

### Ath Hall Coeds To Grab Slippers For Air Raid Drill

Five bells about midnight this week will summon Atherton Hall coeds to an air raid drill, according to Harold D. Bottorf, district post warden.

Coeds are requested to have housecoat and slippers on hand at all times, and at the sound of the bell are to follow leaders and trailers to nearest shelters. In Atherton Hall, fourth floor coeds will evacuate to the main floor corridor, women on ramps will go to East and West halls, and others will remain in corridors immediately outside their rooms.

Study lights will go out, but those in the corridors will be left on. Sick coeds will be moved to hall floors on blankets. Dormitory guests should follow regular coed instructions and speed in all action is desired, Mr. Bottorf stated.

This being the first of a practice series, only drill essentials will be obeyed and complete blackouts will come later. Wardens will use this drill to check on timing and space facilities.

### First Home Management Confab To Begin Friday

#### Honoraries To Help With Entertainment

Something new along the confab line will be inaugurated by the home economics department when 19 Pennsylvania colleges send delegates to a Home Management conference this weekend.

The first meeting to be held in the state for home management instructors will emphasize home management problems today and during the reconstruction period, announced Miss Ruth L. Bonde, assistant home economics professor and chairman.

"Management in Family Living" will be the topic of the main speaker, Dr. Paulina Nickell, home management department head at Iowa State College, Friday afternoon. Dr. Nickell will act as consultant during the convention.

Dr. Laura W. Drummond, home economics department head, will welcome visitors to officially open the convention Friday morning. A panel discussion on the interpretation of management problems of the home will follow.

Conference members, home economics staff, and executive committee of the Board of Directors will be guests of Marion R. Trabue, dean of the School of Education, and Mrs. Trabue at tea from 4 to 5:30 p. m. Friday.

Dr. Clifford Adams, instructor in education and psychology, will speak on "Factors in Marital Adjustment" at an informal dinner meeting to be held at the Nittany Lion Inn at 6:30 p. m. Friday.

Dr. Nickell will be luncheon guest of Omicron Nu, senior home economics honorary, in the Maple Room Saturday. Home economics faculty and junior and senior home economics women interested in home management problems will also be invited, Miss Bonde said.

Final Atherton Hall tea will be held in the northwest lounge from 3:30 to 4:30 p. m. Saturday, according to Dorothy I. Bodine '43, chairman.

### We, The Women We're At It Again—Go To It, Panhel

Congratulations have been booming all over the place. Before the campus is smothered with congratulations to All-College elections victors, we want to get in our two cents' worth to WSGA Senate.

Panhel has needed WSGA representation for a long time. Now that its president, Frances E. Haley '43, will have an ex-officio position on Senate, perhaps some of the age-old misunderstandings between the two organizations will disappear.

In addition to learning more about functions and activities of Senate, Panhel will now be able to voice its own opinions before Senate when it takes action concerning the Council.

In the past, Panhel has taken orders from Senate without understanding the background of actions taken or expressing its own viewpoint beforehand.

Independent and sorority women will also be brought into closer contacts through the dual representation, so that conflicts between these two groups may be ironed out more efficiently.

Any plan that brings all women more closely together is an aid to better organization. We trust that this new legislation will prove beneficial, and that Panhel will take advantage of its new position.
