**Our Summer Platform**

In several columns in the past few weeks we have put forward suggestions which we felt would make for a better Summer semester as far as recreation and athletic opportunities for the student body are concerned.

Just to bring these together all in one place as a definite platform for recreation and physical fitness, we list the following:

1. **Transportation** by College or other truck to Whipple's Dam each weekend to give students at least a fighting chance to get near some water and cool off.
2. **Building** of fireplaces on suitable picnic spots on nearby College property, thus making picnicking still a possibility for student and faculty groups.
3. **Renting** of the Dux Club Bowling Alleys by the College for the Summer under a system similar to the renting of Glennland Pool.
4. **Formation** of a baseball intramural league of six teams. This league being formed not between fraternity or independent groups but merely from among the group of students showing interest in playing some ball this Summer.
4. **Sponsoring** of an interclass track meet to be held the Saturday afternoon of the "Big Weekend," August 1. Everyone eligible including varsity men since each class will have equal share and it would add color to the meet.
5. **Co-recreational** intramurals in golf and tennis.
6. **Organization** of faculty mushball teams; possibly a team representing each school. What better way to cement student faculty relations than to have both groups meet on the playing field and sweat together. Maybe the winning faculty team could meet the winning intramural team.
7. **Having** an extensive intramural mushball league with the winning team meeting a winning team from a nearby school in an interschool intramural game.
8. **Marking** off outdoor volley ball and basketball courts on the macadam parking space next to the varsity tennis courts.
9. **Continuation** of playnights.

**Karver, St. Clair Set New  
Frosh Mile, 440 Records**

**Post-Season Marks  
Upheld As Official**

Two more freshman track records fell by the wayside yesterday as the post-season frosh drills got runners into better shape than they have been in all season, even while they were in active competition.

Jerry Karver, after trying all season and failing because he had been handicapped by weather difficulties, ran alone officially yesterday to set a new mark in the mile with a time of 4:21.1. His new mark bettered by 4.4 seconds the five-year old mark set by M. L. Keiser in 1937.

The other record cracked was the second one broken this year by Cliff St. Clair. Yesterday he made himself holder of the frosh 440-yard mark of 50.5 seconds, knocking three-tenths of a second from the mark set earlier this year by Bill Shuman in the freshman meet against Cornell, May 2.

The old mark in the 440 was set in 1933 by Harold Downey at 51 seconds. St. Clair's mark yesterday, bettered that by half a second.

Karver was trying for a 4:14 mile when he set the new mile mark and came within seven seconds of doing it. Had he achieved his aim he would have bettered the College varsity mark of 4:16.1 set in 1929.

St. Clair's breaking two records is a feat bettered here only by one man, Barney Ewell, in his freshman year. It equals the marks of two new records by Mike Vukmanic in javelin and discus in 1937 and Keiser in mile and two-mile in the same year. This year is the first since 1940 that any frosh records have fallen.

**DOUBLE SMASHER** — Cliff St. Clair, frosh track man, broke the freshman 440-yard run record yesterday in a post-season practice drill without any competition. It was his second frosh mark. He set a new mark in the half-mile last week.

**ASME Elects Officers**

Donald Dickinson '43 was elected president of the Penn State chapter of the American Society of Mechanical Engineers at a meeting held recently. Other new officers include: Paul H. Richard '43, vice-president; Kenneth E. Eyer '43, secretary; and G. Douglas Walters '43, treasurer.

The last one seemed to be a great success thanks to Ray Conger, and those working with him.

10. **Backing** by all campus groups of the big-three way weekend tentatively planned for August 1 should afford the College with best recreational program ever held on this campus.

Granting that some of these proposals may be impossible, there should be enough of them possible to round out a Summer program that would adequately solve the recreation problem and at the same time keep the majority of the student body physically active.

**Pool Open 3 Nights  
For Co-Rec Swimming**

Glennland Pool will be open three nights weekly for co-recreational swimming according to an announcement by Glenn N. Thiel, professor of physical education, last night. Both men and women students may use the pool on Tuesday, Friday and Saturday nights from 7 till 10.

