

Hockey Players Asked To Secure Medical Permits

With three days remaining for coeds interested in interclass hockey to complete their required first practices, WRA Intramural Chairman Grace L. Judge '44 announced last night that women must secure medical permits from the College dispensary by Saturday.

Freshman registrants will meet the sophomores on Holmes Field at 4 p. m. Monday for the first game of the interclass schedule, Miss Judge stated.

F. Doris Stevenson '44, WRA publicity chairman, released last night names of coeds who will captain the three teams consisting of freshmen, sophomores, and juniors-seniors. Coeds appointed include Freshman Betty Pike, Sophomore Vivian Martin, and Junior Adele Levin.

Teams will play three games a week for a period of three weeks with fresh meeting sophomores, sophomores challenging juniors, and fresh playing juniors. Squad with the highest total will automatically be proclaimed the winner.

Climaxing the hockey season will be the annual Army-Navy game in which prize players of the three teams will be entered. Outstanding participants will be chosen by Miss Mildred A. Lucey, faculty representative, Miss Judge, and the three captains.

Students who have completed their six preliminary practices include Senior Marty Haverstick; Juniors Miss Judge, Miss Levin, and Mary Weldy; Sophomores Sally Hostetter, and Nancy Hodgson; and Freshmen Miss Pike, Marjorie Rains, Marilyn Silverston, Carolyn Smith, and Lou Shibli.

McKinley Elected Frosh Senator At Compulsory Mass Meeting

Announces Winner

Patricia Diener, WSGA sophomore senator, announced last night that Gloria McKinley was elected first semester freshman senator at a compulsory mass meeting.

Greeks To Stage Final Open Houses Today

Final open house, for freshman and transfer coeds, to be held during the current Panhellenic rushing season will be held in sorority houses and suites from 4 to 5:30 o'clock this afternoon, Pauline E. Keller '43, Panhellenic Council president, stated.

Miss Keller stated that all sorority expense sheets including those from today's open house should be turned in to Beatrice M. White '44, at the Phi Mu house, this week.

Panhel Council ruled last night that sororities include grade sheets when they submit names of pledges to the dean of women's office for approval for initiation.

360 Vote For Coed To Serve With Martin

Gloria McKinley was elected WSGA freshman senator at a mass meeting of first semester freshman coeds last night, according to Patricia Diener, WSGA sophomore senator, in charge of the meeting.

With 11 names on the ballot, 362 votes were cast in the election.

The new senator will serve with Helen J. Martin, second semester freshman senator, who was elected in Summer voting. They will serve together on WSGA Senate, executive body of women's government, as representatives of their class.

Miss Ruth H. Zang, assistant to the dean of women in charge of freshmen, spoke at the meeting concerning violation of customs.

The first meeting of WSGA Freshman Council, composed of hall presidents of all freshman dormitories will be held tomorrow night. When a sub-chairman of the Council is elected she will automatically become freshman. Judicial representative with Barbara Anderson, second semester freshman representative, elected in the Summer.

Football Rule Changes Made

(Continued from Page Two) have been outlawed. A hideout play is one in which a player who has apparently been substituted for, takes part in the play. High schools especially seem to like this type of play.

10. Two wording changes (except as provided in Rule 4, Section 3, Article 4), dealing with the time the Field Judge should start the watch, and a change from "When a punted ball" to "When a ball kicked from scrimmage" in the rule cornering the Field Judge's blowing dead an untouched ball kicked from scrimmage.

We, The Women If You've A Job To Do, Why Not Do It Right?

Commendation and criticism seem to go hand in hand. . . . especially in the problem presented by WSGA House of Representatives.

Part of women's student government since its initial appearance in 1919, House of Representatives is composed of 24 members and serves as a subordinate legislative body of WSGA with power to suggest and ability to act with Senate's approval.

Aside from this technical purpose, the House has really proved itself a valuable asset in serving as the only cohesive body representative of every group of upperclass women students enrolled in the College.

Supplementing this purpose, are the many worthy projects worked out and completed by House members. But in spite of this, there is a decided let-down when we realize that only a small part of the House is actually doing the work . . . and doing it right.

Because of the honor attached to the position, the opportunities to work for the welfare of the group represented and for the College, it is of vital importance that every House member attends every House meeting. But a representative's work does not stop here.

It is equally important to carry back and forth from House to unit represented—actions, suggestions, and ideas discussed by each group.

This is precisely where House members have fallen down. It would be too bad to see an organization of this type fined for unexcused absence from meetings. We suggest that House executives personally notify members either by phone or post-cards so that there will be no misunderstanding as to time, place, and date of meetings.—S. H.

Honorary Revises Code

The constitution of the Ellen H. Richards Club, junior home economics honorary, has been revised to include all home economics majors with a second semester sophomore standing and an All-College average of at least 1.5, Dorothy M. Boring, president, announced.
