

Dance Depicts Religious Faith

Using the approach of religious experience, the concert dance group, directed by Miss Jessie Cameron, assistant professor of physical education, gave a Christmas performance in the Rhythm Room of White Hall last night.

Entitled "A Christmas Service in Dance," the performance was divided into three parts, a proclamation of the splendor of God, the experience of faith through festivals, and patterns for God's grace.

Marjorie A. Kronick '41 represented a prophet in a solo dance, while Jean E. Hershberger '43 presented choral readings from the Bible during the performance.

Also taking lead parts were Dorothy C. Ellis '41, Marian E. Hora '42, and Selma Solomon '42.

Other members of the group included Evelyn M. Eritz, Jane M. Parkhill, and Ayellen C. Wolf, juniors; Grace E. Albertman, Harriette Block, Daisy J. Kranich, Dorothy Kranich, Harriet G. Van Riper, and Lois J. Yost, sophomores; and H. Elizabeth Furst, freshman.

Music was provided by Mrs. Hermance Reese, physical education pianist; light effects by Frank S. Neusbaum, assistant professor of dramatics; the program by Florence H. Forst, special student; and properties by Miss Marie Haidt, head of women's physical education.

The dance group presented flowers to Miss Cameron and Mrs. Reese after the performance.

War Bulletins

(Continued from Page One) were at the conference.

WASHINGTON—Latest Navy releases announced the sinking of two Japanese vessels off Luzon. The enemy craft were described as a troop transport and a destroyer. The latest American successes were carried out by the Pacific submarine fleet.

SINGAPORE—The outlook for British and Chinese land forces in the Far East was extremely precarious, said the latest war bulletin from Singapore, since Japanese forces have flanked the key city of Penang. Nippon air squadrons have also bombed the Burma Road.

We, The Women All We Want Is A Little Warmth

Every attempt is made to supply modern conveniences and pleasant living conditions for women. Our dormitories are better than those in most schools. We have little room to fuss.

But State College has severe winters and coeds get cold. Apparently planners and administrators have thought of everything except this one fact.

Many coeds return from classes and meetings to pleasant but chilly rooms. It's not unusual to see them study wrapped in blankets or dressed in ski suits.

In the midst of war and a maze of defense programs, it seems a little trivial to fuss about a few inadequately heated rooms. It isn't that we don't appreciate what we have. It isn't that we don't like our dormitories. It's just that winter is coming and we want somebody to do something about the heating problem.

Christmas vacation, when dorms are vacated, would be an ideal time for administrators to check up on heating facilities. All we ask is a little more warmth!
