Sororities To Hold First Open Houses

Interrupting the silent period which will end 9 a. m. Wednesday, all sororities will hold open house for freshman and transfer women from 3:30 to 5 p. m. Sunday. According to Pauline E. Keller '43, Panhellenic Council president, new coeds may stay at each house as long as they want, and they may visit as many houses as they wish.

These open houses are the first contact between new coeds and sorority women except between Big and Little Sisters. Miss Keller stresses that Big Sisters may visit Little Sisters until silent period during rushing, when they must abide by Panhellenic code.

The 1,700 tons of tin used in the manufacture of cars last year would make more than one billion food cans. The Army and Navy alone will require half that many this year.
