The Campuseer

Make With The Music

Peace has reigned too long in our little Centre County retreat, and we intend to stir up some dust by advocating that the department of music renew their concert series for the Summer semester. These Sunday afternoons can be boring for a liberal artist with an "A" gas ration card, and a little musical diversion will be well received. The possibilities of outdoor concerts should be considered also.

The Last Mile

Wedding news poured thick and fast into Campy's clutches over the weekend . . . Jean Babcock, last year's WSGA prexy and valedictorian, will become Mrs. Bob Hasek (and daughter-in-law of the econ prof) on August 29 . . . Alpha Chi Helen Chiappy and Phi Psi Jack Schatz will go under the name of Schatz after a week from Saturday . . . SPE's bubble dancer, Milt Kuhn, took vows with another Alpha Chi, Elsie Rooth.

What, No Coffee?

One busy little coed called all the fraternities on Saturday to invite two representatives to a coffee hour at the Kappa house at 6:30 p. m. Sunday. Came 6:30 p. m. and all the representatives were there—but the Kappas weren't. In fact, there wasn't even any coffee.

Professional Prattle

And then we heard in class of a fellow who said, "If all the college professors in this country were laid end to end, it would be a good thing . . . Another prof told us it didn't bother him if students look at their clocks regularly during the class hour, but it really irked him when they look disgustedly at the timepieces and started shaking them."

Of Lesser Importance

Not quite up to matrimonial par comes this bit about the engagement of Delta Gam Peggy Diener to "Smoky" Stover, an SAE of two years ago . . . Mary Catherine of Allentown got the proverbial "shaft" as Dave Sharp's Phi Delt jewelry found its place on Kappa Ruth Moore . . . Phi Ep Al Moses and his wife arrived in town over the weekend . . . Recently married Dot Magor and Ensign Dave Kempner '41 are now living in San Diego . . . Reports from the Kappa hang-out have it that a lovely blond transfer from Allegheny will boost the stock of KKG feminine pulchritude this semester. Her name?—Esther Campbell.

—CAMPY

CAMPUS CALENDAR

TODAY

Tryouts for Men's Glee Club and College Choir today; men report to Room 200 Carnegie Hall and women to Room 211, at 7 p. m.

Student Religious Workers Council meets in 304 Old Main at 1:30 p. m.

No Confusion Here

Last Wednesday night State College and Penn State "blacked out" in the first actual test covering both the campus and the town. "Unusually successful" was the verdict of trained officials who were well pleased with the hour of total shading.

Deeply significant, however, is the fact that other cities and towns have not all been successful in their first attempts at blackout drill. Secret of the local efficiency lies in the long range planning and training typical of both borough and College officials.

Adequate patrolling of streets and buildings by volunteers cognizant of their responsibilities contributed much to orderly compliance with the announced practice. Hat society members and College staff members are to be commended and thanked for their efficient management of the test.

Not to be overlooked, however, is the widespread publicity which prepared the student and civilian population for the long-awaited signal whistles. If we can foresee other war-time exigencies as well, we can feel certain that we are prepared for the doubtful future. There is no confusion here.

—H. J. Z.

Anything Goes

Some doleful and seemingly capable commentators on the contemporary campus scene wagged their heads glumly two weeks ago and sighed: "Third semester? Anything'll go. 'S crying shame. Tsk. Tsk."

The student body has shaken its collective head these past few days and sat back to cautiously examine the amazing situation of a large and beautiful campus peopled entirely by upper-classmen, and not too many of them, by normal standards.

The administration has held its breath while most of the student body finally did get to Recreation Hall to shuffle the complicated forms and say "I do" to an incredibly accelerated educational program, which in some cases finds a fifteen-week course being given in as many days.

We refuse to shake our heads; we'll not be glum; and we'll use our breath to say: "Third semester? Anything'll go—if you make it go."

It doesn't belong to anyone else, this third semester. If you're a student, you registered for it. If you're a faculty member, you're teaching it. If you're an administrator, you're responsible for it.

Anything goes—if you make it go.

—B. M. W.

It's Up To You

(Continued from Page One)

Without a daily paper, the Administration is greatly hampered in making important announcements concerning emergency war-time measures.

Without a daily paper, campus activities and College business will be slowed down—and at a time when a speed-up is of utmost importance. The Daily Collegian is not patting itself on the back. It is only facing the facts.

Then, how can a daily paper be maintained?

There are several solutions. First of all, the College could advance an appropriation to insure the financial success of the paper. But, The Collegian realizes that the College is having plenty of trouble in meeting its own budget, because of the extra burden caused by the Summer semester.

The second, and most logical solution, is based on increased circulation. If students, faculty, and townspeople feel that there is a definite need for a daily paper, they will support it by entering their subscription. It is only by this means that The Daily Collegian can succeed.
