Organized as a local sorority for less than two years, Krimcon became an official chapter of Alpha Xi Delta, national sorority, on Monday, receiving approval from the dean of women's office yesterday, it was announced last night.

Krimcon became an associate member of Panhellenic Council early this month. Installation services will be held April 17, 18, and 19.

## Ath Hall Coeds To Open Playroom

Atherton Hall's new playroom will be opened within the next few weeks, Mrs. Grace L. Hall, hostess, announced yesterday.

A committee of unit presidents, in cooperation with Miss Emma F. Richardson, dormitory supervisor, and Miss Charlotte E. Ray, dean of women, have given permission to convert the Northwest lounge into a playroom similar to Grange Dormitory's. Committee members were Janet Herzog '42, Jeannette Salkin '42, Geraldine A. Custer '43, and Virginia F. Reilly '43.

WSGA has offered to purchase a ping pong table, and other games will be provided. New records will be purchased, and the floor will be cleared for dancing, it was announced.

Grange Dormitory will entertain 150 faculty members at a coffee hour at 7:30 p. m. tonight as a part of furthering student-faculty relations.

The program will include readings by Hilma R. Eisen '42, Christine R. Grant '43, and Dorothy K. Brunner '44. Jane G. Ludwig '44 will play the piano.

## Panhel To Install Officers At Tea

Continuing its policy of cutting expenses, Panhellenic Council decided last night to replace its annual initiation banquet with a tea which will be held in April.

Four new officers and a new adviser will be guests of honor of old and new Council representatives. Ruth V. Billington '43 was appointed chairman. Panhel members will elect the adviser, secretary, and treasurer on April 7. Pauline E. Keller '44, Alpha Omicron Pi, will automatically become president and Phi Mu representative, vice-president, under the system of rotating offices among houses.

Miss Haley read a letter received from George W. Miller, director of USO at Middletown, acknowledging cigarettes for soldiers which Panhel collected at its annual dance. Mr. Miller said the USO had attached slips to each package explaining the gift and suggesting correspondence with coeds.

Approximately 100 names and addresses of soldiers which he enclosed were given to Panhel representatives to be distributed in houses.

Miss Haley welcomed new delegates but urged that old representatives continue to attend meetings until definite action has been taken on the new rushing code.

THEY MEASURED  
**5,000**  
FACES

TO GET THIS  
DISTANCE RIGHT!

THE distance between the transmitter and the receiver is important to your use of the telephone.

The instrument must be easy and comfortable for you to use. Equally important is the fact that, for best transmission, the mouthpiece should be held not more than one-half inch from your lips.

So Bell Laboratories scientists measured 5,000 faces to find this best or average distance for comfort and efficiency. And if you'll remember to hold to that half-inch margin, your voice will go into the telephone and over the wires and be heard clearly and distinctly.
