

'Swim' Night Tops Summer Sports Slate

WRA Swimming Club has announced as its feature event of the Summer a swimming Fun Night to be held in White Hall pool at 7:30 p. m. Wednesday, August 12.

Open to all coeds, teams of four and five may enter to compete in a series of events including diving, swimming, life-saving, and water safety skills. Teams need not represent any particular club, sorority, or organization, Dora E. Colver '44, club president, stated. No one team member can participate in more than four events, Miss Colver added.

Students may also sign up individually to be placed on teams, it was pointed out.

All entries are to be handed in at the towel window in White Hall. Individuals must sign up by Wednesday, while team entries are due Monday, August 3.

SUMMER SESSION NEWS

A Columbia Round archery tournament for Summer session men and women students is scheduled for White Hall field at 2 p. m. tomorrow, Miss Marie Haidt, associate professor of physical education, announced.

Anyone who knows how to shoot is eligible and need not sign up, Miss Haidt said.

A hike for Summer session students is planned for 2:30 p. m. Sunday. Hikers will meet at White Hall and will plan their route from there.

Summer session Talent Night, originally planned for Tuesday, has been cancelled, Mr. Earl L. Edwards, instructor in physical education, reminded coeds.

Silent Period To End For Eligible Rushees

With the closing of the two week silent period for coeds still eligible for pledging, sororities may rush after 8 a. m. Monday, according to Pauline E. Keller '43, Panhellenic Council president.

Formal rushing being over for the semester on July 19, there has been a period of non-contact between sorority women and rushees. Bids may be given to coeds at any time following the end of silent period, Miss Keller stated.

Plans for the annual Panhel Ball, to be held at the Nittany Lion Inn Friday, August 7, are being formulated. The Campus Owls will play for the informal dance open to all sorority women. Betty Jane Haupt '43 is general chairman.

Mortar Board, national women's honor society, will sell defense bonds and stamps at all Victory Weekend activities, according to Pauline Crossman '43, president.

Big-Little Sister blanks must be filed by August 8, Patricia Diener '45, chairman of Freshman Council, announced today.

We, The Women You've Got 'Em, Now Keep 'Em - - Don't Flunk And Keep Sleepin'

Penn State coeds are governed on an adult level. Unlike women who study at smaller colleges or institutions which aren't co-educational, local coeds are given lenient late permissions and, for the most part, are free to choose their own ways of living.

Because of their trust in coeds' abilities to rule themselves, administrative members are frequently criticized.

"Do you mean to say that women students are allowed out until 11 p. m. during the week? How can they study or get the proper amount of sleep if they dance until 2 and 3 a. m. in the morning?"

We've all heard such comments. No verbal retorts will silence these critics. Once again, actions speak louder than words.

Opponents of the existing regulations have capitalized on the deluge of below grades and the slump in physical fitness to further their criticisms.

Fraternity Guests For V-Weekend

CLASSIFIED SECTION
LOST—Glasses in vicinity of Miles and Beaver. Phone 4927. Reward. 3tch 31, 1, 4 B.

LOST—Pink shell rimmed glasses in brown leather case. Call Peggy, 337 Ath Hall. Reward. 1tpd 1 B.

FOR SALE—Drawing set, 18 pieces. Call 4138, ask for Pete. 1tpd 1 B.

RW—Detroit or vicinity around August 10. Call 4373 at 6 p. m. 2tpd 31, 1 S.

Because of the validity and fairness of these accusations, coeds must provide answers—not next semester but immediately.

If women are sufficiently mature to make and enforce their own rules, certainly they possess enough common sense to know that sleep is essential for physical and mental alertness. They should know, too, that late permissions are to be used judiciously and not at the expense of studies.

Recognizing these facts, will women students aim to decrease below grades and increase physical fitness?

We hope so—not from an idealistic or goody-goody point of view, but from a practical desire for the continuation of lenient regulations.

Frosh Promise A Victory In First Coed Tug Of War

Women In Sports

By SALLY HIRSHBERG

Still "aiming to please," WRA's calendar for August reveals recreation, fun nights, and sports contests that should appeal to all.

