

## Between The Lions

With DON DAVIS

### Perry's Problems

According to latest reports from Bob Perugini, Lion's Den prexy, all is running comparatively smooth at the newly chartered pigskin fraternity on Beaver avenue. Study hours are maintained every week night from 8 to 11 p. m., excluding, of course, an occasional release of excess energy. And when it comes to clean-up days, Bob assured us that the boys really fall in line, or else. Present plans call for the painting of a room each week until the house is freshly painted inside. If any of you fraternity presidents think you have it tough keeping your boys lined up, just stop and think for a moment of the task that Perugini has in keeping his 27 charges in hand.

### All-Star Squad

A glance at Coach Chick Werner's cross-country candidates is enough to throw fear into anyone of their opponents this Fall. (Any other team for that matter.) The only real losses the team has suffered are Max Bourgerie and Pop Thiel. This leaves practically an all-star lineup of Jerry Karver, Norm Gordon, Curt Stone, and Mac Smith. Sophomore Joe Beach will probably break in as fifth man.

Rescinding of the freshman rule doesn't mean a thing to Werner. Claiming that freshmen cannot stand the five-mile strain at first, they will work entirely separate of the varsity and instead of being called the frosh squad, they will make up the junior varsity team.

### A Safe Investment

And on the soccer front the major news seems to be that Playing Coach Bill Jeffrey is on the sidelines with a slight leg injury. Jeffrey, who has never missed a practice session in 17 years, as the story goes, is rounding out another one of his famed super teams. His secret of success might well be, "Scrimmage—Scrimmage—And More Scrimmage." It's a safe bet (practically an investment) that the Lion booters continue their new winning streak this Fall without interruption.

### That Penn Myth

It seems to be the thing these days to build Penn's Red and Blue of no-draft fame to the skies. Various excuses were offered by Philadelphia sports writers after the Bisons from little Bucknell held the Mighty Munger Men to a scoreless tie this past weekend. Cries of dissension in the ranks, etc., were tossed about in profusion.

We would like to go on record stating that Philadelphia's enthusiasm concerning their Ivy League outfit is more than slightly optimistic. Sure, Penn must have a good team, what with the whole squad intact. But whether or not they are as invincible as some would have us believe, we seriously question. In fact it wouldn't surprise us in the least if the much scarred and bruised Lion should rise and soundly trounce the Eastern team come November 14.

## Students Pay Fees Today, Tomorrow

Fees for the Fall semester are payable today and tomorrow in the Armory, Bursar Russell E. Clark reminded students last night.

All students, including first semester freshmen, will pay fees these two days. Hours have been set from 9 a. m. to noon and from 1 p. m. to 5 p. m. each day.

Any student who fails to pay fees by 5 p. m. tomorrow, and does not have a deferment, will be fined five dollars by the College.

Athletic Association booklets will be distributed when fees are paid.

# 'Frosh Will Not Run In Varsity X-Country Competition'—Werner

## Frosh Out

Coach Chick Werner of the Nittany cross-country team declared last night that no freshmen would be allowed to run on the varsity harrier squad, but rather would run against jayvee competition with no upperclassmen to help them:

## Golfers To Need Special Permits

Special permits will be required of all student golfers using the College links, according to an announcement from the office of Dr. Carl P. Schott, dean of the School of Physical Education and Athletics. The new regulation goes into effect Monday.

Permits will be issued at 202 Recreation Hall to each student making application and presenting an AA book, yesterday's announcement stated.

Rules governing undergraduate golf privileges will be as follows:

1. The permit entitles the student whose signature appears on the face thereof to golf privileges for the semester.
2. The permit shall be presented for identification upon request of an authorized College employee.
3. The permit is not transferrable and will be taken up if presented by any other person than the student whose signature appears thereon.
4. Loss or theft of the permit must be reported at once to the Office of the Dean of the School of Physical Education and Athletics where a new permit will be issued upon payment of 50 cents.
5. The permit may be revoked for any violation of the rules governing its use, or the use of the golf course.

Permits for use of the golf course by all persons other than undergraduate students may be obtained, as usual, at the Bursar's Office or at the caddy house, according to the announcement.

## '46 Squad To Form Junior Varsity Team

Although the Athletic Advisory Board has declared freshmen eligible for varsity competition, there will be no first-year men on the varsity cross-country squad this Fall, it was revealed by Chick Werner, coach of the Lion harrier team.

"Unless something unexpected turns up before the opening of the season on October 17," Werner explained, "there will be no freshmen running on the varsity seven. We will attempt to keep cross-country as near to pre-war conditions as possible."

