THURSDAY MORNING, APRIL 30, STATE COLLEGE, PA.

PRICE: THREE CENTS

## ROTC Department Announces '42 Military Awards

A total of 28 winners of military awards for the past college year was announced yesterday by Col. Edward D. Ardery of the military department.

With the exception of the varsity and freshman rifle team, the awards will be made at the Graduation Parade which will be held on the practice athletic field from 3 to 5 p. m. next Monday.

The three sophomore infantry cadets who were awarded President Hetzel's Medal are Robert W. Fuss, Wilbur C. Bigelow, and Rudolph Bloom Jr., while freshmen receiving that medal are William G. McCarter, Lawrence J. Chamberlain, and Morton R. Savage.

Those who will receive the President's Medal as outstanding engineering cadets are John F. Melzer '44, Bennett L. Black '44, and Saul Kozuck '44. Freshman engineers who will receive the medal are William G. Suter, Henry S. Myers Jr., and Theodore H. Broisch.

The P. M. S. & T. Medal will go to Bloom and Charles R. Allen '45.

The Freshman Individual Rifle Competition Medal for infantry was won by Kenneth L. Yount, Donald R. Bornman, and Robert V. Choisser, while freshman engineers who won the medal were William G. Suter, William E. Kennedy, and George P. Hileman.

Members of the Engineer ROTC rifle team who will receive silver medals are Harold W. Yount '43, William H. Suter '45, John H. Quirk '42, John C. McCoy '45, and Harold F. Bucher Jr. '44.

Leadership medals will be awarded to Stanley E. Forbes '43, Robert W. Craig '44, and David M. Ogsbury '45.

## Signal Corps Will Train 50 Men Here

Fifty trainees of the U. S. Army Signal Corps will start on a 12-week course in radio engineering May 20, Dr. H. P. Hammond, dean of the School of Engineering, has announced.

After a preparatory course in elementary subjects at Philadelphia, the trainees, who will be in the service of the Signal Corps as civilians, will spend full time on the course, with sessions lasting eight hours a day, six days a week. Prof. C. L. Kinsloe, head of the department of electrical engineering, will supervise the course.

## Just Band Leader And Instrumentalist? No! Dorsey Is Also Master Of Showmanship, Acting

Not only a versatile instrumentalist and an outstanding band leader of the nation will be heard by Junior Prom dancers when Tommy Dorsey presents his Sentimental Gentlemen Friday evening from 10 p. m. to 2 a. m.

The Sultan of Swing has developed an extensive showman's background in his many years as an orchestra leader. As a result, he has acquired all the tricks of the professional actor.

"The bandleader has to be a master of ceremonies and the boys in the orchestra must be talented in everything from dancing to acrobatics. I've tried to concentrate

**OFF TO CHICAGO** — President Ralph D. Hetzel left last night for Chicago where he will attend meetings of the Executive Committee of the American Council on Education today. The annual sessions of the Council will continue tomorrow and Saturday.

## Seven Punished For Dishonesty

Seven students, three of whom are seniors, have been found guilty of dishonesty in English Usage tests, it was revealed by Arthur R. Warnock, dean of men, last night.

According to Warnock, these students sent substitutes to take the tests. Two of the seniors were coeds.

The penalty for the seniors will be the indefinite postponement of granting diplomas to these students. In no case can these diplomas be granted before August.

Guilty underclassmen have been indefinitely suspended from college. Warnock said that none of them will be able to return to Penn State before the Fall semester.

Another sophomore also has been suspended for dishonesty in a written examination.

## Coed's Lip-prints Cover Froth Cover

The Froth cover comes out again tomorrow. For the benefit of all engineers and liberal artists who crave beauty, "Beanie" Siebert's lip-prints will appear on the cover. This scheme will also make the reader forget that he might have read the jokes several times before.

Her picture, suitable for framing, appears on page one. The life story of Leon Rabinowitz '43, is also unfolded in this Junior Prom issue of the humor magazine.

## Ned Startzel, Ex-Thespian Funny Man Entertains Entertainers And Army Men

Ferdy Grofe's "On the Trail" would be a good theme song for the Thespian Mobile Units which have traveled over 1,500 miles in the last two months, playing before army camp audiences.

Seven trips have been made in this time, six to the New Cumberland Induction Center and one to the Camp at Carlisle, by the 15 to 20 people who generally make up a unit.

Mobile units are financed from a \$1,300 fund; \$1,000 was given from Senior Ball profits and the other \$300 came from the profits of The Daily Collegian's Victory Ball. It takes about \$50 to cover the expenses for each trip.

Over \$425 has been spent already. The remaining funds will be spent as long as the Army wants Penn State entertainment. The statement of a sergeant, permanently stationed at the New Cumberland center, to a soldier sitting next to him makes it seem unlikely that Penn State Units will be anything but welcome for a long time. "You know Bob," he

said, "these college youngsters are the only group that I and a lot of other regulars ever return to see a second time."

A "typical" trip was made Tuesday to the New Cumberland camp where the unit performed before a crowd of 600 soldiers who filled the recreation hall completely.

At 4 p. m. the actors piled into waiting cars and headed toward Harrisburg. Shortly after seven they arrived at the Camp and within thirty minutes went into their first number.

In addition to the "regulars" the army men heard two numbers from Ned Startzel '41 who was spotted in the audience by Leon Rabinowitz '43 and Mike Kerns '43. Ned, one of the Thespians' "Three Stooges" while at State left for another camp after his songs.

Thirty minutes after the curtain closed the troupe was already on its way home; laughing, singing and making plans for their Hide 'n' Peek show which will be given Friday and Saturday evening, May 1 and 2.