First major event is volley ball night scheduled for 6:30 p. m. Tuesday. All teams entering volley ball intramurals are to participate in primary eliminations on outdoor courts on Holmes Field at that time. We would like to see all teams put in an appearance Tuesday night. There are still attendance records to be broken.

To further swimming skills and to demonstrate the importance of swimming in Summer recreation, WRA Swimming Club is planning a Fun Night in White Hall pool at 7:30 p. m. Wednesday, August 12. In trying to get as many students as possible to participate in the affair, any number of teams of from four to six coeds may be entered or students may sign up individually to be placed on a team.

Perhaps few of us realize the value of swimming not only as a sport or as fun but also as a method of disciplining and coordinating the mind and body. In numerous high schools throughout the country, students can not be graduated unless they evidence swimming ability. Swimming is a vital part of every College curriculum.

Why? Why not try some swimming? Here's your chance. Get a team together and sign up for the Swimming Club's Fun Night. And of course, you can always join the Swimming Club itself for regular practice.

Two more WRA clubs which need more members for definite action are the Archery and Outing Clubs. Both have been quite active in adding much to Summer recreation. These clubs solicit your membership. Won't you give?

Because of the popularity of square dancing at the last co-rec Fun Night, WRA is planning an evening devoted entirely to square dancing. So keep limbered up and listen for the call.

In attempting to adapt their Summer program to the demands of the students, not demanding students to adapt themselves to a complicated recreation schedule, WRA has proven itself worthy of high praise. We know that the August program will be equal to or even more successful than the one it is supplementing.

'TUG' PLUGGER—Marjorie L. Sykes '43, WSGA Judicial chairman, will direct the first coed tug-of-war, to determine the length of time frosh will wear customs, on New Beaver Field at 2 o'clock today.

Coeds Become V-Imports

Penn State coeds became imports for the second time when approximately 100 Fall and Winter session women returned for Victory Weekend last night.

When the buses and gas-drained cars arrived in town, came the usual influx of damsels from all parts of the country, making a total of 75 "foreign" women on campus.

According to a survey made last night, visiting coeds represent New York, New Jersey, Tennessee, Indiana, Ohio, Michigan, Maryland, Massachusetts, and West Virginia.

A majority of the immigrants will share rooms in campus dormitories while a large number will be housed in fraternities, and an equal number will reside in tourist homes.

With more than 1,000 tickets sold to the biggest of the College's weekends, imports and their dates make up a large majority of the Victory attendees.

Victory Weekend guests outnumber previous houseparty and "big time" visitors of other years, according to surveys made in the past.

Applications Ready For Enlisted Reserve

(Continued from Page One)
V-7 plan after completion of two years of ROTC, according to Adrian O. Morse, assistant to the president in charge of resident instruction.

Along with the issuance of the pamphlet and the application blanks, President Hetzel's office has issued the following statement:

"At this time the College is presenting the plan of enlistment of college students in the Army Enlisted Reserve Corps, the Army Air Corps Enlisted Reserve, the Naval Reserve, the Naval Aviation Reserve, and the Marine Corps Reserve. All the details of this plan have not been announced but it appears to be in the interest of the war effort and of the students to make the plan available now.

"Students who desire to enlist now can obtain application forms at the office of the Dean of their School. Applications, when completed, should be presented there.

"Additional information will be announced as it is released by the government but the student should feel free to consult the office of the Dean of his School, the newly appointed Faculty Advisor on War Service, Prof. R. E. Galbraith, Room 243 Sparks Building, and the office of the Professor of Military Science and Tactics, Col. Edward D. Ardery."

Freshman Forum Elects Officers

PSCA Freshman Forum elected officers at their weekly meeting last night. New officers include: president, Louise Ritter; vice-president, Ruth Pielemeier; secretary, Marjorie A. Rude; and treasurer, Mary K. Hoppel.

Barbara Anderson and Ruth Bamer were in charge of worship exercises preceding elections.

Rides Wanted