It is impractical, Coach Werner pointed out, for freshmen to be taken out of scholastic competition and placed immediately on a varsity squad that races over a tough five-mile course.

According to Werner, freshmen should be given a year of competition over the shorter three-mile course before attempting to compete over the longer trek.

Although Nittany Cubs' two opponents, Syracuse and Cornell, will both be using upperclassmen as a junior varsity team to compete against the Blue and White, Werner showed no anxiety over the fact. As he put it, "If these men were any good, they would be on the varsity."

There will be no junior varsity cross-country team organized. Any upperclassmen who wish to compete in cross-country will have to make the varsity squad.

With several new frosh hopefuls reporting, the array of experienced first-year men indicates a much better team than Coach Werner anticipated when only a dozen aspirants had reported during the initial week of practice.

## IWA Dancing Classes Will Begin Monday

IWA will sponsor social dancing classes for independent women in Grange playroom beginning Monday, Hazel E. Gassman '43, president, announced yesterday. Two sessions will be held, one from 6:30 to 7 o'clock and the second from 7 to 7:30.

A fee of 50 cents will entitle each coed to five lessons. This money will be used to purchase records, Barbara E. Whitbred '43, chairman, announced. Class instructors will be Miss Gassmann, Miss Whitbred, and Marjorie A. Magargel '44.

## Cornell, Colgate Lose Grid Captains To Draft, Injury

Two outstanding members of teams that are to oppose the Nittany Lion football team this fall will be lost to their respective squads, Colgate and Cornell, this fall.

Captain Ken Stofer, rated as a potential All-American, and the only veteran backfield man on Carl Snavelly's Big Red team at Cornell, was inducted into the Army yesterday.

Stofer's induction followed the announcement last week that Captain Warren Anderson, star end, and big gun in Colgate's defensive play, had fractured his leg in a Red Rajder scrimmage, and will not be able to continue this Fall. Anderson was one of only three regular linemen to report to Andy Kerr for the 1942 campaign.

## Thiel Calls Meeting Of Lacrosse Squad

Emphasizing that no previous lacrosse experience was necessary to try out for the squad, Lion Stick Coach Nick Thiel called a meeting of candidates in 216 Rec Hall at 4 p. m. today. Candidates from all classes are to attend.

Purpose of the meeting is to clarify the stick schedule for the coming season, according to Coach Thiel.

Although no games have been signed for the Fall semester, Coach Thiel expects to have members of the squad start working out in preparation for games in the Spring.

Coach Thiel, who has made great lacrosse players out of students who never saw a lacrosse stick before coming to Penn State, also stated that students interested in going out for manager of the team should report at today's meeting.

Prior to the meeting, all candidates must take a physical exam at the dispensary and present a permit at the meeting, according to Thiel.

## Schedule Ready

Freshmen and sophomores trying out for The Daily Collegian are asked to check with the schedule drawn up by the Business Office to handle phone calls to the offices, Gordon L. Coy, editor, reminded last night.

## Seven Lion Foes To Play Initial Games Saturday

### Only Pitt Should Encounter Trouble

Seven of the Lion's eight 1942 football opponents will jump the gun Saturday in initial contests. Only Pitt, who meets the national champion Minnesota squad, should have any trouble in its first fray.

Penn will open with Georgia Naval Pre-Flight School, Bucknell takes on Lebanon Valley, Cornell meets Lafayette, Colgate will fight it out with St. Lawrence, West Virginia will warm up with Washington and Lee, and Syracuse will play around with Clarkson. Only Lehigh, of the Lion's schedule remains idle this weekend.

In the meantime Coach Higgins has his charges going through their paces for what might prove to be surprise power from the Bucknell eleven. The Bisons held "mighty Penn" to a scoreless tie in a practice game last Saturday. Although it may have been a case of Penn Coach Munger keeping his best men under cover, the concensus among Philadelphia sportswriters is that the Penn team has been highly over-rated. Nevertheless, Bucknell will be stronger than originally supposed.

Last evening, for the second straight practice, the Hig and staff had handsome Bob Weitzel working out at a tailback position. It seems almost certain that Bob will do his playing this season at the running slot.

With Weitzel at halfback, Higgins has indicated that he will return Colone to a fullback position when the Berwick lad recovers from his sprained ankle. That move would suit the Hig fine, for he has contended all along that Colone would make a better plunger than a halfback.

Recently Higgins stated, "I may be ruining a great career for Colone at fullback just to get a mediocre tailback."

Weitzel, however, seems to fit in as a halfback even better than at his old position. Reasonably fast, and shifty, Bob will be welcome relief for "Sparky" Brown.
