

# New Independent Group Refuses To Join Philotes

## Aim To Organize All Independent Coeds

Coeds forming the new Independent Women's Association last night stated their refusal to join with Philotes, local independent women's group.

Sylvia P. Schmide '42, temporary chairman of the new group, declared that her group regrets that they can not accept the Philotes invitation because they feel that their goals are different.

Mary Ellen Diehl '42, Philotes president, said that her society had asked the other group to cooperate with them. Organized six years ago, Philotes had a membership of 35 out of approximately 1,100 independents and is represented on All-College Cabinet.

Speaking for Hazel E. Gassman '43, Joanne M. Palmer '43, and herself, originators of the IWA, Miss Schmide said, "We regret that we must decline the invitation of Philotes to join with them because we feel that such an action would not be in accordance with our goal, namely, organization of all independent coeds. Much as we respect Philotes, we do not feel that they have the same objectives which our association will have."

Miss Gassman explained that they desire a set-up similar to the Independent Men's Association, with representatives from various sections meeting in a central council. To find if independents are interested, the IWA proponents plan a survey.

To become officially recognized, the IWA must secure approval from the dean of women's office, the Student-Faculty Relations Committee, and the Student-Faculty Welfare Committee.

Philotes decided to continue their present policies and activities which include cooperation in WSGA and dormitory functions and sponsoring social events with independent men's organizations.
