.

Chem.-Physics Lists Honor Roll

Having earned a scholastic average of 2.5 or better during second semester last year, 48 students were named to the dean's list of the School of Chemistry and Physics. Freshmen led all other classes with a total of 22.

Seniors — Leon L. Bertram, George Cressman, Milford L. Johnson, Robert E. Kline, Margaret O. Krug, Albert L. Myerson, Sidney W. Penn, Oliver A. Schaeffer, Leo Sommer.

Juniors — Robert G. Geier, Abe Hodes, Robert H. Kough, Salvatore P. Lio, Murray L. Schwartz, Lennard J. Wissow.

Sophomores — Earl R. Booser, William W. Cooner, James E. Deitzler, James E. Husted, Herman Panzer, George W. Rusler, Joseph C. Rutcofskie, William R. Seuren, Frank R. Shuman Jr., Donald J. Wardrop, Helen S. Zable.

Freshmen — Wallace E. Almquist, Michael Chrunev, Arnold Feldman, Leonard C. Felstein, Leonard H. Frutcher, Fred Fischl, Daniel C. Gillespie, Newman H. Giragosian, Richard A. Hastings, Robert J. Kraynick, Robert B. Long.

Kehl Markely 3rd, Harold P. Marsh, Richard A. Mock, George C. Mosch, James L. Nicholas, Charles R. Noddings, Ruth L. Popp, Thomas M. Reed 3rd, Ross S. Rumbaugh, William G. Stroud Jr., Robert D. Williams Jr.

Blair Is Commissioned In U. S. Naval Reserve

Al Blair, star of last year's lacrosse team, was commissioned as Ensign in the U. S. Naval Reserve on Friday, it was announced yesterday by the Public Relations Office of the Navy Department.

Blair was one of a class of 680 who received commissions after three months training in the Naval Reserve Midshipmen's School at Northwestern University. He ex-

20,000 IN TRAINING—J. O. Keller, above, assistant to the president in charge of extension, is in charge of the program sponsored by the U. S. Office of Education under which 20,000 persons have been trained or are now taking courses under the Engineering Defense Training program given by the College.

Dad's Day Set For October 25

Penn State's Annual Dad's Day will be held Saturday, October 25, featured by the Lehigh-Penn State football game, it has been announced by the directors of the Penn State Parents Association.

The business meeting of the association will be held after the game.

In order that the incoming freshmen will have a longer time to consider campus problems that might arise and need to be discussed with parents, the date of Dad's visit to State College has been set three weeks later than it was last year.

Some of the problems which interest the Association are academic facilities and standards, social opportunities, guidance possibilities, housing facilities, faculty selection, and state appropriations to the college. Among the constructive jobs the association has taken part in was the influence it used in starting the erection of Francis Atherton Hall.

Campus Calendar—TODAY

Freshman Week begins. Sophomore candidates for assistant football manager report to Water Tower.

Sophomore candidates for assistant cross-country manager report to Rec Hall.

Fraternity pledging starts 5:30 p.m.

Special Student Tribunal meeting, all members, Room 305 Old Main, 8 p.m.

Meeting of all freshmen not joining fraternities, Room 121 Sparks Building, 8 p.m.

Student Union Dance, Armory, 4 p.m.

TOMORROW

Student Union Dance, Armory,

4 p.m. **SATURDAY**
Victrola dance and entertainment, Rec Hall, 8 to 12 p.m.
