Completes Plans

Gerald B. Maxwell Stein '44 released complete plans for the first Open House Program of the Fall semester and extends an invitation to townspeople, faculty and students to attend the informal recreational program which is sponsored by many campus societies.

Curfew Pleas To Be Heard Today

(Continued from Page One) and central booking office will also cooperate; the former by breaking up meetings on campus at the deadline hour and the latter by refusing to issue permits for the use of campus property or buildings after 8:30 unless special permission is granted by the committee.

Plesser stated that the only exceptions to the new rules will be for chemistry, architectural and other laboratories and recognized College athletic events. He urged all activities in doubt as to their status to file petitions and be on the safe side.

All groups that do not present petitions are understood not to be holding sessions after the curfew hour, Plesser emphasized.

War Loans Available For Technical Students

(Continued from Page One) the requirements leading to a bachelor's degree within 24 calendar months.

In case of service in the armed forces, the provisions of the loans are this: if drafted, the loan will be cancelled; if the student enlists, however, there will be a moratorium on the debt and it will have to be paid at a later date.

All students who accept the loans from the fund will pledge themselves to work under the jurisdiction of the War Man Power Commission headed by Paul V. McNutt. Loans are intended for fees and subsistence.

The money will be distributed, according to Clark, so that the student may pay his fees, buy his supplies at the beginning of the semester, and then receive a monthly check for living expenses. Further loans can be cancelled at any time if the student's work is not satisfactory.

Loans must be repaid within four years, one-fourth due after one year, another fourth after two years, a third fourth after three years, and the final payment at the end of four years. These payments include accrued interest at the simple rate of two and one half per cent per year.

RW—Allentown, Reading, or vicinity. Leave Friday after 2. Call 4th floor Grange and ask for Sis.