The pool will be open to men students every weekday afternoon from 1 to 5, except when classes are scheduled.

All Summer session, graduate and special students are invited to use the pool as well as the regular student body. Sophomores and freshmen can use their regular swimming cards while upperclassmen and special students can buy tickets good for 16 swims, for a dollar at the Bursar's office.

**Plesser, Ewell  
To Run For State  
At Rochester**

Barney Ewell will be accompanied by another member of the Lion track team when he travels to Rochester Saturday. Barney Plesser will go along to run the special 120-yard high hurdle event as a representative of the Nittany Lion.

The special events will be an attraction at the Section 5 championship meet of the New York Public High School Athletic Association at which Lion Coach Chick Werner will be guest referee. The meet will be in charge of Bill Cox, former State distance man.

Ewell will be making an attempt to crack Charlie Paddock's 200-yard dash record of 19 seconds. The record was set by Paddock when he was called by fans the "world's fastest human." Experts give him a better-than-even chance of carrying out his threat to the 21-year-old mark.

If Barney can annex this title to add to his string he will be classed as one of the all-time greats because of his triple outdoor IC4-A win and his holding two records in that association. His Intercollegiate records would have been even better had it not been for the strong wind at the meet which was cause enough for declaring them unofficial.

Ewell and Plesser will be attempting to bring back to Penn State more glory to add to that they have already brought it this track season. Former team captain Joe Bakura was invited to compete in the meet but Werner stated yesterday that he thought Bakura would not be able to get to Rochester.

**Sophs With Baseball  
Team Show Potential  
Strength In Hitting**

Among the sophomores out for the Nittany Lion baseball team are several potential hitters if the recently-ended freshman diamond season is any indication.

Dale Bower, who is a probable second base starter, led Coach Leo Houck's frosh nine last season at a .500 clip in four games. Howard Grebs, one of the few right-handed batters trying for an outfield post, followed Bower with an average slightly over .400, and Johnny Sylvester, outfielder was a few points behind as third heaviest slugger.

Only two players have been able to hit the scoreboard on the right side of the New Beaver field ball diamond in Summer season practice. Jack Weber, soph first baseman, and Bob Perugini, senior, attained the feat.

Showing up well at third base is Don Sandercock, whose injured finger kept him out of most of the frosh games. Sandercock was a shortstop and is being converted to the hot corner post. Ray Bitting '44 is learning duties as a catcher to relieve George McWilliams who was the lone catcher. The frosh team last season won three contests while dropping one.

**Tennis Team To Open**

With only two weeks remaining until the opening of the Summer tennis season, Coach Ted Roethke faces the difficult task of whipping a team together from a small group of inexperienced sophomore candidates for the opening match with Colgate on the latter's courts June 20.

**Linksmen To Meet  
Colgate June 20**

Lion golfers will resume play when they meet Colgate at Hamilton, N. Y., on June 20. From the eight varsity competitors of last season when the Nittany linksmen went over the top and won the EIGA title in the Middle Atlantic Division, four are back for the Summer semester.

Co-Captains Dick Stephens and Bill "Ducky" Swan, both juniors, have returned and will probably lead the line-up. Ed Fairchild and Bill Smiley, seniors are also back, and should come through in the playoffs next week for a berth on the team.

Coach Rutherford, Penn State's athletic coach with the longest service record, lost four men through graduation when Jim Kramer, Bob Wallace, Dent Holden and last year's captain, Chuck Seebold, left at the end of last semester.

New men out for the team for the Summer are Dick Hastings, Hank Keller, Stu Burns, and Jack Dorrance.

The Penn State golfers are scheduled for one other match this month, which is with the Centre Hills Country Club on the College links. Four other meets are in the Summer's line-up, two with Cornell, and one return match with Colgate and Centre Hills.

**IMA, IWA To Hold Picnic**

IWA and IMA will hold a joint picnic in Hort woods 3 to 7 p. m. Sunday. The affair is open to all students, and incoming freshmen are invited to attend. Tickets entitling the bearer to refreshments are on sale at Student Union, and will be sold at the picnic.
