

### AOPi, ChiO, Stiffen Cup Competition Thetas Hold Out With 18 Points

With Kappa Alpha Theta leading the race for the intramural cup by holding 18 points, a new competition wrinkle has been added with both Chi Omega and Alpha Omicron Pi pegging the Thetas with 13 points each.

Basketball, baseball, and volleyball have been Chi Omega victories while Alpha Omicron Pi chalked up its record through swimming, bowling, and diving.

Chi Omega was last year's intramural cup winner and 1940-1941 triumphant were Zetas, DG's, and Ath West. Chi Omega swiped the award the preceding year.

Since volleyball play night received approval, a new softball play day will be tried out on Holmes Field at 4:15 Wednesday. Differing slightly from volleyball, a single elimination contest, softball play day will be run in double elimination series.

Ten women will be named to each team, and no previous experience is needed to qualify. Intramural managers are asked to turn in names of batters at the meeting at 6:30 p. m. Tuesday. Ball practice will be held on Holmes Field at 4:15 Monday and Tuesday.

June Steinfurth '43, bowling club president, announced yesterday that club members would sponsor a duck pin tournament in White Hall alleys at 1:30 today. Contests are open to everyone.

All-College bowling tournaments will be from 6:30 to 9 p. m. Monday, Tuesday, and Wednesday. Participants must be present on two of the three nights.

Alpha Omicron Pi actives were entertained at a party given by pledges recently.

### Deadline Set For British Knitting

British War Relief officials have issued several, unanswered calls for coed knitting. The final request is being made. All finished or incomplete knitting should be returned to the War Relief offices on East College avenue by April 1.

Latest reports show that three coeds have handed in finished products while at least 15 have materials out.

PSCA Spring Training Conference will meet at Ralph Watts Lodge from 2:30 to 9 p. m. today when Dean Ralph Watts will install new cabinet members.

Phi Mu will initiate Geraldine B. Park '42, Rita J. Burkhard '44, Mary E. Werts '44, Margaret H. Hamilton '45, Georgeanna M. Holt '45, and Mary Jane Meany '45. Sunday morning. Christine R. Yohe '45 was recently pledged.

### Frosh To Move Up; Coed Loses Brain, Cast Off Customs But Keeps Head

Freshman coeds will cast aside traditional customs to enjoy upper-class privileges on Move-up Day, April 18, announced Patricia Diener, newly elected sophomore senator.

WSGA has invited all women students to attend the formal WSGA dance April 4. No admission will be charged as all women are WSGA members. Definite plans will be announced later.

Coeds collecting tin foil are asked to take it to the dean of women's office as soon as possible. Miss Diener stated.

RW—To Harrisburg. Leave Wed. any time after 2 p. m. Call Hep, 244 Ath Hall. 3tcomp 28-31-1

Losing one's head is an everyday experience, but losing one's brain is not. Betty L. Phillips '44 claims she suffered such a loss last week when her brain was taken from psychology laboratory in 204 Burrows.

Her plea for its return appeared in Wednesday's Daily Collegian classified section. "Please return my brain taken from 204 Burrows. Am lost without it. Call Betty Phillips, 327 Atherton."

Upon discovering the organ was missing, she reported to her psychology professor, Clarence E. Carpenter, who calmly said, "What a state you're in!" A "brain-hunt" was started, but in vain.

The class of psychology majors had worked for three hours modeling human brains in clay and after laboratory period, Miss Phillips left hers on a table. The brain was gone when she returned.

Since continuing without the brain was useless, Miss Phillips made a deal with a class-mate who dropped the course. Until her brain is returned, she will work with the second hand model.
