

Panhel Council Calls Off Annual Sing; Plans Book Charge for Coming Dance

Group to Aid in Victory Dance with Timely Drive

Pan-Hellenic's annual sing was cancelled at the meeting last night, Beatrice White, Pan-Hellenic president announced. The Council decided that since there will be no Mothers' Day program this year, the sorority songs, which are usually sung on this occasion, will have been already heard by everyone. It was also contended that the time needed to practice for the sing could be devoted to some more essential activity.

The annual Pan-Hellenic dance will be held this year at the Nittany Lion Inn from 9 to 12 p. m., Friday, Miss White announced.

The dance will be open to all undergraduate sorority women, but they must first contact Christine Yohe, 131 Grange, Miss White stated.

In conjunction with the Victory Book drive, the sorority representatives have agreed to make a book the charge to the formal. It was suggested by the council president that it is possible to purchase a new pocket novel at very low cost, which can be used for the donation.

Cancels Panhel Sing

Beatrice White, Pan-Hellenic president, announces that Pan-Hel Sing will not be held this year. Cancellation of previously planned Mother's Day program was cited as the main reason at the meeting last night.

Frosh Privileges

Second semester freshman women may date both on and off campus until 5:30 p. m. week days and Sundays, Marion C. Dougherty, Judicial chairman, announced yesterday. This clarifies the announcement previously made stating that on Sundays freshmen could date off campus until 6:30.

Save Your Clothes; Take Them To The Sock And Shirt Clinic

Do you have any shirts that need buttons or any socks that need darning? Then take them to the Sock and Shirt Clinic, sponsored by the Ellen H. Richards Club, sophomore home economics honorary. The clinic, located at the Home Economics Library, will be open to all neglected campus men from 5 to 5:30 o'clock on Mondays, Wednesdays, and Fridays.

The cost of these services is a penny a button, two cents for holes under half an inch, and five cents and up for larger ones.

Since the purpose of the Ellen H. Richards Club is to serve the campus, it has been providing carrots for the Ag. students who have been lunching at the dairy and not getting enough vitamins.

However, as carrots are becoming scarce and the boys have been temporarily saved from night blindness, the club has switched its program to the conservation of clothes, under the leadership of Lynn Feldman. The funds received will be used for future service.

GLADYS SWARTHOUT

(Continued from Page One)
Miss Swarthout declared that she noticed a new audience in the music halls since the war began, people who never came to opera and concerts before. This is especially true at the Met, she said, where she appeared Saturday in "Carmen."

Commenting on Penn State, the diva admired the peace and quiet, and advised the students to appreciate it while they can for there is so little peace left in the world today.

We, The Women You've Got To Do More Than Enroll

Women say that they are doing their part by going to college in these days of war and world conflict. They're right. They can have perfectly clear consciences about the matter. People may talk but coeds should overlook it... so long as they are really getting something out of it.

But when women pass up opportunities to learn more, to help more, or refuse to accept an invitation to a talk that can help them, they are no longer doing their part. They are no longer above criticism. They are no longer valuable as college students to their country. It isn't the coed's registration in a college that helps... it's her participation and her harvest of knowledge and experience that she has made.

Tomorrow another of these so often-snubbed opportunities is at hand. Tomorrow Mrs. J. H. Williams, state president of the American Association of University Women, will be here to speak to any interested coeds in 121 Sparks at 4:10 p. m.

There should be a large crowd. Records show that the largest coed crowds are in restaurants or at bridge tables in the 4 to 5 hour. Time tables show that a majority of the College courses are scheduled before that hour and that most coeds are finished with "their days" at 4 or before.

Campus meetings, sorority song practices, and extra-curricular activities are provided for those hours usually. The hours are evidently free.

Mrs. Williams will talk about women as citizens, which topic should affect and interest every coed enrolled.

Thursday, in itself, has fewer classes scheduled that day than others.

There are few excuses, then, that could really be validated by campseers.

Here is an invitation which should not be ignored nor regarded as any other talk of any other semester.

Here is a war, a problem, a situation, a confused group of coeds, a possible solution.

Rather than compel their sisters and members to attend a sorority sing tomorrow or rather than to insist that a meeting be held then, we suggest that Greeks as well as independents inaugurate a plan for at least a certain percentage of their enthusiasts to be present at this wartime opportunity.

Twelve Coeds Vie For Honor Awards
