Coeds Urged To Stay In College

By LEE R. FREEDMAN '45

"Women are faced with a greater opportunity and challenge than ever before," Mrs. John H. Williams, AAUW state president, told members of the State College branch of the AAUW and the senior women who were their guests at a tea in the southeast lounge, Atherton Hall, Saturday.

With the nation deep in total war, women are needed in defense plants, but, Mrs. Williams pointed

out, college women should try to get as much technical and specialized training as they can before they take defense jobs, because women with skill and technical experience are desperately needed. Mrs. Williams stated also that any woman can learn to work on an assembly line; but since only a few have the education and capacity to lead, college women should be willing to give the greatest skill and service of which they are capable to further the war effort.

Mrs. Williams urged that coeds not be content with knitting and rolling bandages. In addition to doing actual war work, she advised college women to read and think about the war, so that they can help interpret the war and its background to others.

One way in which every woman can aid the war effort is by checking rumors. When a story sounds suspicious, it should be traced back to its origin, and reported to the Rumor Clinic. Most rumors have been proven to have their sources in German short wave broadcasts, and are changed to fit local conditions, according to Mrs. Williams.

Mrs. Williams asked all women to make use of their privileges as citizens. Because of the war, approximately 65 per cent of the electorate is composed of women.

We, The Women Coeds 'Sweeten Up' On Others' Sugar

A request doesn't get anywhere on this campus unless it's made in the form of a rule, according to coeds' action on the sugar ration card question.

Surgical dressing classes have asked for women students to aid a worthy defense project. They're still asking.

British War Relief leaders asked coeds to knit. They've been trying ever since to get all the yarn and knitting materials in.

WSGA House of Representatives asked for contributions from all women to aid in needy family and student situations. They got 50 cents from one group of fifty women and another small total after the first few days.

White Hall and physical education professors urged coeds to try exercise to prepare them for the war positions. About six persons come regularly to the recreation hall.

Now that the ROTC department can see its way clear to training coeds, officials ask perfect attendance (once a week). Women still cut with gay abandon.

In an effort to choose the best-suited men and women for College and class officers, coeds were asked to get out and vote in All-College elections held a short time ago. Politicians had to practically bribe them to vote.

Now dormitory dining commons heads ask once more for these sugar ration cards which are the kitchen-man's shopping passports. There have been numerous announcements made; yet more than 150 books are still out. This means that at least 150 coed eaters are getting sweeter on someone else's sugar.

If you wanted to be coaxed, they've even done that. If you don't move soon, federal authorities might tease for it a little harder than our local officers can.

WSGA Needs \$340 To Reach Goal

Storer Urges Coeds To Aid in Drive

Sixty dollars is the total which has been reported thus far for the annual WSGA Christmas drive.

Tomorrow will end the week allotted to raising the \$400 fund with which to aid the Mifflin County Child Welfare Fund, Mrs. Hetzel's emergency loan fund, and American Women's Hospitals. When WSGA set \$400 as its goal this year, it was asking for \$150 more than the Christmas drive has ever brought, since its beginning in 1926.

But this figure was decided on in consideration of the fact that at present all charity groups are doubly in need of money. And \$60 will not go very far towards aiding the three groups that have heretofore received benefits from the fund.

Money was supposed to have been collected from coeds by room to room soliciting by hall presidents and committees in living units. "It is quite possible that more money has been collected than the amount reported," stated Miss Nina M. Bentley last night, "and if this is the case I wish that all women responsible for soliciting would turn their receipts in immediately."

Ruth M. Storer '44, WSGA president, made a last-minute appeal that all coeds who had not yet contributed do so. "It is really so little to ask that each coed make a contribution," she pointed out, "and it means so much to those whom we are helping."

Club Members Present 'Murder of Lidice' Dance

"Murder of Lidice" will be pantomimed in a dance production sponsored by WRA Dance Club in Schwab Auditorium at 7 p. m. Tuesday, December 15.

Members of the modern dance concert group are presenting Marion A. Hora '43 in the dancing lead for Edna St. Vincent Millay's poem.

WRA Dance Club members assisting in the production were announced last week by Miss Jessie Cameron, assistant professor of physical education.

Supporting Miss Hora will be Harriette Block '44, Harriet G. VanRiper '44, Shirley V. Hadley '45, Madeline L. Mahuran '45, Anna E. Radle '45, and JoEllen Loop '46.

Lines from the poem, "Murder of Lidice," will be read in sequence during the presentation.

Sarah A. Thompson '45 is in charge of properties.
