

Track Squad Prepares For Penn Relay Meet

Lions Hope for Win In Distance Medley

Penn State's track squad will begin their Spring season by participating in the Penn Relays scheduled to take place at Philadelphia April 23 and 24.

Competition in all track and field events at the meet is expected to be keen, but the Lions hope to make their best showing in the distance medley relay event which will find Dibeler, St. Clair, Smith, and Karver composing the squad roster.

Johnny Dibeler and Cliff St. Clair will run either the quarter or half mile laps. Either Mac Smith or Mitch Williams will take the three-quarter mile trick and Karver will run as anchor man.

The sprint medley relay squad will probably find Dibeler leading off in the quarter, Rufus Williams and Block in the 220-yard runs and St. Clair running the final one-half mile leg.

Fordham and New York University are favored to place high in the distance events; both had completed a successful indoor track season this Winter. NYU has lost its star miler, Dixon, but Fordham still has speedy Norwicki.

Probable starters in the two-mile relay event include St. Clair, Mitchell Williams, Harris, and

Karver. The four-mile relay roster may find Curt Stone, Horne, Mitch Williams, and Karver in the starting lineup.

Depletion in the ranks of many collegiate track squads has put Gerry Karver near the top in the list of star college milers. Gerry ran the best time for the 1000-yard event this Winter when he took the New York K. of C. meet with a time of 2:12.5 in Madison Square Garden. Several weeks ago he ran second to Gil Dodd in the Cleveland K. of C. invitation mile run.

Curt Stone will carry the Lion colors in the two mile event to be run off Friday evening.

Representing the Blue and White in the pole vaulting event will be Stemler, with Hanin and Moyer participating in the shotput match. Lion high jumper will be Stouffer, with McMinn, Borges, and Pearson throwing the javelin. Hoggart will do the broad jumping.

Following the Penn Relays, the Lions will play host to the Ohio State Buckeyes May 1 and the Pitt Panthers a week later. They will wind up the Spring season with participation in the IC4-A's in New York City.

SPE's Score Upset Win Over Delta Chi with Fast Shutout Bowling

Sigma Phi Epsilon's seventh place Fraternity Bowling League entry pulled a neat trick Tuesday night in handing the league-leading Delta Chi bowlers their first shutout defeat.

Although only an exhibition match because both teams' opponents for the evening had failed to show up, the SPE's have something to talk about.

Reeder, Agnew, and Baierl all bowled over 500 for the winning SPE's, while Bretherick was the only man on the Delta Chi team to hit the mark.

Reeder was high man for the evening with a 551 total and a 218 high line.

The summaries follow:

Sigma Phi Epsilon—8			
Agnew	165	189	183—537
Baierl	142	168	203—513
Becker	134	148	146—428
Chivers	138	154	167—459
Reeder	218	169	164—551

YOU MAY NEED THE RED CROSS—GIVE GENEROUSLY

COLLEGIAN SPORTS

By STEPHEN SINNICHAK

Have you ever heard of a high speed track meet, featuring 1400 entrées, being run off in the actual running time of one hour and 45 minutes? Well, it happened, and all through the efforts of former Penn State track and field coach, Lieut. Charles (Chick) Werner.

Chick, although taking full responsibility for the affair, gives credit to military regimentation of the participating cadets at the Chapel Hill, N. C., school where the event took place.

The immense program took three days for completion, although the actual running times for each day were 55, 20, and 30 minutes respectively. Rain and snow during the second and third days of the match slowed up the program by at least 30 minutes.

All events were run on the same field, with the cadets standing at attention for the distance events until starting time rolled around. Four high-jumping pits at successive heights enabled the cadets to go from one to the other until they were eliminated.

Two discus circles and six shot put circles added to the time-saving venture. Tapes, guns and watches were not used until the finals during the last day of the meet. After the first day of competition when 1400 cadets competed, the field was narrowed to 520 entrées the second day and 150 finalists for the third day of competition.

Four hundred eighty cadets tried for honors in the 160-yard dash, while over 300 competitors entered in five other events. The weather was strange too, with the sun beaming on the first day entrées, rain pouring during the second day of the program, and snow falling during the finals.

The project, possible only through strict military control, is the first of its kind to be run off in military camps throughout the United States. Credit must therefore be given to the originator—our own Chick Werner.

Chick, himself a track man and holder of five world's hurdle records, deserves thanks for such a tremendous program