## AA Office Announces Junior Baseball Assistant Managers

Three first assistant baseball managers were elected and will start duties immediately, according to information from the Athletic Association office.

They are W. Fowler Bounds '44, Robert A. DeCoudres '44, and Francis R. Silverman '44. At the same time, John W. Shaffer '44 was named manager of the freshman team; John A. Bauscher '44, first alternate; and Arnold D. Perloff '44, second alternate.

Freshman candidates for assistant managerships in baseball and lacrosse are asked to report immediately, and first assistants will be chosen at the end of the Summer for next Spring's team.

## Navy Expands V-5 Training Program

Prospective freshmen for the Summer semester are now eligible for Naval V-5 flight training, it was announced by Naval representatives now on campus for recruiting students for the Naval Aviation Units.

To qualify, students must be between the ages of 19 and 27 and be able to pass the physical examination. Recruiting will continue until Saturday at noon in 305 Old Main. Physical examinations will be given in the infirmary during the same hours.

With the V-5 recruiters are Lieut. Charles M. Speidel, Lion wrestling coach for the last 16 years; Lieut. Glenn Killinger, Penn State All-American football player in 1921; and Charles C. Beam, former director of athletics at Gettysburg College.

These former coaches have received their commissions as Naval Lieutenants. All will be sent to one of the four pre-flight training centers at the University of Virginia, University of Tennessee, University of Iowa, and University of St. Marys.

Naval officials have added the three-months physical fitness training course to the nine-month V-5 training for college graduates. Lieutenant Speidel will probably be stationed at the University of Virginia to teach this physical fitness program.

## Poll Comparisons Show Summer Enrollment Rise

An upward trend in Summer semester stock is indicated by the comparison of the figures of the two polls concerning enrollment, the first taken at January registration and the second last week.

In January 2,335 stated they would return for the Summer semester while 2,775 indicated they would be back in last week's survey.

Seventy-five per cent of the Engineering School juniors, sophomores and freshmen will return for the Summer semester instead of the 65 per cent listed in yesterday's Daily Collegian figures.

This places the Engineering School in third place behind the Mineral Industries and Chemistry and Physics Schools in regard to Summer semester enrollment.

## Coeds Granted 11 O'clocks For Summer Term

Upperclass women will have 11 o'clock permissions for Summer semester, as a result of WSGA Senate action last night.

According to the recently revised freshman code, after the first two weeks new coeds may have ten o'clock week night permissions with no dating after 5:30 p. m.

Hours for Junior Prom will be three o'clock Friday night, two o'clock Saturday night, and ten o'clock Sunday night for all coeds.

A suggestion for freshman mixer dances on non-dating weekends, to be included in the orientation program, was made by Jean Babcock '42, acting WSGA head. Directed by honorary societies as were those held this year, these dances might be attended by different groups Friday and Saturday nights. Patricia E. Diener '45, freshman senator, was appointed to investigate the plan.

A "Bars for Tars" day will be conducted by House of Representatives to collect candy to send to the crew of the U.S.S. Pennsylvania, according to Dorothy K. Brunner '44, WSGA vice-president. Candy bars should be brought to the dean of women's office Tuesday.

"Because we do have to live here, we might as well help keep the College looking good," stated Miss Babcock in commenting on the condition of front campus.

The recent "Coney Islandish" appearance of the campus does not present a too favorable impression on visitors, she added.

In planning affairs for next semester, the faculty is asked to conform as much as possible to WSGA regulations.

## IFC Sets Summer Rushing Schedule

Rushing dates were announced, the annual Interfraternity Council financial statement was approved, and nominations for faculty advisor were made at the monthly IFC meeting last night.

Inter-semester rushing will open officially at 11:50 a. m. May 9 and will continue until 5 p. m. June 5, according to Arthur G. Denman '43, newly-appointed rushing chairman.

Summer semester's rushing season starts immediately after the close of the inter-semester period. Formal pledging will get under way June 9 and is scheduled to continue until June 13. The 30-day no-pledging period that usually follows rushing season has been eliminated, Denman stated.

The annual financial statement approved by IFC members shows receipts of \$5,267.60 and expenditures of \$5,127.25 for the last fiscal year. Cash now in IFC's treasury amounts to \$845.74, as compared to \$705.39 at the beginning of the last financial period.

Nominees for IFC faculty advisor include Joel E. Crouch, instructor in industrial engineering; Robert E. Galbraith, associate professor of English composition; Sheldon C. Tanner, professor of economics and business law; and Henry B. Young, associate professor of English composition. Tanner is the present faculty advisor.

## Dr. Liu Of China Institute To Speak

Dr. B. A. Liu, former president of the China Training Institute near Nanking, China and now associated with the Chinese Institute of America, will be the guest speaker at a public meeting sponsored by Pi Gamma Mu, honorary social science fraternity, in 121 Sparks building at 8 p. m. tonight. His topic will be "China's Aims and China's Needs in the Present War."

The lecturer, who is recommended as a very interesting speaker, was obtained after communication with the Chinese Embassy in Washington.

Dr. Liu received his Ph. D. at Columbia University. He was also president of the Student Council of the International House of New York and has lectured in China, U. S., and Europe.

Before the meeting, Dr. Liu will be guest of honor at the honorary's Spring initiation banquet.

## Frosh Meeting Called

Freshman men candidates for the editorial board of The Daily Collegian must attend the special meeting in the Collegian offices at 4 p. m. this afternoon if they expect to be assigned a regular "beat." Men who fail to attend without a good reason will be cut from the list of candidates, Gordon Coy, editor of The Daily Collegian announced last night.
