

Panhel Installs 2 Officers; Brown '44 Wins Scholarship

Krimcon Gets Council Recognition

Panhellenic Council installed a new president and vice-president, named recipient of a \$50 scholarship, and opened discussion of a revised code at its meeting last night.

Under the system of rotating offices among sororities, Frances E. Haley '43, Theta Phi Alpha and former vice-president, automatically succeeded Jean A. Krauser '42 as president. Pauline E. Keller '44, newly elected Alpha Omicron Pi representative, became vice-president.

They will serve until April 7, along with Anita M. Knecht '42, secretary, and Marjorie R. Chambers '43, treasurer. Because she will not attend summer session, Miss Haley will be unable to continue as president and will be succeeded by Miss Keller who will serve, with a new vice-president, secretary, and treasurer, until December.

Frances A. Brown '44, Kappa Delta, will receive a \$50 scholarship at the annual Scholarship Day, April 19. Money was raised by decreasing formal rushing expenditures by \$5 for each house.

Panhel members unanimously granted associate membership to Krimcon, local sorority, which has taken preliminary steps for affiliation with Alpha Xi Delta, national. Under Council rules, local groups have non-voting delegates. Krimcon was founded in October, 1940 and has 21 active members.

To discuss last semester's rushing and code revision, Panhel will sponsor an open meeting in 305 Old Main at 7 p. m. on Thursday, March 5. Pledge class presidents, rushing chairmen, Panhel advisors rushing committee, and Miss Ray will be invited.

Miss Haley appointed Miss Knecht chairman of the annual Panhel Sing and named Lila A. Whooley '43, chairman, Dorothy J. Johnson '42, Jean C. Esh '43, and Betty Jane Haupt '43 to the Panhel Booklet committee.

New Frosh To Get 'Big Sisters'

Second semester freshman coeds will be assigned "Big Sisters" this week by WSGA Junior Service Board, announced Natalie A. Siebert '43, chairman.

Service Board members will pick "Little Sisters" for the first time this year as part of annual orientation program since special plans are not made for second semester students.

Service Board will cooperate with Mortar Board, senior women's honorary, in collecting defense work questionnaires from campus organizations. Results will be compiled to give a complete picture of coed defense work to provide suggestions for further work.

BUY DEFENSE STAMPS

PANHEL'S NEW PREXY—Frances E. Haley '43 was installed as Panhellenic Council president last night and will serve until April 7.

Women Ask 'No Corsages'

In an attempt to push coed sanction of the Senior Ball Committee's plan for a "no corsage" dance, Jean Babcock '42, WSGA president, urged all coeds "to make the small sacrifice of wearing ribbons instead of flowers at Senior Ball. It is our gesture toward national defense."

Other coed student leaders swung behind Miss Babcock with Francis E. Haley '43, president of Panhellenic Council, requesting coed cooperation. "I know I wouldn't think it any sacrifice at all to give up flowers for ribbons at a time like this. My organization is all in favor of it." Representatives of WRA, Philotes and IWA also were in complete accord with Senior Ball Committee's plan.

"The Senior Ball committee feels that everything possible to put the dance in tune with our present emergency should be done and as a result we feel that buying defense stamps instead of flowers for the dance dates is a worthwhile project," Thomas J. L. Henson '42, co-chairman of the dance committee, pointed out as reason for the suggestion.

"When the student body gets an opportunity to do some little thing for defense such as substituting defense stamps for corsages at Senior Ball, I think they should get behind it wholeheartedly," Gerald F. Doherty, All-College vice-president, stated in urging student cooperation.

Alpha Chi Omega will initiate Beverly B. Wilson '44 and Mary Jo Powell '44 at Friends' Meeting House, Thursday.

We, The Women The Spirit Of '46— Superwomen Soar

Superwomen—women of the year in 1946.

They scurry about the streets, literally flying to work behind the lines to produce measurable results for those at the fronts.

And these women of tomorrow are pounds thinner. Sugar is in its fifth year of rationing and that makes it tough. In fact, most of the people have forgotten its existence.

Appearance is the chief noticeable difference brought about by war years. And what a difference! Hair, formerly long, gleaming or swagging as the case might have been, is yards shorter. Nails are barely discernable. Years of concentrated work, quick action, and other demands of the emergency have necessitated clipping and more clipping until they can hardly be noticed.

Shoes? More practical, of course. No longer is there time for leisurely strolling in spike heels. Bustle and dash demand low heels. Not to be forgotten, coeds bemoan the fade-out of the dirty saddle and accept the snappier substitute.

Efficiency is in its peak, not only in their uninterrupted war effort but in appearance as well.

Sigma Alpha Epsilon will entertain Kappa Kappa Gamma at dinner today.

Three Teaspoons Of Sugar A Day May Make The Doctor Stay Away

"Although coeds' dispositions might be slightly altered because of the amount of sugar now available, rationing will certainly improve general health conditions," stated Miss Ida M. Parent, assistant supervisor of dining commons, yesterday.

"Besides, more flavor can be obtained from coffee and tea by using only one teaspoonful of sugar," she pointed out.

The thought that weather conditions might hold up transportation is the reason why the dining commons recently ordered extra bags of sugar, since the local wholesaler has been unable to fulfill demands.

Ordinarily using from four to five hundred pounds of sugar a week, coeds are now being ra-

tioned to one teaspoonful per woman per meal. During the last war, coeds received one envelope of sugar every morning to last all day, Miss Parent said.

Because sugar is vital in the manufacture of ammunitions and other war commodities, rich desserts and pastries will be substituted by raw and wholesome fruits, according to food authorities.

Next year at least fifty canned foods will be unobtainable. Coffee and bananas will be luxuries.

Assuring coeds that they will be asked to sacrifice only when absolutely necessary, Miss Parent urges patience and good will. An adjustment will be made as soon as possible, she added.

Gordon '42 Urges Coed Attendance

Undergraduates and graduate members of Pi Lambda Theta who want to see Penn State's crucial basketball game against West Virginia may do so and still attend the panel discussion to be held in northwest lounge of Atherton Hall at 6:30 tonight, stated R. Helen Gordon '42, president.

Panel members will be Miss Mary Jane Stevenson, assistant to the dean of women; Miss Kathryn Pontzer, MacAllister Hall hostess; Mrs. Nora Graffius; and Mrs. Lloyd M. Jones.

Honorary Initiates

Ten coeds were initiated into Tau Phi Sigma, secretarial honorary, at the home of Miss Honora M. Noyes, instructor in economics, recently. They were Harriet S. Armstrong '42, Janet L. Eyer '42, Hilda J. Gordon '42, Janet Herzog '42, Gladys E. Fitting '43, Mary G. Sallada '43, Marjorie L. Sykes '43, Eloise P. Gillis '44, Olive B. Van Houten '44, and Nell H. Wortman '44.
